World War I also known as the Great War started in 1914 after the assassination of Archduke Franz Ferdinand of Austria. His murder catapulted into a war across Europe that lasted until 1918. World War I international conflict that in 1914-18 embroiled most of the nations of Europe along with Russia, the U.S., the Middle East, and other regions. It led to the fall of four great imperial dynasties and in its destabilization of European society laid the groundwork for World War II. World War I or the First World War 28 July 1914 - 11 November 1918 was a global conflict between two coalitions: the Allies or Entente and the Central Powers. World War I saw the debut of the tank and chemical weapons, the widespread use of machine guns, and aircraft improvements in artillery and the pinnacle of the age of battleships. Military aviation advanced rapidly during the war, and dogfighting pilots won fame far beyond the battlefield. What caused World War I and what were its effects? Also called the Great War, World War I was one of the deadliest conflicts in history and set the stage for another World War just 20 years later. World War I pitted Germany, Austria-Hungary, and the Ottoman Empire against Great Britain, the United States, France, Russia, Italy, and Japan. New military technology resulted in unprecedented casualties. The war fought between July 28, 1914, and November 11, 1918, was known at the time as the Great War, the War to End All Wars, and in the United States, the European War. Only when the world went to war again in the 1930s and 40s did the earlier conflict become known as the First World War. Summary of important facts regarding World War I: Major international conflict fought from 1914 to 1918. More than 25 countries eventually participated, aligning with either the Allied or the Central Powers. Most of the battles took place in Europe and the Middle East. This World War I timeline of battles outlines the most important engagements of the 1914-1918 war, from the first battle of Mons to the final 1918 armistice. World War I: The year 2018 marked the centennial of the armistice ending the First World War. It would not be an exaggeration to say that this world-altering historical event marked the dividing line between historical and modern America. The identification of the causes of World War I remains a debated issue. World War I began in the Balkans on July 28, 1914, and hostilities ended on November 11, 1918, leaving 17 million dead and 25 million wounded. World War I inflicted hitherto unseen violence on Europe and entangled the entire planet in the conflict. The first time a war was so far-reaching, it broke empires, launched new nations onto the international stage, and caused humanity to question its innate goodness. The First World War raged from 1914 to 1918. In muddy, bloody trenches of Western Europe, saw the introduction of the machine gun and poison gas into battle.
