State of the Union 2002

nelson lichtenstein explains the bifurcated character of american democracy this is the manner in which participatory citizenship in politics law and culture has not been equally extended to the worklife of many american workers

Perfecting the Union 2020-12-11

for most of the twentieth century the american founding has been presented as a struggle between social classes over issues arising primarily within rather than outside the united states but in recent years new scholarship has instead turned to the international history of the american union to interpret both the causes and the consequences of the us constitution in perfecting the union max m edling argues that the constitution was created to defend us territorial integrity and the national interest from competitors in the western borderlands and on the atlantic ocean and to defuse inter state tension within the union by replacing the defunct articles of confederation the constitution profoundly transformed the structure of the american union by making the national government more effective but it did not transform the fundamental purpose of the union which remained a political organization designed to manage inter state and international relations and in contrast to what many scholars claim it was never meant to eclipse the state governments the constitution created a national government but did not significantly extend its remit the result was a dual structure of government in which the federal government and the states were both essential to the people s welfare getting the story about the constitution straight matters edling claims because it makes possible a broader assessment of the american founding as both a transformative event aiming at territorial and economic expansion and as a conservative event aiming at the preservation of key elements of the colonial socio political order

The Union as it was and the Constitution as it is 1862

the nullification crisis of 1832 1833 when the state of south carolina challenged the doctrine of states rights by refusing to pay national tariffs was the major crisis of andrew jackson s presidency and a central event in antebellum american history in this clear authoritative account richard e ellis shows how the president s swift decisive response reaffirmed the primacy of the national government and helped to shape jacksonian democracy

The Union at Risk 1987

an insightful analysis of the complex relationship between the union and the principles of democracy during the civil war and reconstruction eras this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

The Union and the War 1863

abraham lincoln s election as sixteenth president of the united states in november 1860 has brought about a national crisis south carolina a state that has promoted the idea of secession for nearly thirty years finally makes good on that threat and withdraws from the union on december 20 by early 1861 six more cotton states are ready to follow south carolina s lead putting the united states entering into its eighty fifth year of existence in jeopardy of an all out civil war for benjamin dean recently graduated from bowdoin college tough decisions lie ahead should he continue to pursue his future career path by apprenticing in a law office or by offering to remain in rockland to support his brother sam who manages the family shipbuilding business or should he volunteer his services in the defense of the union if the threat of secession leads to civil war the choice he makes will bring him into contact with an old adversary that will affect not only his life but also the lives of his family his friends and the many new people he meets along the way the year 1861 rang in on a somber note like the rest of the nation the people of rockland were on pins and needles the presidential election the previous november and the subsequent announcement of secession from the union by the state of south carolina that december left the future of our great nation in doubt the overwhelming feelings of gloom and angst that pervaded through town were so strong that it caused my brother sam to forgo our annual winter celebration out at the cabin things went from bad to worse when six more states voted to secede from the union by early february it would be another month before the newly elected president abraham lincoln would be inaugurated and tensions throughout the nation were mounting like the rest of the country we the good citizens of rockland held our collective breaths

Consular Agreement Between the Union of Soviet Socialist Republics and the Austrian Republic 1962

in 1863 union soldiers from illinois threatened to march from the battlefield to their state capital springfield had not been seized by the rebels but the state government was in danger of being captured by the democrats in the union divided pulitzer prize winning historian mark e neely jr vividly recounts the surprising story of political conflict in the north during the civil war examining party conflict as viewed through the lens of the developing war the excesses of party patronage the impact of wartime elections the highly partisan press and the role of the loyal opposition neely deftly dismantles the argument long established in civil war scholarship that the survival of the party system in the north contributed to its victory the many positive effects attributed to the party system were in fact the result of the fundamental operation of the constitution in particular a four year president who was commander in chief in several ways the party system actually undermined the northern war effort americans uneasy about normal party operations in the abnormal circumstances of civil war saw near treason in the loyal opposition engagingly written and brilliantly argued the union divided is an insightful and original contribution to civil war studies and american political history

The Union Forever 2021-05-20

one hundred years of labor history is explored in this detailed status report on the state of unions in america and the continuing evolution of the relationship between management and labor

The Inner Civil War 1978

this book explores the new macroeconomics of the european monetary union it carefully discusses the effects of shocks and policy measures on employment prices and the current account take for instance a shock or a policy measure in a specific union country then what will be the results in the specific country in the other union countries and in the rest of the world the targets of economic policy are full employment and price stability in each of the union of economic policy are monetary policy by the euro countries the instruments pean central bank and fiscal policies by national governments what is the appropriate policy mix a salient feature of this book is the numerical estimation of shock and policy multipliers money wages are fixed flexible or downward rigid the monetary union can be small or large i had many helpful talks with gerd focke daphni marina papadopoulou franco reither wolf schaffer christine schaffer lochte and michael schmid in addition michael brauning and michael cyrus carefully discussed with me all parts of the manuscript last but not least doris ehrich did the secretarial work as excellently as ever i wish to thank all of them executive summary 1 small monetary union of two identical countries say gennany and france the monetary union is a small open economy with perfect capital mobility let us begin with fiscal policy

The Union and the States 1972-01-01

the 1866 state of the union address was given by andrew johnson the 17th president of the united states it was not a spoken address but a written one the reconstruction era had begun and johnson wanted a policy that pardoned the leaders of the confederate states of america excerpt in all of the states civil authority has superseded the coercion of arms and the people by their voluntary action are maintaining their governments in full activity and complete operation in the middle he said in our efforts to preserve the unity of government which constitutes as one people by restoring the states to the condition which they held prior to the rebellion we should be cautious lest having rescued our nation from perils of threatened disintegration we resort to consolidation and in the end absolute despotism as a remedy for the recurrence of similar troubles

European Monetary Union 2012-12-06

these three one acts first presented at the manhattan punch line theatre deliver stressed out characters into hilarious situations about the contradictions and pitfalls of relationships in each of the three plays one liners and laughs abound as men an

The Union Tabernacle 1859

in a brilliantly conceived and elegantly written book rogan kersh investigates the idea of national union in the united states for much of the period between the colonial era and the late nineteenth century he shows union was the principal rhetorical means by which americans expressed shared ideals and a common identity without invoking strong nationalism or centralized governance through his exploration of how americans once succeeded in uniting a diverse and fragmented citizenry kersh revives a long forgotten source of u s national identity why and how did americans perceive themselves as one people from the early history of the republic how did african americans and others at the margins of u s civic culture apply this concept of union why did the term disappear from vernacular after the 1880s in his search for answers kersh employs a wide range of methods including political theory analysis of writings by james madison frederick douglass and abraham lincoln and empirical analysis drawing on his own extensive database of american newspapers the author s findings are persuasive and often surprising one intriguing development for instance was a strong resurgence of union feelings among southerners including prominent former secessionists after the civil war with its fascinating and novel approach dreams of a more perfect union offers valuable insights about american political history especially the rise of nationalism and federalism equally important the author s close retracing of the religious institutional and other themes coloring the development of unionist thought unveils new knowledge about the origination and transmittal of ideas in a polity

Memorial of the Union Merchant's Exchange 2023-03-03

de unione insulae britannicae the british union is a unique seventeenth century tract that urged the fusion of the scottish and english kingdoms into a new british commonwealth with a radically new british identity its author david hume of godscroft 1558 c 1630 was a major intellectual figure in jacobean scotland and the leading scottish critic of the anglicizing policies of james vi the tract was written in two parts published in london in 1605 the first part provides a general outline of the imperative of union the second consists of political and constitutional proposals whereby such a union might be achieved its publication was suppressed and it exists only in manuscript this is the first translation of the tract hume s work is breathtakingly contemporary in some of the proposals that it makes regional assemblies combined with a national parliament and a call for efforts to inspire the scottish and english people into a sense of common purpose the language and ideas of the tract display characteristics of the renaissance combined with elements that visibly anticipate the enlightenment the de unione offers extraordinary insight into the european intellectual world prior to the rise of romantic nationalism in the early nineteenth century

much controversy among scholars and capture the attention of readers melvyn dubofsky binghamton university suny howard kimeldorf s new book is a very exciting accomplishment this book will surely leave a major imprint on labor history and the sociology of labor kimeldorf s focus on repertoires of collective action and practice instead of ideology is a particularly important contribution one that will force students of labor to rethink many worn out arguments after reading battling for american labor one will no longer be able to assume the iww s defeat was inevitable or take seriously psychological theories of worker consciousness david wellman author of the union makes us strong

Letters to the President on the Foreign and Domestic Policy of the Union 1858

the state of the union is a book about the present leadership and the history that we have experienced from the 90s to 2006 the book is about politics government and the history of the nation plus some of the things that are left out in the history books in a time when technology has improved for people to be free and able to report this book is for people to understand some of the history that you may have missed or have not kept up with the whole time i separated the book into the various chapters according to the dates they occurred and how i felt that day when i wrote it according to how i understood the news reports a lot of news has compiled and a lot of people are still very confused about the state of the union and of the world the environment is going to be the biggest challenge for the future at the same time there is a common agreement that the government in the united states has misinformed us spent a lot borrowed money and there are officials that have abused their power too many issues have come up and the government is having a difficult time on being fair and there is a growing movement in the united states for individuals to raise and become leaders the world is changing and this is a unique time enjoy the book
