this book explores the nexus among food energy and water in peri urban areas demonstrating how relevant this nexus is for environmental sustainability in particular it examines the effective management of the nexus in the face of the risks and trade offs of mitigation policies and as a mean to create resilience to

climate change the book delineates strategies and actions necessary to develop and protect our natural resources and improve the functionality of the nexus such as integrated management of the major resources that characterize the metabolism of a city stronger coordination among stakeholders who often weight differently the services that are relevant to their individual concerns integration of efforts towards environmental protection adaptation to and prevention of climate change and disaster risks mitigation

## **2019 UPSC IAS/ IPS MAINS General Studies Solved Paper 2 (as per Word Limit) 2019-10-21**

striking a proper balance between unilateral exercise of intellectual property rights on the one hand and competition rules on the other hand is not an easy exercise the right owners unilateral behaviour of refusal to license is one such delicate issue particularly for china considering that it has not been clarified within existing competition rules how to assess a right owner s specific unilateral practices in a series of cases the eu courts have established the exceptional circumstances in which the right owners refusal conduct might be considered as an infringement of eu competition rules in general chinese competition law has been modelled after the eu competition rules this book firstly examines the eu approaches on dominant undertakings refusal to license intellectual property rights and the follow on pricing issue and then explores to what extent the eu model could contribute to china s anti monopoly practice

this report develops a framework that classifies investments according to different types of financial instruments and investment funds and highlights the techniques that intermediaries can use to mobilise institutionally held capital

## **2019 UPSC IAS/ IPS MAINS General Studies Solved Paper 3 (as per Word Limit) 2024-06-02**

federalism and social policy focuses on the crucial question is a strong and egalitarian welfare state compatible with federalism in this carefully curated collection scott l greer heather elliot and the contributors explore the relationship between decentralization and the welfare state to determine whether or not decentralization has negative consequences for welfare the contributors examine a variety of federal countries including spain canada and the united kingdom asking four key questions related to decentralization 1 are there regional welfare states such as scotland minnesota etc 2 how much variation is there in the structures of federal welfare states 3 is federalism bad for welfare 4 does austerity recentralize or decentralize welfare states by focusing on money and policy instead of law and constitutional politics the volume shows that federalism shapes regional governments and policies even when decentralization exists

## **WINR Monthly current events diary May 2024 2016-08-10**

universal basic income a 15 hour workweek open borders does it sound too good to be true one of europe s leading young thinkers shows how we can build an ideal world today a more politically radical malcolm gladwell new york times after working all day at jobs we often dislike we buy things we don t need rutger bregman a dutch historian reminds us it needn t be this way and in some places it isn t rutger bregman s ted talk about universal basic income seemed impossibly radical when he delivered it in 2014 a quarter of a million views later the subject of that video is being seriously considered by leading economists and government leaders the world over it s just one of the many utopian ideas that bregman proves is possible today utopia for realists is one of those rare books that takes you by surprise and challenges what you think can happen from a canadian city that once completely eradicated poverty to richard nixon s near implementation of a basic income for millions of americans bregman takes us on a journey through history and beyond the traditional left right divides as he champions ideas whose time have come every progressive milestone of civilization from the end of slavery to the beginning of democracy was once considered a utopian fantasy bregman s book both challenging and bracing demonstrates that new utopian ideas like the elimination of poverty and the creation of the fifteen hour workweek can become a reality in our lifetime being unrealistic and unreasonable can in fact make the impossible inevitable and it is the only way to build the ideal world

## **WINR Monthly current events diary June 2024 2015**

this book approaches macroprudential oversight from the viewpoint of three tasks the focus concerns a tight integration of means for risk communication into analytical tools for risk identification and risk assessment generally this book explores approaches for representing complex data concerning financial entities on low dimensional displays data and dimension reduction methods and their combinations hold promise for representing multivariate data structures in easily understandable formats accordingly this book creates a self organizing financial stability map sofsm and lays out a general framework for mapping the state of financial stability beyond external risk communication the aim of the visual means is to support disciplined and structured judgmental analysis based upon policymakers experience and domain intelligence

## **Utopia for Realists 2014-02-28**

environmental crimes are primarily driven by financial motives the combined financial value of illicit trade in protected wildlife illegal logging and waste trafficking is estimated to come directly after counterfeiting the narcotic drugs trade and illegal gambling logically the proceeds of these crimes must also be laundered goods however are not the only money maker for environmental criminals corporations may also try to save costs by not complying with environmental regulations and thus commit crimes of omission rather than commission from an enforcement and compliance perspective focusing on the proceeds of crime may therefore be an effective strategy this book brings together different perspectives on the financial aspects of environmental crime and harm from a green criminological viewpoint it addresses the role of economic systems the value of environmental performance for corporations money laundering in the context of environmental crime financial investigation and questions of regulation and penalties discussing these topics from the view of green criminology sociology and governance this book will be of great interest to all those concerned about the financial dimensions of crime and the environment

## **Mapping Financial Stability 2020-11-05**

immigration is currently one of the most vivid challenges the european union faces ways of introducing new migrants to society and economy pose significant challenges thus some guidelines for the policy design towards migrations are in need this book points out patterns of approaches leading to entrepreneurial activities implemented by the immigrants from the far east china vietnam south korea india and philippines at these stage comparisons with other countries are both possible and necessary as many countries all over the world face challenges connected with defining migration policies from the studies included in the book readers will gain first hand knowledge about immigrant entrepreneurship in poland against the western european or usa background of similar processes described by researchers in other countries the areas covered in the studies include the main reasons for starting new ventures and the sources of opportunities processes of defining customers and factors influencing the choice between an ethnic and local business immigrants approaches to building market position defining success and development as well as the issues of cultural institutional legal and economic differences the studies show that significant differences in entrepreneurial activities appear between the first and second generations of immigrants they also depict how entrepreneurial activities help in assimilation processes as well as in building ties between the immigrants and host societies moreover the study will deepen the understanding of entrepreneurial activities of immigrants in countries that are traditionally considered to be less attractive targets for migration thus the processes of migration will be not only better understood and described but will also allow to provide some guidelines both for policymakers and future researchers

## **Library and Information Science Research in Asia-Oceania: Theory and Practice 2017-03-25**

this handbook presents a comprehensive and multi faceted analysis of the brics countries and other emerging economies exploring their economic social environmental and governance dimensions and challenges

## **Agents of War 2015-02-27**

the amazon region is the focus of intense conflict between conservationists concerned with deforestation and advocates of agro industrial development this book focuses on the contributions of environmental organizations to the preservation of brazilian amazonia it reveals how environmental organizations such as greenpeace friends of the earth wwf and others have fought fiercely to stop deforestation in the region it documents how the history of frontier expansion and environmental struggle in the region is linked to brazil s position in an evolving capitalist world economy it is shown how brazil s effort to become a developed country has led successive brazilian governments to devise development projects for amazonia the author analyses how globalization has led to the expansion of international commodity chains in the region particularly for mineral ores soybeans and beef he shows how environmental organizations have politicized these commodity chains as weapons of conservation through boycotting certain products while other pro development groups within brazil claim that such organizations threaten brazil s sovereignty over its own resources

## ***Environmental Enforcement Networks 2020-06-07***

this book deals with the critical empirical void created by the speed at which healthcare restructuring has taken place in europe chapters explore the political uncertainty and budgetary pressures which have led governments increasingly to turn to new public management npm style reforms to attempt to balance the financial viability of public health structures with democratic imperatives to maintain socially just outcomes the authors of this volume consider how governments have therefore shifted identities from principal care providers to contractual monitors setting targets increasingly directed toward third party managers in quasi markets and the private sector drawing upon extensive data from germany norway the netherlands and israel the contributions explore the often unexpected policy outputs and outcomes engendered by such reforms

## ***Green Crimes and Dirty Money 2021-01-16***

this book provides the first comprehensive analyses of the challenges all european welfare systems have been facing since 2007 combining in depth country based studies and comparative chapters it focuses on 1 the economic and financial crisis 2 demographic change and 3 the balance between avoiding risks and opening up opportunities in social policy the results show that european welfare systems tend to face the same challenges in different ways and that also their responses to those challenges differ considerably although the eu also plays a part in shaping national welfare systems it becomes evident that european welfare systems are by no means converging in terms of social policy national diversity within europe is still a major factor that will shape future developments in european welfare systems

## **Immigrant Entrepreneurship 2015-05-08**

judicial decision making may ideally be impartial but in reality it is influenced by many different factors including institutional context ideological commitment fellow justices on a panel and personal preference empirical literature in this area increasingly analyzes this complex collection of factors in isolation when a larger sample size of comparative institutional contexts can help assess the impact of the procedures norms and rules on key institutional decisions such as how appeals are decided four basic institutional questions from a comparative perspective help address these studies regardless of institutional context or government framework who decides or how is a justice appointed how does an appeal reach the court what processes occur who is before the court or how do the characteristics of the litigants and third parties affect judicial decision making how does the court decide the appeal or what institutional norms and strategic behaviors do the judges perform to obtain their preferred outcome this book explains how the answers to these institutional questions largely determine the influence of political preferences of individual judges and the degree of cooperation among judges at a given point in time the authors apply these four fundamental institutional questions to empirical work on the supreme courts of the us uk canada india and the high court of australia the ultimate purpose of this book is to promote a deeper understanding of how institutional differences affect judicial decision making using empirical studies of supreme courts in countries with similar basic structures but with sufficient differences to enable meaningful comparison

## ***Handbook of BRICS and Emerging Economies 2017-01-24***

this un women s flagship report shows that all too often women s economic and social rights are held back because they are forced to fit into a man s world but it is possible to move beyond the status quo to picture a world where economies are built with women s rights at their heart it is being published as the international community comes together to define a transformative post 2015 development agenda and coincides with the 20th anniversary commemoration of the landmark

fourth world conference on women in beijing china which set out a comprehensive agenda to advance gender equality this publication brings together human rights and economic policymaking and provides the key elements for a far reaching new policy agenda that can transform economies and make women s rights a reality through solid in depth analysis and data this evidence based report provides key recommendations on moving towards an economy that truly works for women for the benefit of all

## **Guardians of the Brazilian Amazon Rainforest: Environmental Organizations and Development 2016-04-25**

closer regulation of psychological counselling means that an awareness of the professional legal and ethical considerations is vital the second edition of handbook of professional and ethical practice offers a clear stimulating and structured introduction to a number of contemporary issues of professional and ethical practice rachel tribe and jean morrissey have brought together updated re written and new contributions from professionals in the interrelated fields of psychology psychotherapy and counselling which illustrate the professional and ethical dilemmas involved in mental health practice academic and clinical experiences are skilfully combined with personal reflection to produce a comprehensive resource that addresses challenges that therapeutic practitioners are faced with on a daily basis each chapter places particular emphasis on the current codes of practice and ethical principles underpinning safe ethical practice and the implications for practitioners comprehensive coverage of the legal clinical and ethical considerations involved in research and training is provided and the reflective questions at the end of every chapter serve to prompt further discussion of the issues chapters are enhanced by clinical vignettes that illustrate the particular issues at hand as well as detailed bibliographies that point the reader towards the latest literature on the subject the book is divided into 5 sections professional practice and ethical considerations legal considerations and responsibilities clinical considerations and responsibilities working with diversity professional practice and ethical considerations research supervision and training this new updated edition reflects the changes in the environment in which therapists and psychologists work covering a wide range of perspectives clinical settings and client populations handbook of professional and ethical practice 2nd edition will be an invaluable source of both information and inspiration to psychologists counsellors psychotherapists and practitioners of diverse orientations and stages of professional development and to those interested in a contemporary multi disciplinary approach to best practice in mental health

## **British librarianship and information work 2011-2015 2016-02-08**

the author introduces the concept of economic woman and makes her visible in duality with and opposition to the exclusive model of economic man economic man has epitomized neo liberal capitalism which embraces competition and maximization of profit resulting in a steep increase in economic inequality the book demonstrates that women s inequality is a crucial factor in economic inequality which cannot be fully understood without relating to women s situation and that economic woman cannot thrive in the conditions of economic inequality created under global neo liberalism emphasising the international human rights guarantees of women s right to equality in all fields of life the author documents woman s increased participation in political public financial and corporate institutions employment and entrepreneurship with some women reaching high profile positions nevertheless using global data she reveals that economic woman lags behind with a severe economic power deficit an unfulfilled promise of equal employment opportunity a gendered impact of poverty and barriers to gender equality in the family the book analyses the trap of women s increased burden of breadwinning in the context of discriminatory laws and practices infrastructural failures and policy gaps which preempt achievement of gender equality in economic life the book is intended for the general reader academics students policy makers and ngos it shows economic woman at a global crossroads between a universal paradigm of gender equality and pervasive barriers to equal economic opportunity the author demonstrates that tackling gender inequality restoring welfare priorities and reducing economic inequality are inextricably linked human rights and governments have a vital role to play in addressing them all to create a sustainable economic infrastructure for the lives of women and men

southeast asian affairs is the only one of its kind a comprehensive annual review devoted to the international relations politics and economies of the region and its nation states the collected volumes of southeast asian affairs have become a compendium documenting the dynamic evolution of regional and national developments in southeast asia from the end of the second vietnam war to the alarms and struggles of today over the years the editors have drawn on the talents and expertise not only of isea's own professional research staff and visiting fellows but have also reached out to tap leading scholars and analysts elsewhere in southeast and east asia australia and new zealand north america and europe a full list of contributors over forty years reads like a kind of who's who in southeast asian studies regardless of specific events and outcomes in political economic and social developments in southeast asia's future we can expect future editions of southeast asian affairs to continue to provide the expert analysis that has marked the publication since its founding it has become an important contributor to the knowledge base of contemporary southeast asia donald e weatherbee russell distinguished professor emeritus university of south carolina

## **Challenges to European Welfare Systems 2015-12-14**

this book draws a comparative balance of twenty years international media assistance in the five countries of the western balkans the central question was what happens to imported models when they are transposed onto the newly evolving media systems of transitional societies albania bosnia herzegovina kosovo macedonia and serbia undertook a range of media reforms to conform with accession requirements of the european union and the standards of the council of europe among others the essays explore the nexus between the democratic transformation of the media and international media assistance the cross national analysis concludes that the effects of international assistance are highly constrained by the local context from today's vantage point it becomes obvious that scaling media assistance does not necessarily improve outcomes the experiences in the region suggest that imported solutions have not been very cognitive in all aspects of local conditions but international strategies tend to be rather schematic and lacked strategic approaches to promote media policy stability credible media reform and implementation the book offers valuable insights into the nature and effects of media assistance and the strategies deployed by international aid agencies local political forces media professionals civil society organizations and other actors

## **Commitment and Cooperation on High Courts 2015-01-30**
