these practice guidelines address the following areas the assessment process guideline 1 treatment and related supports guideline 2 behavioral crisis approaches guideline 3 data systems for assessment of treatment plan effectiveness guideline 4 types and contexts of treatment and support plan services guideline 5 coordination of services guideline 6 and service models for delivery of services guideline 7 these guidelines for increasing access of small scale fisheries to credit and microfinance services in asia have been developed to support the implementation of the voluntary guidelines for securing sustainable small scale fisheries in the context of food security and poverty eradication ssf guidelines the purpose of these guidelines is fourfold i e to increase awareness about the financial service needs of small scale fishers ssf for more sustainable and inclusive access to finance guide policy and decision makers in the asia pacific region and elsewhere to help introduce and incentivize financial services to small scale fishers with the ultimate objective to encourage investment in the industry and by doing so influence and strengthen sustainability ecological and economic viability of these fisheries build capacity among financial service providers fisherfolk organizations ngos and concerned government agencies to design and implement financial service products and programmes that suit the needs of small scale fishing communities and enhance social protection and promote financial services that incentivize and reward a responsible and sustainable conduct of fishing fish processing and marketing operations the document commences by laying out the background and context purpose and target audience of these guidelines it describes why microfinance and credit are important for small scale fisheries and why many small scale fishers are not currently financed which includes a discussion of risks the guidelines suggest entry and leverage points for actors interested in supporting the access of financial services for ssfs and compares agriculture smallholders and ssf business characteristics the guidelines identify a range of actors involved in finance of ssf which include supply side demand side multifunction and enabling environment actors it elaborates on the likely roles and activities of each category of actor as well as their incentives and constraints in the provision or receipt of finance the guidelines describe some key good practices in the provision of microfinance and credit to ssfs and delves into some detail on the market main activities and possible products the role of product design policies and procedures marketing and promotion risk assessment and credit analysis delivery channels loan monitoring and repayment elements and the need for product pricing to contribute to institutional sustainability finally the guidelines provide advice to second tier investors including guidance on the use of smart subsidies and when concessionary loan funds may be preferable to loan guarantees these consolidated guidelines on hiv prevention testing treatment service delivery and monitoring bring together existing and new clinical and programmatic recommendations across different ages populations and settings bringing together all relevant who guidance on hiv produced since 2016 it serves as an update to the previous edition of the consolidated guidelines on hiv these guidelines continue to be structured along the continuum of hiv care information on new combination prevention approaches hiv testing arv regimens and treatment monitoring are included there is a new chapter on advanced hiv disease that integrates updated guidance on the management of important hiv comorbidities including cryptococcal disease histoplasmosis and tuberculosis the chapter on general hiv care contains a new section on palliative care and pain management and up to date information on treatment of several neglected tropical diseases such as visceral leishmaniasis and buruli ulcer new recommendations for screening and treating of cervical pre cancer lesions in women living with hiv are also addressed in this chapter guidance on service delivery was expanded to help the implementation and strengthening the hiv care cascade importantly this guidance emphasizes the need for differentiated approaches to care for people who are established on art such as reduced frequency of clinic visits use of multi month drug dispensing and implementation of community art distribution the adoption of these efficiencies is essential to improve the quality of care of people receiving treatment and reduce the burden on health facilities particularly in resource limited settings this report presents the oecd best practice guidelines for contracting out government services and accompanying case studies analysis of 3 services lindenwold line chicago and north western commuter operations and manhattan bronx express bus services the executive summary of the who guidance and technical packages on community mental health services promoting person centred and rights based approaches outlines the set of publications that provides information and support to all

stakeholders who wish to develop or transform their mental health system and services to align with international human rights standards including the UN Convention on the Rights of Persons with Disabilities the main reference source for all stakeholders is the guidance on community mental health services promoting person-centred and rights-based approaches this document provides a detailed description of person-centred and human rights-based approaches in mental health and summary examples of good practice services around the world and recommendations for integrating such services into national health and social care systems and services this comprehensive document is accompanied by a set of seven technical packages focused on specific categories of mental health services and guidance for setting up new services this guidance aims to empower governments policy makers health and social care professionals nongovernmental organizations organizations of persons with disabilities and other stakeholders to introduce and scale up good practice in mental health services that protect and promote human rights ultimately improving the lives of people with mental health conditions and psychosocial disabilities everywhere this is an open access book innovation in the guidance and counseling profession is important so that counselors teachers or guidance and counseling practitioners can provide optimal services to their counsees along with the development of science creativity and technology in the fields of psychology education and guidance and counseling various innovations and intervention in the implementation of counseling have been carried out especially with the COVID-19 pandemic which is still on going various creative interventions in counseling have begun to be widely used starting from the use of images for therapy or art therapy dance movement and the use of other creative media to support the counselee the need for creative media and innovation in the implementation of counseling is very important at this time considering that during the pandemic the intensity of face-to-face contact with counsees and counselors is quite limited and most of them use online media saturation in the use of online media is also possible to occur a lot therefore with the existence of creative interventions that can be guided by a virtual counselor it will be very interesting for the counselee as well as having a therapeutic impact therefore an international seminar was held with the theme creative counseling intervention this activity can be followed by guidance and counseling teachers counselors or various other mental health practitioners to increase information and knowledge about creative interventions in counseling in the end participants can provide creative and effective counseling services to their counsees the public library is the prime community access point designed to respond to a multitude of ever-changing information needs these guidelines are framed to provide assistance to library and information professionals in most situations they assist to better develop effective services relevant collections and accessible formats within the context and requirements of the local community in this exciting and complex information world it is important for professionals in search of knowledge information and creative experience to succeed this is the 2nd edition of the public library service ifla UNESCO guidelines for development this book examines methods for selecting topics and setting priorities for clinical practice guideline development and implementation clinical practice guidelines are systematically defined statements to assist practitioner and patient decisions about appropriate health care for specific clinical circumstances in its assessment of processes for setting priorities the committee considers the principles of consistency with the organization's mission implementation feasibility efficiency utility of the results to the organization and openness and defensibility a principle that is especially important to public agencies the volume also examines the implications of health care restructuring for priority setting and topic selection including the link between national and local approaches to guidelines development the OECD guidelines for managing conflict of interest in the public service provide the first international benchmark in this field this report highlights trends approaches and models across OECD countries in a comparative overview that also presents examples of innovative and recent solutions these guidelines were developed in response to the increasing number of severe injuries some resulting in death experienced by health care community service workers designed to assist all health care community workers support staff who may be exposed to violent behavior from patients clients or the public covers psychiatric hospitals clinics emergency rooms general hospitals much more glossary references sources of assistance program evaluation the fire and rescue service operational guidance railway incidents presents a framework for a safe system of work for operations at incidents involving railways it provides robust yet flexible guidance that can be adapted to the nature scale and requirements of the incident incidents involving railways may generate intense media attention where the operations of the emergency services are rigorously scrutinised whilst much of this attention is approving it will invariably focus on

the preparedness of the emergency services and their operational effectiveness such incidents may place significant demands on local fire and rescue services and often require a national co ordinated response from across the country this publication presents a framework for a safe system of work for operations at incidents involving tunnels and underground structures it provides a robust yet flexible insight that can be adapted to the nature scale and requirements of the incident incidents involving tunnels and underground structures may place significant demands on local fire and rescue services and have often required a national co ordinated response from across the country this type of incident may generate intense media attention where the operations of the emergency services are rigorously scrutinised whilst much of this attention is approving it will invariably focus on the preparedness of the emergency services and their operational effectiveness the guidelines were originally designed to help nci staff improve the presentation of cancer related information to cancer researchers and the public though they are applicable to anyone who designs and manages information web sites in september and october 2001 at least four letters containing anthrax spores were mailed to news media personnel and two u s senators leading to the first cases of bioterrorism related anthrax in the united states the contaminated letters which were delivered through the u s mail system caused 22 cases of anthrax 5 of them fatal nine postal employees associated with two postal facilities that processed the letters trenton in new jersey and brentwood in washington d c contracted anthrax and two brentwood employees died the u s postal service closed trenton and brentwood but other contaminated postal facilities remained open gao s review covers trenton brentwood and three of these other facilities as requested this report describes the following 1 the factors considered in deciding whether to close the five facilities 2 the information communicated to postal employees about health risks and the extent of the facilities contamination and 3 how lessons learned from the response to the contamination could be used in future situations gao is making recommendations to help ensure that the postal service has comprehensive clear accurate and up to date guidance for any future anthrax response the postal service indicated that it had taken or would take action on gao s recommendations
