why we cannot truly implement human rights unless we also recognize human responsibilities when we debate questions in international law politics and justice we often use the language of rights and far less often the language of responsibilities human rights scholars and activists talk about state responsibility for rights but they do not articulate clear norms about other actors obligations in this book kathryn sikkink argues that we cannot truly implement human rights unless we also

recognize and practice the corresponding human responsibilities focusing on five areas climate change voting digital privacy freedom of speech and sexual assault and providing many examples of on the ground initiatives where people choose to embrace a close relationship between rights and responsibilities sikkink argues for the importance of responsibilities to any comprehensive understanding of political ethics and human rights
