proposes a new series of perspectives and questions on an old and familiar topic exploring the state and status of the family in contemporary literature culture critical and psychoanalytic theory and sociology 120p a profound understanding of the surrealists connections with alchemists and secret societies and the hermetic aspirations revealed in their works explains how surrealist paintings and poems employed mythology gnostic principles tarot voodoo alchemy and other hermetic sciences to seek out unexplored regions of the mind and recover lost psychic and magical powers provides many examples of esoteric influence in surrealism such as how picasso s demoiselles d avignon was originally titled the bath of the philosophers not merely an artistic or literary movement as many believe the surrealists rejected the labels of artist and author bestowed upon them by outsiders accepting instead the titles of magician alchemist or in the case of leonora carrington and remedios varo witch their paintings poems and other works were created to seek out unexplored regions of the mind and recover lost psychic and magical powers they used creative expression as the vehicle to attain what andré breton called the supreme point the point at which all opposites cease to be perceived as contradictions this supreme point is found at the heart of all esoteric doctrines including the great work of alchemy and enables communication with higher states of being drawing on an extensive range of writings by the surrealists and those in their circle of influence patrick lepetit shows how the surrealists employed mythology gnostic principles tarot voodoo and alchemy not simply as reference points but as significant elements of their ongoing investigations into the fundamental nature of consciousness he provides many specific examples of esoteric influence among the surrealists such as how picasso s famous demoiselles d avignon was originally titled the bath of the philosophers how painter victor brauner drew from his father s spiritualist vocation as well as the kabbalah and tarot and how doctor and surrealist author pierre mabille was a freemason focused on finding initiatory paths where it is possible to feel a new system connecting man with the universe lepetit casts new light on the connection between key figures of the movement and the circle of adepts gathered around fulcanelli he also explores the relationship between surrealists and freemasonry martinists and the elect cohen as well as the grail mythos and the arthurian brotherhood the first history of traditionalism an important yet surprisingly little known twentieth century anti modern movement comprising a number of often secret but sometimes very influential religious groups in the west and in the islamic world it affected mainstream and radical politics in europe and the development of the field of religious studies in the united states in the nineteenth century at a time when progressive intellectuals had lost faith in christianity s ability to deliver religious and spiritual truth the west discovered non western religious writings from these beginnings grew traditionalism emerging from the occultist milieu of late nineteenth century france and fed by the widespread loss of faith in progress that followed the first world war working first in paris and then in cairo the french writer rené guénon rejected modernity as a dark age and sought to reconstruct the perennial philosophy the central religious truths behind all the major world religions largely on the basis of his reading of hindu religious texts a number of disenchanting intellectuals responded to guénon s call with attempts to put theory into practice some attempted without success to guide fascism and nazism along traditionalist lines others later participated in political terror in italy traditionalism finally provided the ideological cement for the alliance of anti democratic forces in post soviet russia and at the end of the twentieth century began to enter the debate in the islamic world about the desirable relationship between islam and modernity this collection of
