Principles of Management by R. C. Agrawal, Sanjay Gupta - (English) 2020-12-16 an excellent book for commerce students appearing in competitive professional and other examinations 1 management concept meaning definitions and need 2 managerial functions 3 co ordination meaning and nature 4 evolution of management thought 5 management by objectives m b o 6 planning 7 types of plans and corporate planning 8 environmental analysis and business environment 9 decisions making 10 nature and process of organisation 11 span of control and centralization and decentralization of authority 12 authority and delegation of authority 13 organizations structure and forms of organisation 14 staffing 15 motivation 16 leadership 17 communication 18 managerial control 19 techniques of control and emerging issues in management 20 direction concept and techniques

Inorganic Chemistry-II (For M.Sc. Course for Universities in Uttarakhand) 2024-02-27 this book entitled inorganic chemistry ii is an effort to present the subject matter in a comprehensible and easily understandable form this textbook is purposefully prepared for the postgraduate inorganic chemistry second semester course and it covers all the topics recommended

Laboratory Manual of Pharmaceutical Analysis, B.Pharm 1st Semester, As Per PCI syllabus 2024-06-04 welcome to the experimental world of pharmaceutical analysis this practical book has been carefully drafted to provide you with a solid foundation in the experimental concepts and basic fundamental in this field lab experiments are categorized according to type of titration or technique each technique is introduced before experiments in most of the labs experiments molar and normal solution are used as followed in recent edition of indian pharmacopoeia question are presented throughout each experiment it is important for the students to answer each questions as it will help to improve understanding about experiments this practical book is the outcome of numerous efforts of authors to incorporate the practical knowledge of pharmaceutical analysis which has been a requirement of curricula of pharmacy council of india this book comprises with 19 practical s with short notes as well as viva questions

Artificial Intelligence Enabled Management 2024-02-27 companies in developing countries are adopting artificial intelligence applications to increase efficiency and open new markets for their products this book explores the multifarious capabilities and applications of ai in the context of these emerging economies and its role as a driver for decision making in current management practices artificial intelligence enabled management argues that the economic problems facing academics professionals managers governments businesses and those at the bottom of the economic pyramid have a technical solution that relates to ai businesses in developing countries are using cutting edge ai based solutions to improve autonomous delivery of goods and services implement automation of production and develop mobile apps for services and access to credit by integrating data from websites social media and conventional channels companies are developing data management platforms good business plans and creative business models by increasing productivity automating business processes financial solutions and government services ai can drive economic growth in these emerging economies public and private sectors can work together to find innovative solutions that simultaneously alleviate poverty and inequality and increase economic mobility and prosperity the thought provoking contributions in this book also bring attention to new barriers that have emerged in the acceptance use integration and deployment of ai by businesses in developing countries and explore the often overlooked drawbacks of ai adoption that can hinder or even cause value loss the book is a must read for policymakers researchers and anyone interested in understanding the critical role of ai in the emerging economy perspective

PHARMACOGNOSY AND PHYTOCHEMISTRY I (Practical) 2016-04 welcome to the experimental world of pharmacognosy and phytochemistry this practical book has been carefully drafted to provide you with a solid foundation in the experimental concepts and basic fundamental in this field pharmacognosy is the study of those natural substances chiefly plants that find use in different medicine system pharmacognosy is intimately associated to both botany and photochemistry of which both has been originated from the earlier scientific studies on medicinal plants this practical book is the outcome of numerous efforts of authors to incorporate the practical knowledge of pharmacognosy which has been a requirement of curricula of pharmacy council of india this book comprises with 16 practicals with short notes as well as viva questions which will be helpful to improve students understanding

The Indian National Bibliography 2016-05 welcome to the comprehensive textbook titled textbook of pathophysiology for b pharm 2nd semester meticulously crafted to meet the academic standards set forth by the pharmacy council of india this textbook is a collaborative effort of esteemed professionals in the field of pharmaceutical sciences each contributing their expertise to deliver a thorough understanding of pathophysiology tailored specifically for b pharm students our aim in compiling this textbook is to provide students with a foundational knowledge of pathophysiology essential for comprehending the underlying mechanisms of various diseases and conditions encountered in pharmaceutical practice the content of this textbook is with the internet of things

a structured learning experience covering essential concepts mechanisms and clinical correlations the authors of this textbook bring a wealth of experience and expertise to its creation ensuring its relevance and comprehensiveness 1 mr nirmal joshi m pharm pharmacology phd pursuing mr joshi s academic journey and research accomplishments reflect his dedication to advancing pharmaceutical sciences with a focus on pharmacology his insights enrich the understanding of pathophysiological mechanisms 2 prof dr manoj bisht phd dr bisht s extensive experience in academia and research coupled with his innovative contributions to the field adds significant depth to the content of this textbook his expertise in pharmacology enhances the clarity and relevance of pathophysiological concepts 3 amit singh m pharm pharmacology phd pursuing mr singh s multidimensional expertise spanning teaching research and pharmaceutical practice enriches the content of this textbook his contributions ensure a comprehensive understanding of pathophysiological processes

Indian National Bibliography 2024-02-09 introducing the book cosmetic science is something that fills me with an incredible amount of joy the content of this book has been meticulously crafted to adhere to the curriculum for bachelor of pharmacy students that has been outlined by the pharmacy council of india an effort has been made to investigate the topic using terminology that is as straightforward as possible in order to make it more simply digestible for pupils the book has a number of illustrations such as flowcharts and diagrams that make it simple for students to comprehend complex ideas it is the author s honest desire that both students and academicians would take something helpful away from reading this book

Advance Accounting 1987 this textbook has been designed to meet the needs of b sc second semester students of zoology for the panjab university chandigarh maintaining the traditional approach to the subject this textbook not only provides strong conceptual understanding but also helps in developing scientific outlook of the student it comprehensively covers two papers namely paper i biodiversity ecology i and paper ii biodiversity ecology ii the first part of the book discusses phylum arthropoda with a detailed case study of periplaneta further it explains social organization in insects and economically important insects it also discusses the components and dynamics of ecosystem second part of the book provides a detail account of phylum mollusca along with its the general introduction and case studies furthermore it elucidates natural resources like renewable and nonrenewable natural resources and their conservations this book also discusses the wildlife conservation including national park sanctuary and iucn red list

A TEXTBOOK OF COSMETIC SCIENCE 1993 buy latest diversity of plant kingdom e book in english language for b sc 1st semester university of rajasthan jaipur by thakur publication

Banko Janakari 1987 the book has been written in two volumes volume one deals with mechanics waves and heat and volume two with electricity magnetism optics and modern physics the emphasis is on basic concepts which have been developed in a coherent manner from the very beginning apart from covering the entire cbse syllabus for class xi and class xii the book goes beyond its confines and becomes more broad based as such wider coverage of topics should provide flexibility in its use in various states in this format the book should be acceptable in other countries also si units have been followed theoretical details of laboratory experiments usually performed and instruments used at this level have been given the discussion and problems at the end of each chapter form an integral part of the text as quite a few topics have been introduced through them
