in 1918 the RAF was established as the world's first independent air force to mark the 100th anniversary of its creation Penguin are publishing the centenary collection a series of six classic books highlighting the skill heroism esprit de corps that have characterised the Royal Air Force throughout its first century they didn't think for one moment that they would find anything but a burnt-out fuselage and a charred skeleton and they were apparently astounded when they came upon my still-breathing body lying in the sand nearby in 1938 Roald Dahl was fresh out of school and bound for his first job in Africa hoping to find adventure far from home however he got far more excitement than he bargained for when the outbreak of the second world war

led him to join the raf his account of his experiences in africa crashing a plane in the western desert rescue and recovery from his horrific injuries in alexandria and many other daring deeds recreates a world as bizarre and unnerving as any he wrote about in his fiction
