Hinduism Before Reform 2020-03-10 a bold retelling of the origins of contemporary hinduism and an argument against the long established notion of religious reform by the early eighteenth century the mughal empire was in decline and the east india company was making inroads into the subcontinent a century later christian missionaries hindu teachers muslim saints and sikh rebels formed the colorful religious fabric of colonial india focusing on two early nineteenth century hindu communities the brahmo samaj and the swaminarayan sampraday and their charismatic figureheads the cosmopolitan rammohun roy and the parochial swami narayan brian hatcher explores how urban and rural people thought about faith ritual and gods along the way he sketches a radical new view of the origins of contemporary hinduism and overturns the idea of religious reform hinduism before reform challenges the rigid structure of revelation schism reform sect prevalent in much history of religion reform in particular plays an important role in how we think about influential hindu movements and religious history at large through the lens of reform one doctrine is inevitably backward looking while another represents modernity from this comparison flows a host of simplistic conclusions instead of presuming a clear dichotomy between backward and modern hatcher is interested in how religious authority is acquired and projected hinduism before reform asks how religious history would look if we eschewed the obfuscating binary of progress and tradition there is another way to conceptualize the origins and significance of these two hindu movements one that does not trap them within the teleology of a predetermined modernity

Swami Vivekananda and Non-Hindu Traditions 2019-03-15 the hindu thinker swami vivekananda 1863 1902 was and remains an important figure both within india and in the west where he was notable for preaching vedanta scholarship surrounding vivekananda is dominated by hagiography and his mis appropriation by the political hindu right this work demonstrates that vivekananda was no simplistic pluralist as portrayed in hagiographical texts nor narrow exclusivist as portrayed by some modern hindu nationalists but a thoughtful complex inclusivist the book shows that vivekananda formulated a hierarchical and inclusivistic framework of hinduism based upon his interpretations of a four fold system of yoga it goes on to argue that

vivekananda understood his formulation of vedanta to be universal and applied it freely to non hindu traditions and in so doing demonstrates that vivekananda was consistently critical of low level spirituality not only in non hindu traditions but also within hinduism demonstrating that vivekananda is best understood within the context of advaitic primacy rather than hindu chauvinism this book will be of interest to scholars of hinduism and south asian religion and of south asian diaspora communities and religious studies more generally

Perioperative Nursing - EBook-epub 2016-03-15 perioperative nursing 2e has been written by local leaders in perioperative nursing and continues to deliver a contemporary practical text for australian and new zealand perioperative nurses appropriate for nursing students and graduates entering the perioperative environment perioperative nursing 2e offers a sound foundational knowledge base to underpin a perioperative nursing career this unique text will also be of value to those undertaking postgraduate perioperative studies as well as to more experienced perioperative nurses seeking to refresh their knowledge or expand their nursing practice this essential title examines the roles and responsibilities of nurses working within a perioperative environment providing an overview of key concepts in perioperative care the scope of this book addresses anaesthetic intraoperative and postanaesthetic recovery care as well as day surgery and evolving perioperative practices and environments research boxes where appropriate feature boxes on special populations such as paediatric geriatric and bariatric patients emphasis is placed on the concept of the patient journey working within interprofessional teams communication teamwork patient and staff safety risk management strategies and medico legal considerations now endorsed by acorn aligns with the 2016 acorn and pnc nzno standards reflects the latest national and international standards including the nsqhs standards the new nmba standards for practice for registered and enrolled nurses and the who surgical safety checklist includes two new chapters the perioperative team and interdisciplinary collaboration and perioperative patient safety supporting online resources are available on evolve

Hindu Goddesses 2009-07-03 explores the diversity of hindu goddesses and the variety of ways in which they are worshipped although they undoubtedly have ancient origins hindu goddesses and their worship is still very much a part of the fabric of religious engagement in india today this book offers an introduction to a complex and often baffling field of study

India for a Billion Reasons 2011-02-02 india a land of a billion people a nation for a billion reasons india continues to mesmerise and surprise the rest of the world as much as she enchants and bewilders her own people an ancient civilisation and a young nation at once modern india is a thriving democracy an economic powerhouse an increasingly assertive global political player and a world leader in science and technology at the same time she remains rooted in tradition her art culture and literature continue to enrich her mind body and soul as also of the rest of humanity this superbly crafted book adorned with rich and spontaneous photographs unravels the beauty and enigma of india and her people in an unusually simple and uncomplicated manner thereby providing an overview of what constitutes this great nation

Hindu and Buddhist Ideas in Dialogue 2012-08-01 the debates between various buddhist and hindu philosophical systems about the existence definition and nature of self occupy a central place in the history of indian philosophy and religion these debates concern various issues what self means whether the self can be said to exist at all arguments that can substantiate

any position on this question how the ordinary reality of individual persons can be explained and the consequences of each position at a time when comparable issues are at the forefront of contemporary western philosophy in both analytic and continental traditions as well as in their interaction these classical and medieval indian debates widen and globalise such discussions this book brings to a wider audience the sophisticated range of positions held by various systems of thought in classical india

What is Science? 2014-05-23 in spite of the amazing technological marvels of the modern world that have stemmed from science there is no agreed upon definition of what science is in this lively colorful and engaging work don degracia contends that science is a very weak form of what has been described for thousands of years in hindu india as samadhi samadhi is an advanced technique of raja yoga in which the meditating subject fuses with the object of meditation in a process that has been called knowing by being by understanding science as a weak form of samadhi and comparing it to the knowledge aquired from yogic practices many of the limitations of science are brought to the fore these include the link between mind and body the role of the senses as middle men between the mind and the objects of perception why mathematics is unreasonably effective for describing the physical world and how and why power is unlocked by the human mind when correct knowledge is obtained

The Human Icon 2017-05-25 despite the history that divides them hinduism and orthodox christianity have much in common in the human icon christine mangala frost explores how both religions seek to realise the divine potential of every human being and the differences in their approach frost who has experienced both the extraordinary riches and the all too human failings of hinduism and orthodox christianity from the inside is perfectly placed to examine the convergences and divergences between the two faiths inspired by a desire to clear up the misunderstandings that exist between the two the human icon is a study in how two faiths superficially dissimilar can nevertheless find meeting points everywhere the powerful intellectual and spiritual patristic traditions of orthodox christianity offer a rare tool for revitalising too often stalled dialogue with hinduism and present the chance for a broader and more diverse understanding of the oldest religion in the world tracing the long history of orthodox christianity in india from the thomas christians of ancient times to the distinctive theology of paulos mar gregorios and the kottayam school frost explores the impact of hindu thought on indian christianity and considers the potential for confluence with a breadth of interest that spans hindu bhakti orthodox devotional theology vedanta and theosis as well as meditational yoga and hesychastic prayer frost offers a fresh perspective on how the devotees of both faiths approach the ideal of divinisation and presents a thoughtful modern methodology for a dialogue of life

Accelerating Human Evolution by Theosophical Initiation 2022-12-19 the main subjects of analysis in the present book are the stages of initiation in the grand scheme of theosophical evolution these initiatory steps are connected to an idea of evolutionary self development by means of a set of virtues that are relative to the individual s position on the path of evolution the central thesis is that these stages were translated from the hindu tradition to the theosophical tradition through multifaceted hybridization processes in which several indian members of the theosophical society partook starting with annie besant s early theosophy the stages of initiation are traced through blavatsky s work to manilal dvivedi and t subba row both indian members of the theosophical society and then on to the sanâtana dharma text books in 1898 the english theosophist annie besant and the indian theosophist bhagavan das together founded the central hindu college benares which became the nucleus around which the benares hindu university was instituted in 1915 in this context the sanâtana dharma text books were published mühlematter shows that the stages of initiation were the blueprint for annie besant s pedagogy which she implemented in the central hindu college in benares in doing so he succeeds in making intelligible how esoteric knowledge was transferred to public institutions and how a broader public could be reached as a result the dissertation has been awarded

the esswe phd thesis prize 2022 by the european society for the study of western esotericism

Dialogue in Early South Asian Religions 2016-03-09 dialogue between characters is an important feature of south asian religious literature entire narratives are often presented as a dialogue between two or more individuals or the narrative or discourse is presented as a series of embedded conversations from different times and places including some of the most established scholars of south asian religious texts this book examines the use of dialogue in early south asian texts with an interdisciplinary approach that crosses traditional boundaries between religious traditions the contributors shed new light on the cultural ideas and practices within religious traditions as well as presenting an understanding of a range of dynamics from hostile and competitive to engaged and collaborative this book is the first to explore the literary dimensions of dialogue in south asian religious sources helping to reframe the study of other literary traditions around the world

Shakti Rising 2017-10-01 winner of the 2017 nautilus gold book award the wisdom of the mahavidyas the ten wisdom goddesses who represent the interconnected darkness and light within all of us has been steeped in esoteric and mystical descriptions that made them seem irrelevant to ordinary life but with this book written by a respected cardiologist who found herself on a spiritual search for the highest truth you re invited to explore this ancient knowledge and learn how it can be applied to daily struggles and triumphs and how it can help you find unreserved self love and acceptance the pursuit of contentment is an innate part of the human experience arising from a fundamental sense of lack or inadequacy all the things we believe to be wrong with us when we compare or judge ourselves in our search for peace and happiness we may find ourselves fighting the shadows within us trying to repress or disown certain qualities especially our anger violence discomfort craving and disappointment but in order to stop this fight we must expand our understanding beyond the dualities of good versus bad right versus wrong and beautiful versus ugly and accept the parts of ourselves we ve tried to deny pulling from eastern traditions including tantra and yoga and focusing on the feminine principle of divine energy also known as shakti this book bridges the divide between dualistic concepts and non dual philosophy by exploring the symbolism of the mahavidyas kali tara tripurasundari bhuvaneshwari tripura bhairavi chinnamasta dhumavati baglamukhi matangi and kamalatmika each with a veiled face representing a destructive quality that perpetuates ignorance and suffering and a true face representing the wisdom that stimulates profound transformation and liberation you ll learn to embrace and incorporate every aspect of who you are with practices self inquiry prompts and stories from the author s own spiritual seeking this exploration of the divine feminine will gently reveal the source of your fear pain and suffering showing you that when you allow those parts of yourself to arise and simply be you can finally begin to heal overcome your limitations and open to the light and beauty of your true nature

Guru to the World 2022-10-18 guru to the world tells the story of swami vivekananda the nineteenth century hindu ascetic who introduced the west to yoga and to a tolerant scientifically minded universalist conception of religion ruth harris explores the many legacies of vivekananda s thought including his impact on anticolonial movements and contemporary hindu nationalism 'Greater India' and the Indian Expansionist Imagination, c. 1885–1965 2022-11-07 this book is the first systematic study of the genealogy discursive structures and political implications of the concept of greater india implying a hindu colonization of southeast asia and used by extension to argue for a past indian greatness as a colonial power reproducible in the present and future from the 1880s to the 1960s protagonists of the greater india theme attempted to make a case for the importance of an expansionist indian civilisation in civilizing southeast asia the argument was extended to include central asia africa north and south america and other regions where indian migrants were to be found the advocates of this indocentric and hindu revivalist approach with hindu and indian often taken to be synonymous were involved in a quintessentially parochial project

despite its apparently international dimensions to justify an indian expansionist imagination that viewed india s past as a colonizer and civilizer of other lands as a model for the restoration of that past greatness in the future zabarskaite shows that the crucial ideologues and elements used for the formation of the construct of greater india can be traced to the svadeśī movement of the turn of the century and that greater india moved easily between the domains of the scholarly and the popular as it sought to establish itself as a form of nationalist self assertion

Introducere în hinduism 2016-06-14 a treia religie a lumii ca număr de credincioși hinduismul este un fenomen important și prin valențele sale filosofice literare sociale și politice pornind de la un profil istoric care urmărește geneza termenului izvoarele și periodizarea doctrinele filosofice devoțiunea și tantrismul volumul trece în revistă principalele aspecte ale hinduismului ca sacrificiul vedic scopurile omului și perioadele vieții pelerinajul teoria transmigrației și cea a răsplătirii faptelor eliberarea și teoria timpului ciclic o secțiune specială este dedicată situației actuale a hinduismului incluzând răspândirea acestuia în țara sa de origine și în diaspora dialogul cu alte religii rolul maestrului yoga din trecut și de astăzi

Messiaen's Musical Techniques: The Composer's View and Beyond 2013-05-28 despite messiaen s position as one of the greatest technical innovators of the twentieth century his musical language has not been comprehensively defined and investigated the composer s 1944 theoretical study the technique of my musical language expounds only its initial stages and while his posthumously published traité de rythme de couleur et d ornithologie contains detailed explanations of selected techniques in most cases the reader is left to define these more precisely by observing them in the context of messiaen s analyses of his own works technical processes are nevertheless in many cases the primary components of a work or movement for instance personages dominate joie du sang des étoiles from the turangalîla symphonie and in certain cases such as l échange from the vingt regards sur l enfant jésus the process asymmetric augmentation is the only structuring element present given this reliance on idiosyncratic techniques clear comprehension of the music is impossible without a detailed knowledge of messiaen s methods garth healey charts their development and interconnections considers their relationship with formal structures and applies them in refined and extended form to works for which messiaen himself left no published analysis

Holi Colors Read-Along 2018-02-13 experience holi with every color of the rainbow this hindu celebration known as the festival of colors and the festival of love signifies the end of winter the arrival of spring and the victory of good over evil a time to laugh play visit friends and get messy little ones will love exploring the colors of holi through the vibrant photographs and singh s playful rhymes in this brilliant concept book by the author of diwali orca origins which has been called an exceptionally valuable resource by kirkus reviews and a standout volume by school library journal

Cosmism 2022-06-09 standing on the riches of humanity s holy books and traditions drawing on our wealth of scientific and technological knowledge and injecting his own creativity and humour yoda oraiah presents his readers with a potential new religion cosmism cosmism a new hope for humanity is a thorough exploration of human belief and creed through history accompanied by an exhaustive detailing of a new way a new understanding and an inspired approach to life cosmism is a space age philosophical model and belief system that is built upon the aspects of intelligence and consciousness present in the universe it sees the entire cosmos as god and humans as part and parcel of this great orderly system we seem to live in cosmists believe that since we are part of this cosmos we have the capacity to influence its life and evolution and our relationship with this greatest system is something important to recognize and cherish in our lives hard hitting thought provoking and entertaining cosmism a new hope for humanity will challenge readers to explore their place in the cosmos and their relationship with its other inhabitants

Mini Holiday Crafts to Celebrate in Style 2023-08 looking to celebrate a holiday in style think mini grow seedlings in super small pots for earth day create cute color bursts for the hindu holiday holi then use your crafts to make merry easy instructions and step photos will help you become a miniature master tiny holiday crafts are tons of fun

The Gaṇitatilaka and its Commentary 2019-03-13 the gaṇitatilaka and its commentary two medieval sanskrit mathematical texts presents the first english annotated translation and analysis of the gaṇitatilaka by Śrīpati and its sanskrit commentary by the jaina monk siṃhatilakasūri 13th century ce siṃhatilakasūri s commentary upon the gaṇitatilaka is a key text for the study of sanskrit mathematical jargon and a precious source of information on mathematical practices of medieval india this is in fact the first known sanskrit mathematical commentary written by a jaina monk about whom we have substantial information to survive to the present day in presenting the first annotated translation of these two sanskrit mathematical texts this volume focusses on language in mathematics and puts forward a novel fresh approach to sanskrit mathematical literature which favours linguistic literary features and textual data this key resource makes these important texts available in english for the first time for students of sanskrit ancient and medieval mathematics south asian history and philology

Caitanya Vaisnava Philosophy 2014-03-28 although only a handful of poetry is attributed to caitanya his devotional theology

was expounded and systematized by his followers in a vast array of poetical philosophical and ritual literature this book provides a thematic study of caitanya vaishnava philosophy introducing key thinkers and ideas in the early tradition using sanskrit and bengali sources that have seldom been studied in english the book addresses major areas of the tradition including epistemology ontology aesthetics ethics and history and every chapter includes relevant readings from primary sources

The Art of Living Foundation 2015-10-28 the hindu derived meditation movement the art of living aol founded in 1981 by sri sri ravi shankar in bangalore has grown into a global organization which claims presence in more than 150 countries stephen jacobs presents the first comprehensive study of aol as an important transnational movement and an alternative global spirituality exploring the nature and characteristics of spirituality in the contemporary global context jacobs considers whether alternative spiritualities are primarily concerned with individual wellbeing and can simply be regarded as another consumer product

Urban Ecology and Global Climate Change 2022-03-30 urban ecology and global climate change urban ecology and global climate change contains the latest practical and theoretical concepts of the emerging issues in urban ecological studies the authors highlight some of the major challenges currently impeding ecological restoration goals in urbanized regions across the globe it is sobering that the majority of sustainable development projects are being defeated by the increasing pace of two particular phenomena namely climate change and urbanization this book includes coverage of the major threats to biodiversity conservation and the most significant contributors to the deterioration of urban ecosystems in addition various case studies that reflect the anthropogenic interventions on ecological restoration are included the book looks at evolving growth and urbanization concepts monitoring of urbanization trends land use land cover lulc changes in urban and non urban cities based on the use of open access data urbanization affecting rural ecology soil carbon emissions urban development human well being and case studies of sustainable smart cities urban ecology and global climate change will find an appreciative audience amongst students of urban ecology and environmental policy as well as policymakers scientists and industrialists the book provides an excellent introduction to the principles of smart city planning and urban sustainability with a view to maintaining ecological and conservation status of urban environments

Plastic and Microplastic in the Environment 2022-04-04 organic reactions thought provoking discussions of the challenges posed by and potential solutions to plastic and microplastic pollution in plastic and microplastic in the environment management and health risks a team of distinguished environmental researchers delivers an up to date exploration of plastic and microplastic environmental contamination conventional and advanced plastics management techniques and the policies adopted across the globe to combat the phenomenon of plastics contamination containing a balanced focus on both conventional plastics and microplastics this book discusses the potential health issues related to plastic and microplastic infiltration in a variety of global environments and environmental media including freshwater environments oceanic environments soil and sediment and air insightful treatments of commercial and social issues including the roles of corporate social responsibility initiatives and general education in the fight against plastic and microplastic pollution are provided as well plastic and microplastic in the environment also includes a thorough introduction to plastic debris in global environments including its accumulation and disintegration comprehensive explorations of policies for strengthening recyclable markets around the world practical discussions of the prevalence of microplastics in the marine environment air soil and other environmental media in depth examinations of wastewater treatment plants as a potential source point of microplastics as well as conventional and advanced microplastic particle removal technologies perfect for academics postgraduates and advanced undergraduates in fields

related to environmental science and plastics plastic and microplastic in the environment management and health risks will also earn a place in the libraries of professionals working in the plastics industries and environmental policymakers

Physiology of Salt Stress in Plants 2021-09-30 physiology of salt stress in plants discover how soil salinity affects plants and other organisms and the techniques used to remedy the issue in physiology of salt stress in plants an editorial team of internationally renowned researchers delivers an extensive exploration of the problem of soil salinity in modern agricultural practices it also discusses the social and environmental issues caused by salt stress the book covers the impact of salt on soil microorganisms crops and other plants and presents that information alongside examinations of salt s effects on other organisms including aquatic fauna terrestrial animals and human beings physiology of salt stress in plants describes the morphological anatomical physiological and biochemical dimensions of increasing soil salinity it also discusses potential remedies and encourages further thought and exploration of this issue readers are encouraged to consider less hazardous fertilizers and pesticides to use safer doses and to explore and work upon salt resistant varieties of plants readers will also benefit from the inclusion of thorough introductions to salt stress perception and toxicity levels and the effects of salt stress on the physiology of crop plants at a cellular level explorations of the effects of salt stress on the biochemistry of crop plants and salt ion transporters in crop plants at a cellular level practical discussions of salt ion and nutrient interactions in crop plants including prospective signalling and the effects of salt stress on the morphology anatomy and gene expression of crop plants an examination of salt stress on soil chemistry and the plant atmosphere continuum perfect for researchers academics and students working and studying in the fields of agriculture botany entomology biotechnology soil science and plant physiology physiology of salt stress in plants will also earn a place on the bookshelves of agronomists crop scientists and plant biochemists

The Transformation of Politicised Religion 2015-02-28 including contributions from leading scholars from algeria france germany india and the united states this book traces the rise and turn to moderation of the new cultural identitarian political movements often labelled in the west as fundamentalists arguing that culturally based ideologies are often the instruments rather than the motivating force though which segments of a rising middle strata challenge entrenched elites the expert contributors trace the rise of these movements to changes in their respective countries political economy and class structures this approach explains why as a result of an ongoing contestation and recreation of bourgeois values the more powerful of these movements then tend towards moderation as western countries realise the need to engage with the more moderate wings of fundamentalist political groups their rationale and aims become of increasing importance and so academics decision makers and business people interested in south asia and the muslim world will find this an invaluable account

Advances in Remote Sensing Technology and the Three Poles 2022-12-12 advances in remote sensing technology and the three poles covers recent advances in remote sensing technology applied to the three poles a concept encompassing the arctic antarctica and the himalayas advances in remote sensing technology and the three poles is a multidisciplinary approach studying the lithosphere hydrosphere encompassing both limnosphere and oceanosphere atmosphere biosphere and anthroposphere of the arctic the antarctic and the himalayas the drastic effects of climate change on polar environments bring to the fore the often subtle links between climate change and processes in the hydrosphere biosphere and lithosphere while unanswered questions of the polar regions will help plan and formulate future research projects sample topics covered in the work include terrestrial net primary production of the arctic and modeling of arctic landform evolution glaciers and glacial environments including a geological geophysical and geospatial survey of himalayan glaciers sea ice dynamics in the antarctic region under a changing climate the quaternary geology and geomorphology of antarctica continuous satellite missions data

availability and the nature of future satellite missions including scientific data sharing policies in different countries software tools models and remote sensing technology for investigating polar and other environments for postgraduates and researchers working in remote sensing photogrammetry and landscape evolution modeling advances in remote sensing technology and the three poles is a crucial resource for understanding current technological capabilities in the field along with the latest scientific research that has been conducted in polar areas

The Ethics of Śaṅkara and Śāntideva 2013-11-28 exploring the philosophical concerns of the nature of self this book draws from two of the most influential indian masters Śaṅkara and Śāntideva todd demonstrates that an ethics of altruism is still possible within a metaphysics which assumes there to be no independent self a new ethical model based on the notions of flickering consciousness and constructive altruism is proposed by comparing the metaphysics and ethics of Śāntideva and Śaṅkara todd shows that the methodologies and aims of these buddhist and hindu masters trace remarkably similar cross cutting paths treating buddhism and hinduism with equal respect this book compares and reinterprets the indian material so as to engage with contemporary western debates on self and to show that indian philosophy is indeed a philosophy of dialogue

○○○○○○○○ ○○○○○○○○○○○○○○- (Sri Sri Guru Stotram-1) 2020-07-05 a presentation of hymns for the disciples who ever seeks to pay their homage to his her gurudev largest ever collection of stotram hymns and paeans on master guru of all time

Raja Yudhisthira 2017-05-16 in raja yudhisthira kevin mcgrath brings his comprehensive literary ethnographic and analytical knowledge of the epic mahabharata to bear on the representation of kingship in the poem he shows how the preliterate great bharata song depicts both archaic and classical models of kingly and premonetary polity and how the king becomes a ruler who is viewed as ritually divine based on his precise and empirical close reading of the text mcgrath then addresses the idea of heroic religion in both antiquity and today for bronze age heroes still receive great devotional worship in modern india and communities continue to clash at the sites that have been for millennia associated with these epic figures in fact the word hero is in fact more of a religious than a martial term one of the most important contributions of raja yudhisthira and a subtext in mcgrath s analysis of yudhisthira s kingship is the revelation that neither of the contesting moieties of the royal hastinapura clan triumphs in the end for it is the yadava band of krsna who achieve real victory that is it is the matriline and not the patriline that secures ultimate success it is the kinship group of krsna the heroic figure who was to become the dominant vaisnava icon of classical india who benefits most from the terrible bharata war

Mechanisms of Reactions of Metal Complexes 2022-09-21 ideal for newcomers and established researchers in the field reaction mechanisms of metal complexes in solution is a complete treatment of the area covering advanced topics with relevance to biomedical applications extraction metallurgy food chemistry and a wealth of other industrial processes and research areas

The Structures of Virtue and Vice 2021-02-01 a new ethics for understanding the social forces that shape moral character it is easy to be vicious and difficult to be virtuous in today s world especially given that many of the social structures that connect and sustain us enable exploitation and disincentivize justice there are others though that encourage virtue in his book daniel j daly uses the lens of virtue and vice to reimagine from the ground up a catholic ethics that can better scrutinize the social forces that both affect our moral character and contribute to human well being or human suffering daly s approach uses both traditional and contemporary sources drawing on the works of thomas aquinas as well as incorporating theories such as critical realist social theory to illustrate the nature and function of social structures and the factors that transform them daly s ethics focus on the relationship between structure and agency and the different structures that enable and constrain an individual s pursuit of the virtuous life his approach defines with unique clarity the virtuous structures that facilitate a love of god self neighbor and creation and the vicious structures that cultivate hatred

intemperance and indifference to suffering in doing so daly creates a catholic ethical framework for responding virtuously to the problems caused by global social systems from poverty to climate change

Sur's Ocean 2023-02 surdas and his remarkable lyrics refashioning the widely known narrative of the hindu deity krishna and his lover radha has been regarded as the epitome of artistry in hindi verse from the end of the sixteenth century to the present day this award winning translation of sur s ocean reconstructs the early tradition of surdas s poems

Mimetic Desires 2022-11-30 through an exploration of subjects such as gandhi impersonators performance artists and ritual participants mimetic desires makes an intervention toward understanding the phenomenon of impersonation and guising in south asia and the world this volume defines impersonation as the temporary assumption of an identity or guise in social and aesthetic performance that is perceived as not one s own and guising as sartorial and kinetic play more generally interrogating the legitimacy of the purported dialectic between the real original and fake dupe mimetic desires refutes the ordering of identity along the lines of a binary or dichotomy that presupposes the myth of an original identity by peeling back the layers of performative masks to reveal the process of the masquerade itself we can see that those with the most social capital are often those with the most power and opportunities to impersonate up and down social hierarchies the book s twelve chapters disclose sites and processes of sociopolitical power facilitated by normative markers of social status relating to race ethnicity gender caste class and religion and how those markers can be manipulated to express and enhance individual and group power the first comprehensive study to focus on impersonation in south asia mimetic desires expands on previous scholarship on impersonation and guising in vernacular theatre dance public processions and religious rituals it is particularly in conversation with the robust scholarship on gender performance in south asia s theatrical and dance forms mimetic desires explores some of the contexts and forms of impersonation in south asia with its remarkable array of performing arts to gain insight into the very human and quotidian practices of impersonation and guising
