unmistakable by virtue of his exaggerated phallus priapus one of rome s minor fertility gods inspired a host of epigrammatic poems that offer one of the best primary sources for the study of ancient sexuality despite their apparent frivolity the priapus poems raise basic questions of class and gender censorship and the nature of obscenity the god s self conscious indecency placed him squarely in the realm of comedy but his role as guardian of fertility also gave him a deep religious significance richard hooper s introduction explores this important duality and places the poems in their historical context essentially graffiti clothed in the refined forms of classical poetry the priapus poems offers the reader a trip to coney island in a rolls royce hooper s lively translation makes these playful poems available for the first time to the nonspecialist in an appealing elegant and readable version this edition includes the original latin texts as well as a commentary on classical references and textual problems

## Jokes

1999-10

an eccentric comic about the central mystery of quantum mechanics totally random is a comic for the serious reader who wants to really understand the central mystery of quantum mechanics entanglement what it is what it means and what you can do with it measure two entangled particles separately and the outcomes are totally random but compare the outcomes and the particles seem as if they are instantaneously influencing each other at a distance even if they are light years apart this in a nutshell is entanglement and if it seems weird then this book is for you totally random is a graphic experiential narrative that unpacks the deep and insidious significance of the curious correlation between entangled particles to deliver a gut feel glimpse of a world that is not what it seems see for yourself how entanglement has led some of the greatest thinkers of our time to talk about crazy sounding stuff like faster than light signaling many worlds and cats that are both dead and alive find out why it remains one of science s most paradigm shaking discoveries join niels bohr s therapy session with the likes of einstein schrödinger and other luminaries and let go of your commonsense notion of how the world works use your new understanding of entanglement to do the seemingly impossible like beat the odds in the quantum casino or quantum encrypt a message to evade the sphinx s all seeing eye but look out or you might just get teleported back to the beginning of the book a fresh and subversive look at our quantum world with some seriously funny stuff totally random delivers a real understanding of entanglement that will completely change the way you think about the nature of physical reality
