efficiency of delivering dna into mammalian cells has increased t mendously since deae dextran was first shown to be capable of enhancing transfer of rna into mammalian cells in culture not only have other chemical methods been developed and refined but also very efficient physical and viral delivery methods have been established the technique of introducing dna into cells has developed from transfecting tissue culture cells to delivering dna to specific cell types and organs in vivo moreover two important areas of biology assessment of gene function and gene therapy require succe ful dna delivery to cells driving the practical need to increase the efficiency and efficacy of gene transfer both in vitro and in vivo tm these two volumes of the methods in molecular biology series gene del ery to mammalian cells are designed as a compendium of those techniques that have proven most useful in the expanding field of gene transfer in mammalian cells it is intended that these volumes will provide a thorough background on chemical physical and viral methods of gene delivery a synopsis of the myriad techniques currently available to introduce genes into mammalian cells as well as a practical guide on how to accomplish this it is my expectation that it will be useful to the novice in the field as well as to the scientist with expertise in gene delivery life magazine is the treasured photographic magazine that chronicled the 20th century it now lives on at life com the largest most amazing collection of professional photography on the internet users can browse search and view photos of today s people and events they have free access to share print and post images for personal use this memoir entitled the long and tumultuous journey of my life consists of 183 pages with 112 interior pictures most of immediate family pictures it contains 10 chapters chapter one portrays the first 24 years of authors personal and professional life it illustrates the difficulty of authors life living in desolated area because of his father military assignments it shows authors anxiety about the second world war and occupation of his beloved country by foreign troops it also gives information about his personal life his immediate family persian traditions and customs and his father being prisoner of war it demonstrates his feeling toward living in different localities with different cultures and environments it also describes his elementary high school and medical schools and how he endured numerous examinations and hardships chapter two deals with his postgraduate study and training in different hospitals and difficulty to get familiar with american culture and society how he finished internship pediatric residency and fellowship in pediatric cardiology during latter of which he met his future wife he went through several examinations to be american board certified in the field of pediatrics and pediatric cardiology by passing written part of sub board of pediatric cardiology examination and to an academic career chapter three contains authors marriage and having three beautiful children he obtained academic medical career and was promoted to associate professor this was one of best part of authors personal and professional life in watching his children growth and success in his job chapter four portrays authors sabbatical leave from the university and being quite successful in training and passing the oral portion of american sub board of pediatric cardiology to become board certified in american sub board of pediatric cardiology academically author published four scientific papers in the prestigious medical journals during one year this academic achievement caused some difficulty in his work due to the jealousy and inferiority complex of his colleagues chapter five explains happy and successful life at the beginning of his highest career but it caused authors adverse health problems and nervous breakdown this part of authors life dealt with hard work in administration teaching medical students training pediatric residents patients care and conducting research as being full professor and chairman of the department he was also as visiting professor in the university of pennsylvania and establishment of exchange program for faculties and residents between our department and the department of pediatric at the university of pennsylvania this period

was another productive life academically by publishing numerous scientific publications and expansion of the department in every direction but to encounter budgetary problem and nepotism by university administration chapter six describes my difficulty working in prejudiced hostile and notorious medical community and facing a great deal of jealousy and dishonesty in my profession at least i and my family were well accepted in the community this period was accompanied by great deal of authors childrens achievement academically and athletically they brought a slew of trophies and awards and straight a author witnessed tremendous success in his children this period also coincided with a lot of travel abroad and quite a few number of medical presentations locally nationally and internationally this chapter has been divided into section a and b which represents two different era of authors personal and professional life chapter seven was the best part of my life personally and professionally i had the best productivity academically and financially i was treated as a celebrity and being popular and liked by my patients and colleagues there was a big demand for my work not in th rooted in the creative success of over 30 years of supermarket tabloid publishing the weekly world news has been the world s only reliable news source since 1979 the online hub weeklyworldnews.com is a leading entertainment news site
