**Grassroots sport and the European Union** 2011-04-06 potential of sport is under exploited at both eu and national level despite its ability to deliver on core policy objectives in the health education employment and social spheres this report considers how the eu can maximise the potential of sport in its own policy making and delivery and how it can help member states do likewise it looks at how eu legislation should be applied to sport in order to ensure the sustainability of grassroots sport particularly its revenue streams from the broadcasting of professional sport the reports main

recommendations include there is value in a dedicated sport fund but there is greater potential value in main streaming it into other eu funding streams including the structural funds and through ensuring redistribution from professional sport the eu should include sport in its work on digital piracy and should look further at whether the gambling industry should be required to pay a fair return to sport different member states are more advanced in certain areas than others for example finland on levels of participation among older people offering potential for the sharing of best practice the commission should create a web portal which allows grassroots organisations to make links with each other the voice of grassroots as well as professional sport need to be heard in brussels dialogue between the commission and sports organisations needs to be made more representative

*The Best Books* 1895 the handbook of the london 2012 olympic and paralympic games is an officially licensed account of the world s greatest sporting and cultural event it tells the complete story of the 2012 games from inception through the successful bidding process and the planning and preparation phase to delivery the post games period and legacy written by a world class team of international sport scholars researchers and writers the book offers comprehensive analysis of the full social cultural political historical economic and sporting context of the games from the political commercial and structural complexities of organising an event on such a scale to the sporting action that holds the attention of the world this book illuminates every aspect of the 2012 games helping us to better understand the vital role that sport and culture play in contemporary global society the book is divided into two volumes volume one making the games examines the build up to london 2012 covering key topics such as the bidding process planning and decision making financing the games developing the infrastructure engaging national and international governing bodies of sport engaging the uk public engaging a global public developing a legacy programme the cultural olympiad richly illustrated with the personal accounts of key stakeholders from sports administrators and politicians to athletes and spectators and including essential data and evocative visual material this book is essential reading for anybody with a personal or professional interest in the olympic and paralympic games global culture or the development of sport

*Handbook of the London 2012 Olympic and Paralympic Games* 2013 sport policy and governance local perspectives is the first detailed study of the politics of sport policy at the local authority level of governance in focusing on the local level the book recognises that the extent to which we benefit from public policy is a result of where we live taking the city of liverpool as its core case study the author investigates the changing contours of sport policy from the inception of the service area in the 1970s through the economic and political turbulence of the 1980s to the year of european capital of culture 2008 as the book gives centre stage to the period since 1997 the changing parameters of local sport policy are located within new labour priorities around elite sport development and the instrumental uses of sport to deliver social policy goals written in a clear and accessible style this book traces the evolution of the relationship between central government policy priorities and local sport policy and practice provides a political analysis of sport policy that

foregrounds competition between differing interests in a context of scarce resources explores relationships between local authority policy for sport and policy relating to education health land use planning and community regeneration investigates the organisational and funding contexts in which sport policy actors formulate and implement policy assesses the strategies utilised by sport policy actors in pursuing their interests theorises contemporary sport policy processes and establishes parameters for future research sport policy and governance local perspectives is essential reading for anyone who is studying or teaching sport related degree programmes researching public policy or who is a practitioner or policy maker in the sport sector
