in the triumph of improvisation james graham wilson takes a long view of the end of the cold war from the soviet invasion of afghanistan in december 1979 to operation desert storm in january 1991 drawing on deep archival research and recently declassified papers wilson argues that adaptation improvisation and engagement by individuals in positions of power ended the specter of a nuclear holocaust amid

ambivalence and uncertainty mikhaïl gorbachev ronald reagan george shultz and george h w bush and a host of other actors engaged with adversaries and adapted to a rapidly changing international environment and information age in which global capitalism recovered as command economies failed eschewing the notion of a coherent grand strategy to end the cold war wilson paints a vivid portrait of how leaders made choices some made poor choices while others reacted prudently imaginatively and courageously to events they did not foresee a book about the burdens of responsibility the obstacles of domestic politics and the human qualities of leadership the triumph of improvisation concludes with a chapter describing how george h w bush oversaw the construction of a new configuration of power after the fall of the berlin wall one that resolved the fundamental components of the cold war on washington s terms

Statebuilding and State Formation in the Western Pacific

this book reflects on how the economies social characteristics ways of

life and global relationships of rural areas of Europe have changed in recent years this reveals a need to refresh the concepts we use to understand measure and describe rural communities and their development potential this book argues that Europe has outgrown many of the stereotypes usually associated with it with substantial implications for European rural policy rural structural change and its evolving geography are portrayed through regional typologies and the concept of the new rural economy demographic change migration business networks and agricultural restructuring are each explored in greater detail implications for equality and social exclusion and recent developments in the field of governance are also considered despite being a subject of active debate interventions in the fields of rural and regional development have failed to adapt to changing realities and have become increasingly polarized this book argues that rural regional policy needs to evolve in order to address the current complex reality partially reformulating territorial or place based approaches and the new rural paradigm following a set of principles termed rural cohesion policy
