regulation in the future it also seeks to dispel certain lingering doubts regarding the current practice of eu private international law

## Agency in Private International Law *2023-07-03*

the hague agency convention is of great importance for every lawyer involved or interested in international business and finance its provisions become relevant whenever one is dealing with agency relationships in the broadest sense in an international context its scope is not confined to the traditional commercial agency relationships between principals and their agents but extends to many other situations where agency takes place both directly and indirectly the rules of the convention are applied to find the laws governing both the internal and external agency relationships in all areas of international business and finance the convention has currently been ratified by four states the netherlands france portugal and argentina but several countries have enacted legislation inspired by it for the interpretation of which the convention may have significance moreover now that it has entered into force in 1992 it is not unlikely that it will be ratified by more states agency in private international law presents a detailed analysis of the convention with references to the laws of various jurisdictions references to legal systems other than that of the netherlands have been checked by local lawyers

---

## **HPCR Manual on International Law Applicable to Air and Missile Warfare**

***2013-06-28***

## ***Japanese and European Private International Law in Comparative Perspective***

***2008***

the idea of national codification is advancing on a global scale in conflict of laws a large number of legislative projects dealing

with codifying and modernizing private international law both on the national and the supranational level have been launched in the past few years among such recent initiatives the advances taken by the european and the japanese legislators are particularly reflecting these developments on january 1 2007 the new japanese act on general rules for application of laws entered into force replacing the outdated conflict of laws statute of 1898 this major reform finds its parallels in the current efforts of the european union to create a modern private international law regime for its member states this volume presents the first comprehensive analysis of the new japanese private international law available in any western language and contrasts it with corresponding european developments most of the contributors from japan are scholars who were actively involved in and responsible for preparing the new act all of them are renowned experts in the field of private international law leading european experts in the conflict of laws supplement the japanese analyses with comparative contributions reflecting the pertinent discussion of parallel endeavours in the eu to guarantee better understanding english translations of both the present and the former japanese statutes have been added

## **Normative Plurality in International Law 2016-09-02**

this book provides a theoretical framework for explaining the choices made by international decision makers in terms of what constitutes law it comprehensively analyzes the practice of human rights courts in applying legal instruments outside their competence and proposes that this practice recognizes that different normative instruments coexist in an un ordered space

---

and that meaning can be produced by the free interaction of those instruments around a problem based on this the book advances its normative plurality hypothesis which states that decision makers must survey the acquis of international law in order to identify all the instruments containing relevant normative information for a particular situation the set of rules of law applicable to the situation must then be complemented with other instruments containing specific normative information relevant to the situation resulting in a complete system of norms advancing a common purpose

## **Applicability of International Humanitarian Law *2020-01-23***

brings together three diverse perspectives on the law relating to armed conflict

## **Private International Law *2021-11-08***

this book compares the two golden ages of private international law the first is the era of story and savigny in the nineteenth century while the second comprises the last fifty years the period between 1970 and 2020 has been one of rapid changes and dense legislative responses exemplified by the adoption of over one hundred national private international law codifications and almost as many international or regional conventions and regulations these instruments provide a rich source for this book's incisive and instructive comparisons and a fertile ground for a reliable assessment of the progress of private international law as a discipline this book skillfully uncovers and meticulously documents the gradual and largely unnoticed transition of private international law from the idealism of the

---

nineteenth century to the pragmatic eclecticism and pluralism of the twenty first century

## **Statutes and Conventions on Private International Law *2000-10-17***

this book provides a comprehensive collection of legal materials relevant to the study of private international law its chief emphasis is to provide a compact source of materials for students and lecturers for whom these materials may otherwise be quite difficult to obtain the choice of materials is very much based on the standard conflict of laws syllabus the coverage extends to general concepts in private international law family succession property law jurisdiction and civil litigation tort contract commercial law and enforcement and recognition of foreign judgments however there is also some focus on less common subject areas such as international testacy power of uk courts to assist in obtaining evidence for international proceedings international arbitration the convention on the law applicable to trusts and on their recognition the legal practitioner needing swift and easy access to a bulky area of law such as private international law should also find the book useful this book is designed to be used in conjunction with any textbook on private international law at undergraduate postgraduate or professional level

---

## **Tallinn Manual on the International Law Applicable to Cyber Warfare 2013**

the product of a three year project by twenty renowned international law scholars and practitioners the tallinn manual identifies the international law applicable to cyber warfare and sets out ninety five black letter rules governing such conflicts it addresses topics including sovereignty state responsibility the jus ad bellum international humanitarian law and the law of neutrality an extensive commentary accompanies each rule which sets forth the rule s basis in treaty and customary law explains how the group of experts interpreted applicable norms in the cyber context and outlines any disagreements within the group as to each rule s application

### ***Private International Law as Component of the Law of the Forum 2012-01-03***

in spite of the undoubtedly great and rising importance of the international legislative co operation regarding private international law it must be remembered that no successful unification or harmonization of conflict rules has ever taken place on the universal level and that the conflict rules stemming from international legislative co operation between a limited number of countries give rise to the same problems as non harmonized rules whenever they have to be used in relation to countries not participating in the legislative co operation in question this book will therefore focus on the last mentioned problems and refrain from dealing with the particular issues arising from international legislative co operation in the field of private

international law one of the principal aims of michael bogdan is to demonstrate the relationship between the national rules of private international law and the rest of the legal system of the forum country in the first place its substantive private law and its law of civil procedure as well as to illustrate the impact of the forum country s general ethical and other values on its private international law

## **Applicable Law in International Investment Disputes *2005***

this book gives a comprehensive overview of all relevant aspects of the issue of applicable substantive law in the context of investor state arbitration it is a comparative survey of both the international center for settlement of investment disputes icsid and non icsid arbitral practice the applicable substantive law represents an important issue in investment disputes as it determines the rules of law that should be applied to the merits of the dispute this study demonstrates the need for a discussion on the applicable law before examining the merits of the case as it appears to be non existent in most arbitral awards the author gives an extensive survey of choice of law clauses as found in direct agreements between parties and in multilateral or bilateral investment treaties furthermore the author analyzes the following issues stabilization clauses in investment agreements the application of the residual rule if parties failed to agree on the applicable law the special position of the iran us claims tribunal and various annulment decisions

---

## **Unilateral Sanctions in International Law 2021-05-06**

this is the first book that explores whether there are any rules in international law applicable to unilateral sanctions and if so what they are the book examines both the lawfulness of unilateral sanctions and the limitations within which they should operate in doing so it includes an analysis of state practice the provisions of various international legal instruments dealing with such sanctions and their impact on other areas of international law such as freedom of navigation aviation and transit and the principles of international trade investment regional economic integration and the protection of human rights and the environment this study finds that unilateral sanctions by a state or a group of states against another state as opposed to smart or targeted sanctions of limited scope would be unlawful unless they meet the procedural and substantive requirements stipulated in international law importantly the book identifies and consolidates these requirements scattered in different areas of international law including the additional rules of customary international law that have emerged out of the recent practice of states and that increase the limitations on the use of unilateral sanctions

## **Tallinn Manual on the International Law Applicable to Cyber Warfare 2013**

the product of a three year project by twenty renowned international law scholars and practitioners the tallinn manual identifies the international law applicable to cyber warfare and sets out ninety five black letter rules governing such conflicts it

addresses topics including sovereignty state responsibility the jus ad bellum international humanitarian law and the law of neutrality an extensive commentary accompanies each rule which sets forth the rule s basis in treaty and customary law explains how the group of experts interpreted applicable norms in the cyber context and outlines any disagreements within the group as to each rule s application

## **Public International Law of Cyberspace 2017-02-28**

this compact highly engaging book examines the international legal regulation of both the conduct of states among themselves and conduct towards individuals in relation to the use of cyberspace chapters introduce the perspectives of various stakeholders and the challenges for international law the author discusses state responsibility and key cyberspace rights issues and takes a detailed look at cyber warfare espionage crime and terrorism the work also covers the situation of non state actors and quasi state actors such as is or isis or isil and concludes with a consideration of future prospects for the international law of cyberspace readers may explore international rules in the areas of jurisdiction of states in cyberspace responsibility of states for cyber activities human rights in the cyber world permissible responses to cyber attacks and more other topics addressed include the rules of engagement in cyber warfare suppression of cyber crimes permissible limits of cyber espionage and suppression of cyber related terrorism chapters feature explanations of case law from various jurisdictions against the background of real life cyber related incidents across the globe written by an internationally

recognized practitioner in the field the book objectively guides readers through on going debates on cyber related issues against the background of international law this book is very accessibly written and is an enlightening read it will appeal to a wide audience from international lawyers to students of international law military strategists law enforcement officers policy makers and the lay person

## **Private International Law Aspects of Corporate Social Responsibility 2020-03-06**

this book addresses one of the core challenges in the corporate social responsibility or business and human rights debate how to ensure adequate access to remedy for victims of corporate abuses that infringe upon their human rights however ensuring access to remedy depends on a series of normative and judicial elements that become highly complex when disputes are transnational in such cases courts need to consider and apply different laws that relate to company governance to determine the competent forum to define which bodies of law to apply and to ensure the adequate execution of judgments the book also discusses how alternative methods of dispute settlement can relate to this topic and the important role that private international law plays in access to remedy for corporate related human rights abuses this collection comprises 20 national reports from jurisdictions in europe north america latin america and asia addressing the private international law aspects of corporate social responsibility they provide an overview of the legal differences between geographical areas and offer numerous examples of how states and their courts have resolved disputes involving private international law elements

the book draws two preliminary conclusions that there is a need for a better understanding of the role that private international law plays in cases involving transnational elements in order to better design transnational solutions to the issues posed by economic globalisation and that the treaty negotiations on business and human rights in the united nations could offer a forum to clarify and unify several of the elements that underpin transnational disputes involving corporate human rights abuses which could also help to identify and bridge the existing gaps that limit effective access to remedy adopting a comparative approach this book appeals to academics lawyers judges and legislators concerned with the issue of access to remedy and reparation for corporate abuses under the prism of private international law

## **Tradition and Innovation of Private International Law at the Beginning of the Third Millennium 2006**

investment arbitration has become the key forum to settle disputes between investors and the host state it is not clear from the arbitration agreements which body of law the arbitrators should apply national or international this book examines how the legal framework which the arbitral panels operate in influences which body of law they apply

---

## **Applicable Law in Investor-State Arbitration *2013-03-21***

the purpose of this work is to trace the processes that led and continue to lead to the formation of the treaty norms applicable in non international armed conflicts if the purpose of humanitarian law is to achieve a balance between military necessity and humanitarian considerations and to prevent unnecessary suffering and destruction humanitarian law rules should be equally applicable to both international and internal armed conflicts whilst however there are a huge number of treaty provisions applicable to international armed conflicts very few provisions are specifically designed to regulate non international armed conflicts despite the dramatic increase in the number of such conflicts the study investigates the reasons behind the differences by analysing inter alia questions such as where does the international law of internal armed conflicts come from why did it evolve differently from the law regulating international armed conflicts where is the international law of internal armed conflicts going

## **The Formation of the Treaty Law of Non-International Armed Conflicts**

## A Guide to Global Private International Law 2022-05-05

the essays contained in this volume deal both with the law concerning resort to force *jus ad bellum* and the law which regulates the conduct of hostilities once the decision to resort to force has been taken *jus in bello* the collection looks at iraqi invasion of kuwait in 1990 and shift towards the interpretation of decisions of the security council rather than the reliance on the law of self defence in assessing the legality or illegality of a state's resort to force also addressed are questions of whether international law permits the pre-emptive use of force and humanitarian intervention the collection also contributes to

the debates surrounding the law on the conduct of hostilities the laws of war properly so called including intense debate over whether nuclear weapons could ever lawfully be employed whether there is a role for belligerent reprisals in modern international law the system for the prosecution of war crimes and the duties of the belligerent occupant

## **The Influence of the Hague Conference on Private International Law: Selected Essays to Celebrate the 100th Anniversary of the Hague Conference on Private International Law 1993-05-27**

in this book the interaction between the rights guaranteed in the european convention of human rights echr and private international law has been analysed by examining the case law of the european court of human rights the court and selected national courts in doing so the book focuses on the impact of the echr on the three main issues of private international law jurisdiction applicable law and the recognition and enforcement of foreign judgments next to a list of cases consulted and a comprehensive bibliography the book offers brief introductions to pil and the echr for readers who are less familiar with either of the topics this makes the book not only a valuable tool for specialists and practitioners in the fields covered but at the same time a well documented basis for students and starting researchers specializing in either or both directions
