crown covenant and cromwell is a groundbreaking military history of the great civil war or rather the last anglo scottish war as it was fought in scotland and by scottish armies in england between 1639 and 1651 while the politics of the time are necessarily touched upon it is above all the story of those armies and the men who marched in them under generals such as alexander leslie the illiterate soldier of fortune who became earl of leven james graham marquis of montrose and of course oliver cromwell the fenland farmer and lord protector of england historians sometimes seem to regard battles as rather too exciting to be a respectable field of study but determining just how that battle was won or lost is often just as important as unraveling the underlying reasons why it came to be fought in the first place or the consequences that followed here stuart reid one of scotlands leading military historians brings the campaigns and battles of those far off unhappy times to life in a fast paced and authoritative narrative as never before

have you ever wondered why the bible contains certain specific elements such as the proliferation of the numbers seven or ten or why peter and andrew caught specifically 153 fish when jesus told them to put their net on the opposite side of the boat i wondered that curiosity led me to a bigger change in my understanding of scripture than i could have imagined it literally revolutionized my bible study practice i am going to let you in on the secret it is learning to see scripture through more of a jewish mindset jesus was jewish and so was the majority of his audience and the majority of the authors that wrote the bible that culture is far different from ours therefore it behooves us to attempt to learn something of what jesus christ and writers of the word meant when they penned their words as a serious student of the word i have spent

the new covenant is full of god s grace in order to enjoy such grace each one who belongs to the lord must know what this new covenant is how sad that many of the lord s people today neither appreciate nor understand this new covenant for this reason we have a burden to release some messages on the new covenant even so the new covenant is such a comprehensive subject that we cannot exhaust its richness with our limited learning experience and words still we look to god s grace and are willing to share with his children the little we have received our earnest prayer is that god would enable us to know something of the new covenant and lead us into its spiritual reality
