in the past few years companies large and small have called on me to get help with their non performing sales team the described symptoms are different from one company to another some need more revenue others complain about unreliable forecasts with deals slipping constantly from one quarter to another before being lost or even abandoned a few quarters later some ceos notice unproductive sales teams with an unusually high number of non quota carrying people needed in the sales force hitting the bottom line hard all these symptoms are related to the same illness inability to qualify since most sales teams put in place organizations including sdr sales development representatives or bdr business development representatives who qualify leads for account managers there is a wrong unstated assumption widely spread that once a lead is qualified the inside sales or field sales will have to work on them until they are won or lost ongoing qualification is often the issue qualification is not a binary step of the sales process qualification is a mindset and a habit to apply throughout the sales process from the first call to closing this book covers both the why and the how of sales qualification i was an early sales leader at ptc where the meddic methodology took shape i am also the founder of meddic academy the first platform to bring the qualification methodology online this book describes the m e d d i c and the meddpicc sales methodology in depth this is not a book of theories research or academic concepts but pure execution techniques with practical recipes at a high level meddic is a checklist that helps sales professionals reveal the gaps in an opportunity and execute correctly to fill those gaps and close the deal or drop it early this book is an excellent complement to the training and workshops we deliver online and in person globally

What Is Homeschooling, Why Children Should Always Be Homeschooled 100% Of The Time, And The Benefits Of Children Being Homeschooled

2024-05-18

this essay sheds light on what is homeschooling explicates why children should always be homeschooled 100 of the time and demystifies the benefits of children being homeschooled succinctly stated homeschooling refers to providing an education to children in a home setting in the 21st century homeschooling is perceived as being an unconventional form of education the homeschool graduation requirements that children are expected to fulfill can vary from jurisdiction to jurisdiction as of may of 2024 certain jurisdiction for instance may mandate children to pass standardized tests to fulfill homeschool graduation requirements the homeschool curriculum requirements can also vary from jurisdiction to jurisdiction homeschooling children does not need to always entail children following a structured curriculum but rather can involve children being at liberty to choose the niche topics that they want to learn about the homeschool lesson requirements can also vary from jurisdiction to jurisdiction homeschooling children also does not need to always entail parents furnishing lessons to their children but rather can involve children engaging in learning activities on their own such as by watching educational videos watching factual documentaries reading informational articles listening to informative podcast episodes and reading insightful books since children are capable of learning information on their own by engaging in learning activities they do not need to necessarily need to be lectured to about niche topics by a teacher in order to learn information it is eminently beneficent for children to embrace being autodidacts from a tender age since it can expedite the process of them achieving learning outcomes if children become dependent on being lectured to about niche topics by a teacher in order to learn information then it can culminate in them taking longer to achieve learning outcomes homeschooling children furnishes children with latitude for flexibility to achieve learning outcomes homeschooling children is also able to provide children with the opportunity for them to avail themselves of personalized learning experiences in which they choose how to learn information by being able to choose optimum ways to learn information that are optimally tailored to their learning preferences children can more expeditiously achieve learning outcomes homeschooling children can also provide children with the opportunity to learn information by engaging in pragmatic learning experiences by applying information amid their pragmatic learning experiences children render themselves more apt to learn information since doing so can help them to convert the applied information into knowledge homeschooling children can render it possible for children to have a unique educational experience homeschooling children can render people at a higher probability to become highly knowledgeable highly competent and highly adept industry experts in their niche fields at a tender age it stands to preponderantly reason that children should be homeschooled 100 of the time since doing so can cause them to circumvent succumbing to early life slavery which is the utmost deleterious form of modern slavery the practice of slavery in any form is inhumane immoral reprehensible and unvindicated even though all forms of slavery should be abolished modern slavery is inapt to ever be abolished by homeschooling their children a parent circumvents having their children sentenced to a 13 year insalubrious k 12 compulsory concentration camp by homeschooling their children a parent also renders their children all the more poised to have successful careers by homeschooling their children a parent also renders their children all the more primed to expeditiously achieve

desirable learning outcomes the mandate to attend the 13 year k 12 compulsory concentration camp that is imposed against people against their own volition is ineffably inhumane is the utmost pernicious form of modern slavery and should be abolished people should have purview over how their precious time is earmarked and their right to liberty should never be encroached on in a 13 year insalubrious k 12 compulsory concentration camp a person s inalienable right to liberty is severely encroached on in all facets

times have changed america has been rural for years but now is largely urban in spite of this shifting it is still surprising to discover how many people relate to their grandparents farm i remember the farm is usually stated with a sound of fondness it is from that background of memories that the author has written this book on values you can't avoid embracing some system of values even if you declare i choose to reject all values you choose a value of your own freedom to reject it is unavoidable from the garden of eden and a tree of choice to the hill of golgotha and the old rugged tree cross to the complexities of today the values you choose mark your path of life i believe the values lived by our fathers and mothers many of them learned from the farm and the church passed down to following generations made america strong and a wonderful place to live i encourage you to read this book and to ask the lord for wisdom to apply these enduring truths for practical living in our age they will guide our paths and help make us strong again farmstrong

we promised each other that we would always be together no matter what as we snuggled close to one another and kissed he smelled so good that he was turning me on but that had to wait i had to be satisfied with just his warm body next to mine we both fell asleep wrapped in each others arms i had a funny feeling and opened my eyes to see bob sitting up in bed what s the matter i asked he said he just didn t feel right instant panic grew inside of me as i dialed 911 bob screamed out my name as he held his arms out i went into his arms he hugged me and his whole body went limp i couldn t feel a pulse and leaned on his chest to listen to his heartbeat but there was nothing as the medics arrived i let them in and was told to stay in the living room i don t know why but i felt that bob s heart had beat it s final beat i knew deep down in my heart that no matter how hard i could shake him or how desperately i cried or yelled or even prayed he would never wake up again he promised me we would always be together and now he is dead
