MEDINFO 2023 — The Future Is Accessible

2024-04-02

science fiction author william gibson is famously quoted as saying the future is already here it s just not very evenly distributed during the covid pandemic telehealth and remote monitoring were elevated from interesting innovations to essential tools in many healthcare systems but not all countries had the infrastructure necessary to pivot quickly amply demonstrating the negative consequences of the digital divide this book presents the proceedings of medinfo 2023 the 19th world congress on medical and

health informatics held from 8-12 July 2023 in Sydney Australia. This series of biennial conferences provides a platform for the discussion of applied approaches to data information knowledge and wisdom in health and wellness. The theme and title of MedInfo 2023 was 'The Future is Accessible but the Digital Divide is a Major Concern for Health and Care Informatics Professionals'. Whether because of global economic disparities, digital literacy gaps, or limited access to reliable information about health, a total of 935 submissions were received for the conference, of which 228 full papers, 43 student papers, and 117 posters were accepted following a thorough peer review process involving 279 reviewers. Topics covered include information and knowledge management, quality, safety, and outcomes, health data science, human, organizational, and social aspects, and global health informatics. Significant advances in artificial intelligence, machine learning, augmented reality, virtual reality, and genomics hold great hope for future healthcare planning, delivery, management, education, evaluation, and research, and this book will be of interest to all those working to not only exploit the benefits of these technologies but also to identify ways to overcome their associated challenges.

several international legal issues are related to the concept of legal personality including the determination of international rights and duties of non state actors and the legal

capacities of transnational institutions when addressing these issues different understandings of legal personality are employed these concepts consider different entities to be international persons state different criteria for becoming one and attach different consequences to being one in this book roland portmann systematizes the different positions on international personality by spelling out the assumptions on which they rest and examining how they were substantiated in legal practice he puts forward the argument that positions on international personality which strongly emphasize the role of states or effective actors rely on assumptions that have been discarded in present international law the principal argument is that international law has to be conceived as an open system wherein there is no presumption for or against certain entities enjoying international personality

this book presents a review of historical and emerging legal issues that concern the interpretation of the international crime of genocide the polish legal expert raphael lemkin formulated the concept of genocide during the nazi occupation of europe and it was then incorporated into the 1948 convention on the prevention and punishment of the crime of genocide this volume looks at the issues that are raised both by the existing international law definition of genocide and by the possible developments that continue to emerge under international criminal law the authors consider how the concept of genocide might be used in different contexts and see whether the definition in the 1948 convention may need some revision also in the light of the original ideas that were expressed by lemkin the book focuses on specific themes that allow the reader to understand some of the problems related to the legal definition of genocide in the context of historical and recent developments as a valuable contribution to the debate on the significance meaning and application of the crime of genocide the book will be essential reading for students and academics working in the areas of legal history international criminal law human rights and genocide studies chapter 12 of this book is freely available as a downloadable open access pdf under a creative commons attribution non commercial no derivatives 4 0 license available at taylorfrancis.com/books/e/9781003015222
