interfacings claire s unique fabric fiber dictionary cross reference over 600 additional fabrics an invaluable reference for any one who sews sew any fabric provides practical clear information for novices and inspiration for more experienced sewers who are looking for new ideas and techniques many people consider themselves to be both environmentalists and supporters of animal welfare and rights yet despite the many issues which bring environmentalists and animal advocates together for decades there have been flashpoints which seem to pit these two social movements against each other dividing them in ways unhelpful to both in this innovative book amy j fitzgerald analyses historic philosophical and socio cultural reasons for this divide tackling three core contentious issues sport hunting zoos and fur over which there has been profound disagreement between segments of these movements she demonstrates that even here they are not as far apart as is generally assumed and that there is space where they could more productively work together charting a path forwards she points to evolving practices and broad structural forces which are likely to draw the movements closer together in the future the threats posed by industrial animal agriculture to the environment and to non human and human animals demand once and for all that we bridge the divide between animal advocacy and environmentalism as the most populous province in canada ontario is a microcosm of the animal welfare issues which beset western civilization the authors of this book chairman and vice chairman respectively of the ontario society for the prevention of cruelty to animals find themselves constantly being made aware of the atrocities committed in the society s jurisdiction they have been in turn puzzled exasperated and horrified at humanity s cruelty to our fellow sentient beings the issues discussed in this book are the most contentious in animal welfare disputes animal experimentation fur farming and trapping the use of animals for human entertainment and the conditions under which animals are raised for human consumption they are complex issues and should be thought about fairly and seriously the authors standing squarely on the side of the animals suggest community and belonging as concepts through which to understand our relationships to other species they ground their ideas in wordsworth s primal sympathy and jung s unconscious identity with the animal realm the philosophy developed in this book embraces common sense and compromise as the surest paths to the goal of animal welfare it requires respect and consideration for other species while acknowledging our primary obligations to our fellow humans includes changes entitled public bulletin to execute excellent designs you need accurate pattern drafting and quality sewing and professional sewing techniques for designers third edition gives aspiring designers these skills the text
