note no further discount for this printed product overstock sale significantly reduced list price engineers at war describes the role of military engineers especially the u s army corps of engineers in the vietnam war it is a story of the engineers battle against an elusive and determined enemy in one of the harshest underdeveloped regions of the world despite these challenges engineer soldiers successfully carried out their combat and construction missions the building effort in south vietnam allowed the united states to deploy and operate a modern 500 000 man force in a far off region although the engineers faced huge construction tasks they were always ready to support the combat troops they built ports and depots carved airfields and airstrips out of jungle and mountain plateaus repaired roads and bridges and constructed bases because of these efforts ground combat troops with their supporting engineers were able to fight the enemy from well established bases although most of the construction was temporary more durable facilities such as airfields port and depot complexes headquarters buildings communications facilities and an improved highway system were intended to serve as economic assets for south vietnam this volume covers how the engineers grew from a few advisory detachments to a force of more than 10 percent of the army troops serving in south vietnam the 35th engineer group began arriving in large numbers in june 1965 to begin transforming cam ranh bay into a major port airfield and depot complex within a few years the army engineers had expanded to a command two brigades six groups twenty eight construction and combat battalions and many smaller units other products produced by the u s army center of military history can be found here bookstore gpo gov agency 1061 a hardcover edition of this book was originally published in 1999 by doubleday title page verso historical personal and technical aspects of the second world war are explored in this six book series each book examines a different facet of the war from the military machines and battles to the leaders who brought their people through the terrible times details of military weaponry battle plans and personalities will bring this conflict alive for readers accompanying dvd includes world war ii footage this volume deals with strategic planning in the midwar era from january 1943 through the summer of 1944 this is the story of the hopes fears struggles and triumphs of the army strategic planners coming to grips with the problems of the offensive phase of coalition warfare basic to this story is the account of planning by general george c marshall and his advisers in the great debate on european strategy which followed the allied landings in north africa and continued to the penetration of the german frontier in september 1944 during this period the great international conferences from casablanca in january 1943 to the second quebec in september 1944 were held and the allies formulated the grand strategy of military victory the volume follows the plans issues and decisions to the end of the summer of 1944 when the problems of winning the war began to come up against the challenges of victory and peace and a new era was beginning for the army chief of staff and his advisers military soldiers veterans especially world war ii veterans and their families and students studying world war ii may enjoy reading this primary source document that accounts the leadership and strategy during world war two years 1943 1944 related products united states reitan a rifleman with the third infantry division in world war ii has written a vivid story of four teenagers one of them an american who join the resistance in france during world war ii after adventures with the resistance the american becomes an underage rifleman with the third infantry division and participates in the battles experienced by the author set in the grim reality of wartime france this dark edged novel presents interesting characters fast moving action true to life instances of ground combat and a touch of bittersweet romance hewitt famous for being diana s lover reflects on their affair and his military career hardcover edition inside is the true story with 60 photographs of a war that was kept from the american people a war fought right in its own back yard it s the story of a japanese doctor educated in america and caught up in a war that tore him between two worlds it was a war that shattered his hopes and dreams of a family he would never see again you ll read about a navy submarine commander and his crew who went missing creating a mystery that remained unsolved for over 60 years the story is about the lives of young men who fought and died for what they believed in and how a young pilot helped change the course of the war before his death it tells of how the governments of both the united states and japan tried to keep a part of world war ii secret and how it was years before citizens had any idea it ever happened it s a story of love faith and hardships suffering and dying it s the story of the dead crying out to be heard and remembered it s their story a story about a forgotten war fought on american soil about the the invasion of america no one really knows or remembers except for those very few remaining who fought there you ll learn about the troops whose lives were cut short because they were too poorly equipped to fight this war that never happened it s a story about everyday people like you or i who lost their lives in a land few people gave any thought to you ll see why they became the men of the invisible war clone soldiers are fighting a never ending battle far from earth in a distant solar system orbiting a planet nicknamed hell john 999801 is tired of having to continually fight an enemy that refuses to give up and longs to be with a woman he s only seen in his dreams is she real who is she why does he keep dreaming about her the life of this low ranking clone soldier is about to take a turn for the worst or is it going to open his eyes to the truth can one clone really make a difference how long can a war like this last read the original best selling novella with an additional short story and a special bonus chapter a sneak peak at the coming sequel prequel novel the hardcover reference titles in the day by day series examine the evolution of conflicts and wars in a chronological timeline from the first skirmish to the last battle and everything in between these books are a historical companion to each major war in the nineteenth and twentieth century the fate of soldiers battalions armies can change in the blink of an eye with this comprehensive book readers can follow the conflicting sides in their strategy weaponry and policies this chronological approach to the conflict allows the reader to see at a glance the key operations on land at sea and in the air the individual stories of events during the war appear as separate articles written as lively newspaper accounts using the terminology and phrases used in the war such as charlie search and destroy and body counts in this way the reader is able to relive the ebb and flow of the war while the contemporary images complement the entries and bring this unique conflict to life in addition the full

color maps allow the reader to follow the course of the campaigns and battles with ease this book also contains boxes on specific aspects of the war such as strategy and tactics decisive weapons and nazi germany to the bombing of hiroshima superb mind maps and step by step summaries will teach you all the main concepts the big ideas series with millions of copies sold worldwide the wwii book is part of the award winning big ideas series from dk the series uses striking graphics along with engaging writing making big topics easy to understand war world takeover is the second volume in a grand reissue of war world that will present haven s history in a chronological fashion for the very first time takeover is a trade hardcover volume and includes eight new stories as well as two previously published yarns on earth overpopulation and rising nationalism require the resettlement of millions of troublesome minorities or the fragile peace between the ussr and the usa will go down in flames it is up to the codominium to solve this problem and it just so happens the bureau of relocation has discovered the perfect dumping ground for millions of unwanted minorities and religious fanatics while the mining companies exploiting haven s considerable resources need a cheap and expendable labor pool one hand washes the other thus the cd bureau of intelligence gives orders to subvert harmony rule and turn haven into a codominium protectorate meanwhile the inhabitants of haven are having their own problems due to too many transportees from earth too few resources too few live births and the most inhospitable environment known to sustain life just barely if that s not enough now they have to face a hostile takeover by the very people they left earth to escape for more info visit the war world web site at warworldcentral com war and peace charts the history of the french invasion of russia through the stories of five russian aristocratic families war and peace is well known as being one of the longest novels ever written and a central work of world literature on war is a book on military strategy by prussian general carl von clausewitz written mostly after the napoleonic wars between 1816 and 1830 it is one of the most important books on political military analysis and strategy ever written in 1939 brazil seemed a world away from the chaos overtaking europe yet despite its bucolic reputation as a distant land of palm trees and pristine beaches brazil s natural resources and proximity to the united states made it strategically invaluable to both the allies and the axis alike as acclaimed historian neill lochery reveals in the fortunes of war brazil s wily dictator getúlio dornelles vargas keenly understood his country s importance and played both sides of the escalating global conflict off against each other gaining trade concessions weapons shipments and immense political power in the process vargas ultimately sided with the allies and sent troops to the european theater but not before his dexterous geopolitical machinations had transformed rio de janeiro into one of south america s most powerful cities and solidified brazil s place as a major regional superpower a fast paced tale of diplomatic intrigue the fortunes of war reveals how world war ii transformed brazil from a tropical backwater into a modern global power what are the reasons behind and trajectories of the rapid cultural changes in ukraine since 2013 this volume highlights the role of the revolution of dignity and the russian ukrainian war in the formation of ukrainian civil society the forms of warfare waged by moscow against kyiv including information and religious wars ukrainian and russian identities and cultural realignment sources of destabilization in ukraine and beyond memory politics and russian foreign policies the kremlin s geopolitical goals in its near abroad and factors determining ukraine s future and survival in a state of war the studies included in this collection illuminate the growing gap between the political and social systems of ukraine and russia the anthology illustrates how the ukrainian revolution of 2013 2014 russia s annexation of the crimean peninsula and its invasion of eastern ukraine have altered the post cold war political landscape and with it the regional and global power and security dynamics the organizational history of field artillery 1775 2003 traces the evolution of one of the u s army s premier combat arms field artillery the king of battle janice e mckenney s study is a systematic account of the organization of artillery units both field and coast until their separation in the early twentieth century and then field artillery alone until 2003 tracing the development of one of the army s most complex arms the author highlights the rationale behind each major change in the branch s organization weapons and associated equipment and lays out for all field artillery soldiers the rich heritage and history of their chosen branch the work also complements the forthcoming revised edition of the lineage volume field artillery letters of love and war is an apt title i believe because it capsulizes the emotion that young people of the great generation must have experienced from being torn apart by the ravages of war these letters present an honest and straightforward account of their struggle and how they remained resilient throughout preserving their love for each other and for their country the book has letters that range from the mundane to the sublime and yet maintain consistency throughout one can experience a one on one immediacy from reading their letters and those of their loved ones one is swept up and brought back in time to 1944 and 1945 when the world was at war and all of america was united with the effort to win and

defeat the evil forces that were attempting to destroy their country and the freedoms that they all enjoyed the letters bring the urgency of this effort home to us the reader we are one amongst them as we read letter after letter and empathize with the perils they had to endure read the letters and you too will understand how lucky we were to have their great generation precede us this book has been considered by academicians and scholars of great significance and value to literature this forms a part of the knowledge base for future generations so that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published hence any marks or annotations seen are left intentionally to preserve its true nature third world war is a story of one man s journey through war what he saw what he felt and what he returned to the normal world with it is a prosaic and harrowing account of blood gore and determination to continue to fight chronicles the events which drew the united states into the korean war and explains how it lead to the cold war struggle between the communist soviet union and the united states 120 lined pages cream colored interior pages 6 x 9 15 24cm x 22 86cm hard cover learn about the rise of adolf hitler pearl harbour and the d day landings in the wwii book part of the fascinating big ideas series this book tackles tricky topics and themes in a simple and easy to follow format learn about world war 2 in this overview guide to the subject great for beginners looking to learn and war experts wishing to refresh their knowledge alike the wwii book brings a fresh and vibrant take on the topic through eye catching graphics and diagrams to immerse yourself in this captivating book will broaden your the journey of a terrified child s transformation to adulthood reflecting on the emotional wounds left not only on herself but those close to her ewa s story is one of survival and self recovery in the face of distress from horror to healing her story reveals the truth of what it is to be a child of war this is the clear print edition of a child of war with a 14pt font size for easier reading this is about the extraordinary lives of two people who fell in love on the cusp of wwii they secretly married after the war started and survived three wars while raising a family of five clara and warren married while he was in the marine corps flight training over thirty years of highly decorated marine service warren flew thirty different aircraft and survived scores of combat missions and close calls in wwii korea and vietnam what saw warren through the darkest hours of three wars and clara through lonely and extended separations while taking care of five kids were their dedication and love warren would always come home and clara would always be there and after seventy five years of marriage that holds true today affectionately known by friends and family as the general and the colonel clara and warren s memoir is an inspiring remarkable story of love and war a journey through life in this funny and tender memoir john freely reflects on a remarkable life splitting his early childhood between the u s and ireland inspired in freely a lifelong desire to see the world and its inhabitants at age six he settled in brooklyn where he spent a sometimes tumultuous boyhood amidst a large extended family moving from house to house the family s belongings packed in an uncle s hearse growing up poor in his teens freely took whatever jobs he could when times got tough always shaking off his losses and moving on hungry for new experiences and adventures he joined the u s navy at seventeen to see the world and did just that as a member of an elite commando unit he was sent to one of the most remote places in asia where he served alongside chiang kai shek s chinese forces during the last weeks of world war ii a vivid recollection on a world that now exists only in memory the house of memory is a lasting tribute to a life well lived and to all of the immigrant families who have struggled endured and enriched our country winds of war sweep across europe the cloning company phoenvartis has launched an inquisition of torture and murder threatening to take over the entire planet after a revolutionary group gains access to the cloning machine they plan to revive a madman from the 20th century meanwhile the previously cloned founding father and a group of former phoenvartis employees flee to the central highlands of vietnam from their jungle base they form a coalition
