Balik-Tanaw: The Road Taken 2023-03-23 balik tanaw the road taken is the memoir of the distinguished filipino critic soledad s reyes this book is a record of reyes journey of more than seven decades where personal narrative intertwines with people and events with social and political movements with which the country sought to negotiate the treacherous shoals in the postwar years the account carries a fair amount of biographical data as lodged in the critics memory in the absence of diaries from her childhood into her college years but as the context becomes wider and more complex the narrative takes on a more analytical frame as she tries to make sense of disparate experiences whirling about her in the tumult of the 1970s and beyond and in the startling changes in the political landscape local and global that now grip the filipino nation this account according to the author is a story of an individual constructing a narrative that seeks to impose order upon chaos by retrieving aspects of the past and weaving a series of recalcitrant experiences into a coherent whole published in association with de la salle university publishing house

**Social Europe, the Road not Taken** 2022-10-20 this book examines the european left s attempt to think and give shape to an alternative type of european integration a social europe during the long 1970s based on fresh archival material it shows that the western european left in particular social democratic parties trade unions and to a lesser extent eurocommunist parties formulated a project to turn capitalist europe into a workers europe this project favoured coordinated measures for wealth redistribution market regulation a democratisation of the economy and of european institutions upward harmonisation of social and fiscal systems more inclusive welfare regimes guaranteed employment economic and social planning with greater consideration for the environment

increased public spending to meet collective needs greater control of capital flows and multinational corporations a reduction in working time and a fairer international economic order favouring the global south during the pivotal years following 1968 deeply marked by labour militancy new social movements economic crisis and the unmaking of the postwar compromise a window of opportunity opened in which european integration could have taken different roads the defeat of social europe was a result of a decade long social conflict which ended with the affirmation of a neoliberal europe investigating this forgotten struggle and the reasons of its defeat can be useful not just to scholars and students eager to understand the historical evolution of european integration the european left and european capitalism but also to anyone interested in building alternative european and global futures
