when i wrote the dutch the germans and the jews i did not realize that the article was to become so controversial with regard to the wartime record of the netherlands the dutch had over the years constructed a national image of heroic resistance against the german occupier this image was complemented by a stress on dutch support of its persecuted jewish citizens my article noted however that little was further from the truth on virtually all levels before and even during the war a substantial number of dutch people collaborated with nazi germany the jewish dutch received only scant support a good philosopher according to nietzsche has to be the bad conscience of his time i argue that this duty also applies to historians and journalists i hope that my critique will be seen as an invitation to researchers to take a closer look at this black page in dutch history jan herman brinks a specialist in the contemporary history of germany and the netherlands has been a researcher at the american institute for contemporary german studies of the johns hopkins university at bath university and at birkbeck college in london after working at the centre for german jewish studies at the university of sussex he is currently an investigative journalist and a researcher

Germany and the Germans 1993

even today the third reich the regime that instigated the most destructive war in modern history evokes powerful images of fascination and horror yet how were the lives of the ordinary german people of the 1930s and 40s affected by the politics of hitler and his followers looking beyond the catalog of events this intriguing book reveals that daily german life involved a complex mixture of bribery and terror of fear and concessions of barbarism and appeals to conventional moral values employed by the nazis to maintain their grip on society eight leading historians present essays that shed fresh light on topics as familiar as the role of political violence in nazi seizure of power and the german view of hitler himself it also focuses on lesser known aspects of life in the third reich such as village life the treatment of social outcasts and the germans own retrospective view of this period of their history

The Germans 1942

in the spring and summer of 1938 a third generation german canadian took an unforgettable road trip in europe franklin wellington wegenast drove through austria italy france luxembourg and germany he stopped to talk to people along the way and offered rides to those requesting them he listened to what his passengers had to say about their lives the conditions they lived under and their views on what was happening in europe wegenast heard hitler speak in innsbruck and so witnessed first hand nazi power as austria's independence crumbled in his journal he noted the sheer animal force in the cries of the crowd and foresaw the collision course that was shaping up between the germans who supported hitler's ideology and the rest of the world wegenast was unable to publish the journal he kept on his journey and at the time of his death in 1942 it was in an unorganized state it is published here for the first time alongside commentary that puts the entries in the contexts of wegenast's life experiences the prevailing attitudes of the day both in north america and europe and modern scholarship on germany in the 1930s the book includes correspondence wegenast had with a young german for a few months after his return to canada correspondence that reveals even more clearly the intensity of his feelings and his fear for the future newly

released government documents and diaries kept by germans during the interwar period have meant a considerable outpouring in recent years of material on german sentiment in the 1930s wegenast s diaries and letters corroborate modern assessments of german thinking and add insightful commentary providing an outsider insider view on the brewing conflict
