The Solitary Voice of Dissent 2020-10-06

this book urges respect for solitary dissent rather than censure it equips a wide audience to understand what previously seemed unimaginable much less comprehensible it shows the reader how to reach beyond those first conclusions and into the heart of the matter the lone voice explains that something has been hidden away something which the individual now dissenting can no longer acquiesce in it raises the possibility that more may be seriously wrong those who need to understand range from academics to researchers to managers to elected representatives to journalists we all have an interest in knowing not just what has gone wrong but also why this person and no other decided they could take no more if we are to correct a bad situation rather than just patch it up we need clarity at every level of the individual s deepening unease the book uses four case studies two in ireland one in uk all on the record and one authoritative biography of a well known italian personality to demonstrate an approach to analyzing solitary dissent the methods used are academic but in the way they are presented certainly intelligible to the lay reader indeed the author who is one of the case studies writes with a degree of affection for his two authorities michel foucault and anthony giddens which is engaging anything but formal but no less authoritative for that another persuasive output of the book is the resonance of solitary dissent with jean paul sartre s existentialism which is also analysed the solitary voice of dissent is limited by the extent to which the author has been able to delve into the personal privacy of the case studies offered with commendable detachment he is able to examine his own experience and the biography he has selected allows a similarly deep investigation into the fourth case study while each personality investigated was male the author also identifies certain contemporary female dissenters this is an area increasingly impacting upon the public s awareness but which no one has written about before if we are to mend our society we need to start a conversation a wide audience will wish to follow it

Shakespeare and the Solitary Man 1981-06-18

the solitary explorer responsibly and critically explores thomas merton s lifelong spiritual development as reflected in his religious and secular writings and delineates the meaning of his life and work for contemporary readers it provides an interpretive chronology of merton s writings and unravels the intertwining threads of self realization and widening intellectual interests evidenced in the material he produced between his early autobiography and the controversial work of his later

years elena malits shows merton as writer as monk as social critic as seeker of wisdom in the east as man of prayer and as one continually on a journey into the unknown merton always held that the quest for god is a continuing one the solitary explorer traces the progress of this quest in merton s life and literary works to reveal a multifaceted spiritual guide who offers an approach to the divine at once reassuringly traditional and refreshingly contemporary

The Solitary Explorer 2014-09-17

the solitary sphere in the age of virgil uses an enriched tripartite model of roman culture touching not only the public and the private but also the solitary in order to present a radical re interpretation of latin literature and of the historical causes of this third sphere s relative invisibility in scholarship by connecting cosmos and imperium to the individual the solitary sphere was not so much a way of avoiding politics as a political education in itself as re imagined by literature in this age literature this sphere was an essential space for the formation of the new roman citizen of the augustan revolution and was behind many of the notable features of the literary revolution of virgil s age the expansion of the possibilities of the book of poetry the birth of the literary cursus new coordinations of cosmology and politics within strictly organized schemes the attraction of first person genres and the subjective style through close readings of cicero s late works and the oeuvres of virgil horace and propertius and the works of other authors in the age of virgil the solitary sphere thus presents a revelatory reassessment of the classicism of classical roman literature and contributes to the study of pre modern culture more generally especially for traditions that have taken antiquity as too fixed a point in their own literary religious and cultural histories

The Solitary Sphere in the Age of Virgil **2021-06-29**

mikita brottman wonders just why is reading so great it s a solitary practice one that takes away from time that could be spent developing important social networking skills reading s not required for health happiness or a loving family and if reading is so important why are catchy slogans like reading changes lives and champions read needed to hammer the point home fearlessly tackling the notion that nonreaders are doomed to lives of despair and mental decay brottman makes the case that the value of reading lies not in its ability to ward off alzheimer s or that it s a pleasant hobby rather she argues that like that other well

known solitary vice masturbation reading is ultimately not an act of pleasure but a tool for self exploration one that allows people to see the world through the eyes of others and lets them travel deep into the darkness of the human condition

The Solitary Vice 2008-02-28

hailed as one of the three finest wits of her day the countess elizabeth von arnim cemented her literary reputation with this companion work to her extraordinarily popular first novel the semi autobiographical elizabeth and her german garden also available from cosimo classics first published in 1899 this is a proto feminist account of one woman s attempt to carve out of a space of her own away from the husband she only half jokingly refers to as her man of wrath in the rambling gardens of the family s county estate by turns bitinglly satirical and achingly lovely this will delight fans of von armin s friends and fellow writers e m forster and katherine mansfield british novelist elizabeth von arnim 1866 1941 is also the author of enchanted april

The Confessions ... with The Reveries of the Solitary Walker. Translated from the French, Etc 1783

this is a book about spirituality for the solitary those people who live alone in the past they were known as hermits eremites and anchorites today they are known as pioneers mountain men and women widows widowers and people who choose to live alone in the country or in the city they spend their days like other ordinary people taking care of daily chores but also spending some time in prayer and meditation the solitary life is alive and well and it appears in all world religions the solitary seeks solitude for prayer meditation self awareness and personal development living alone in a house or apartment begins to transform one s life a person sets off on the path of purpose the path of integrity the path of transcendence that lifts his or her heart mind and spirit to the divine presence god who transforms more and more as the solitary dives deeper and deeper this book provides an in depth exploration of spirituality for the solitary along with eight part exercises designed to further enhance solitary spirituality included are prayers psalms in contemporary english and celebrations using natural things such as water oil and fire

The Solitary Summer 2007-10-01

brian mculty veteran bartender at oscar s on the upper west side respects his customers privacy and their space but when a tarnished but innocent young woman seduced by new york s bright lights and glitter is murdered and another battered innocent charged with killing her he reluctantly begins his own investigation brian s commitment to the chase is given a boost with the arrival of the dead girl s sister a young massachusetts businesswoman determined to uncover the killer while she s put off by brian s jaded attitude and offbeat lifestyle she comes to rely upon his familiarity with the city s darker underside including a cadre of neighborhood cronies politically leftist and a dedicated union man brian learns that when you dig into people s lives rich or poor you find things kept hidden for good reason by stirring up these ghosts you change the shape of the landscape and put your friends your customers and yourself in harm s way this debut novel is perfectly wrapped in original art by fritz scholder con lehane grew up in the suburbs of new york city and currently writes from just outside of washington dc where he lives with his wife and two sons once a college professor union organizer and bartender lehane is now an editor at the national education association he holds a master of fine arts degree in fiction writing from columbia university school of the arts conlehane com
