## The Revenge of Power

2022-02-22

named one of the new yorker s best books of 2022 an authoritative and intelligent portrait of the global spread of authoritarianism and its dangers what sets this work apart from books like timothy snyder s on tyranny and michiko kakutani s the death of truth is its unusually comprehensive armada of facts about the international drift over the past two decades toward authoritarian leaders whether old style dictators like kim jong un or nominally elected presidents like vladimir putin kirkus an urgent thrilling and original look at the future of democracy that illuminates one of the most important battles of our time the future of freedom and how to contain and defeat the autocrats mushrooming around the world in his bestselling book the end of power moisés naím examined power diluting forces in the revenge of power naím turns to the trends conditions technologies and behaviors that are contributing to the concentration of power and to the clash between those forces that weaken power and those that strengthen it he concentrates on the three p s populism polarization and post truths all of which are as old as time but are combined by today s autocrats to undermine democratic life in new and frightening ways power has not changed but the way people go about gaining it and using it has been transformed the revenge of power is packed with alluring characters riveting stories about power grabs and losses and vivid examples of the tricks and tactics used by autocrats to counter the forces that are weakening their power it connects the dots between global events and political tactics that when taken together show a profound and often stealthy transformation in power and politics worldwide using the best available data and insights taken from recent research in the social sciences naím reveals how on close examination the same set of strategies to consolidate power pop up again and again in places with vastly different political economic and social circumstances and offers insights about what can be done to ensure that freedom and democracy prevail the outcomes of these battles for power will determine if our future will be more autocratic or more democratic naím addresses the questions at the heart of the matter why is power concentrating in some places while in others it is fragmenting and degrading and the big question what is the future of freedom

bureaucracies trying to control them from illegal migrants to drugs to weapons to laundered money to counterfeit goods the black market produces enormous profits that are reinvested to create new businesses enable terrorists and even to take over governments naim reveals the inner workings of these amazingly efficient international organizations and shows why it is so hard and so necessary to contain them riveting and deeply informed illicit will change how you see the world around you

## Summary of Moises Naim's The End of Power

2021-05-09

buy now to get the key takeaways from moises naim s the end of power sample key takeaways 1 power is simply defined as the ability to make others do or stop doing something power as we know it today is undergoing a huge transformation one which has potential to change history and the world 2 power is changing because it is no longer solely in the hands of the big players in the world as in large institutions or organizations it s slowly seeping out into the hands of other smaller players

## Latin America's Journey to the Market

1995

political and economic reform is at the top of national agendas around the world this book based on moises naim s participation in the venezuelan reform experience and as executive director at the world bank raises questions and explores problems crucial to achieving national reform strategies naim s lucid analysis grapples with the problems of dealing with entrenched interests bent on derailing reform allaying the corrosive effects of corruption and public outcry over inequitable burdens coping with the political instability brought on by decimated public institutions managing the impact of reforms on the military establishment and mobilizing public support for measures as essential as they are painful the heady days of revolution are gone and these and other dilemmas now confront besieged reform governments everywhere the problem of managing these in the real world is the subject this book tackles

## Mentoring and Sponsoring

2020-11-11

the recently adopted oecd convention outlawing bribery of foreign public officials is welcome evidence of how much progress has been made in the battle against corruption the financial crisis in east asia is an indication of how much remains to be done corruption is by no means a new issue but it has only recently emerged as a global issue with the end of the cold war the pace and breadth of the trends toward democratization and international economic integration accelerated and expanded globally yet corruption could slow or even reverse these trends potentially threatening economic development and political stability in some countries as the global implications of corruption have grown so has the impetus for international action to combat it in addition to efforts in the oecd the organization of american states the world trade organization and the united nations general assembly the world bank and the international monetary fund have both begun to emphasize corruption as an impediment to economic development this book includes a chapter by the chairman of the oecd working group on bribery discussing the evolution of the oecd convention and what is needed to make it effective other chapters address the causes and consequences of corruption including the impact on investment and growth and the role of multinational corporations in discouraging bribery the final chapter summarizes and also discusses some of the other anticorruption initiatives that either have been or should be adopted by governments multilateral development banks and other international organizations

america s national discourse and yet our opinions of leaders are at all time lows private sector leaders are widely seen as greedy to the point of being corrupt public sector leaders are viewed as incompetent to the point of being inept and levels of trust in government have plummeted as the title of this book conveys leaders in america are experiencing hard times barbara kellerman argues that we focus on leaders and even on followers while ignoring an essential element of leadership context this book is a corrective it enables leaders to track the terrain that they must navigate in order to create change rather than a handy dandy manual on what to do and how to do it hard times is structured as a checklist twenty four brief sections cover key aspects of the american landscape they trace evolutions and revolutions that have revised our norms transformed our populations and institutions and shifted our culture kellerman s crash course on context reveals how significant it is to leadership clearer still is the fact that leadership is more difficult than it has ever been it is context that explains why leadership is so fraught with frustration and it is context that makes evident why leadership will be better exercised if it is better understood calling out patterns that emerge from the checklist kellerman challenges leaders to do better this fascinating read will change the way that all of us think about leadership while compelling us to consider what it means for our future finally a book that explains why leadership is so hard thought provoking examples taken from business and government alike sydney finkelstein tuck school of business author of why smart executives fail

## **Washington Diplomacy**

development of new technologies on the whole faculty members teach pretty well and students are in fact learning at least something and the challenges of inadequate funding are faced with adequate success

## Business Environment in a Global Context

2016-10-14

multilateral development banks mdbs are increasingly expected to address environmental issues in their economic development lending yet the banks have been accused of failing to implement their own environmental policies thereby contributing to environmental degradation in borrowing countries in this book tamar gutner analyzes the environmental policies of three mdbs the world bank the european bank for reconstruction and development and the european investment bank she compares their performance in central and eastern europe where the need for economic and environmental reform has been particularly urgent and where these mdbs are among the largest donors gutner finds many obstacles to efforts to green the three banks most notably a mismatch between the environmental mandates and existing patterns of institutional design and incentives the depth and scope of the banks green activities reflect the degree of shareholder commitment to environmental issues and how demand driven the mdb is designed to be surprisingly the world bank the most scrutinized and criticized of the three mdbs has been rather more responsive than its counterparts to its environmental mandate in the region the discussion is framed by larger explorations of the behavior of international organizations and the sources of their innovation and inertia in addressing new policy issues gutner demonstrates the need to examine the impact of different stages of the policy process on new mandates and to incorporate both political and institutional variables when developing theories about the behavior of international institutions

1995

according to many economists the increasing mobility of capital across borders has made it more costly to peg exchange rates this phenomenon has contributed to some of the more famous examples of exchange rate crises in recent times such as the mexican peso crisis in 1994 and the asian financial crisis in 1997 yet despite the increasing costs of pegging in today s accelerated financial markets some developing countries try to maintain a peg for as long as they can this work is the first to theorize the role of bankers as a domestic interest group involved in exchange rate policy it adds to our understanding of how interest groups affect economic policy in developing countries and explains why some of the largest and fastest growing economies in the developing world were the most prone to crisis the volume also refines our understanding of the hollowing out thesis the argument that increasing capital mobility is forcing states to abandon pegging

## The Law of Journalism and Mass Communication

2015-10-16

this study will attempt to answer the question of how can the rise in social violence since the 1980s be explained in the oil rich nation of venezuela the once relatively peaceful nation of venezuela has seen a dramatic rise in social violence over the last three decades that has placed her amongst some of the world s most dangerous countries a review of the relevant literature will reveal that the study of a social phenomenon such as violence in a nation such as venezuela is a complicated task because there are a number of different but in many cases interlinked variables that contribute to the formation of this social phenomenon therefore the conceptual framework will consist of a multi variable analysis so that this study may go about to formulate an appropriate explanation based on the complex causes and effects that surround this issue however special attention will be given to the nation s developmental history which has given way to a severe socio political crisis although special attention will be given to this important variable no hierarchy of variables will be established as the convoluted nature of social events makes it very difficult to formulate one other factors that will also be analyzed as they contribute to the rise of social violence are the nation s vast hydrocarbon wealth which is always an outstanding variable because of its economic importance economic reform and liberalization and the urbanization process although there have been several studies on oil rich nations including venezuela their economic dynamics the latin american urbanization process and the venezuelan political crisis there is an absence of studies that include these intervening factors in a comprehensive manner this study hopes to fill this gap

## Exchange Rate Crises in Developing Countries

2018-01-18

a nova edição de um clássico contemporâneo que se mostra atual como nunca o mundo vem passando por uma série de transformações cada vez mais vertiginosas e relevantes potências hegemônicas como os estados unidos têm de lidar cada vez mais com limitações em sua atuação e as grandes companhias agora enfrentam a crescente ameaça dos pequenos empreendimentos o poder na política nos negócios e até mesmo nos campos de batalha está se tornando mais fragmentado e mais difícil de ser mantido ao longo de o fim do poder livro fundamental de nosso tempo que ganha agora uma nova edição o escritor venezuelano moisés naím discute as mudanças pelas quais o mundo vem passando desde meados do século xx e procura explicar por que o poder é hoje tão frágil e transitório examinando o papel das novas tecnologias e identificando as forças que estão por trás dessas transformações como toda obra de análise política e institucional numa era vertiginosamente veloz o fim do poder lançado originalmente em 2013 corria o risco de ser ultrapassado pelos fatos e pelas mudanças que o próprio autor discute em suas páginas tal risco não se aplica a um livro como este e a um autor como moisés naím não só suas análises permanecem mais atuais do que nunca como provavelmente continuarão assim por muito tempo falar em fim do poder está longe de significar a identificação do fim do estado das grandes empresas das igrejas ou no limite do fim das elites À sua maneira cada um continua de pé seu argumento central é que hoje é mais fácil obter e perder poder e é também mais difícil mantê-lo o poder da forma como o conhecíamos está se esfumando mesmo

mais fácil de ser conquistado tornou se mais frágil mais fraco mais transitório mais restrito o escudo que protege os poderosos agora é menos eficiente algo real nos negócios nas questões militares na política na religião no sindicalismo na mídia como o próprio autor escreve no prefácio seu propósito é examinar esse processo de degradação do poder suas causas manifestações e consequências a partir do ponto de vista dos seus efeitos não só para a pequena minoria que mais tem e que mais manda meu interesse principal é explicar o que significam essas tendências para todos nós e esquadrinhar de que maneira o mundo em que vivemos está sendo reconfigurado o fim do poder é uma obra que pode hoje sem medo de exagero ser chamado de clássico em o fim do poder moisés naím pinta um cenário que serve como advertência aos futuros lincolns da era moderna naím é um escritor corajoso que busca dissecar grandes questões de novas maneiras numa época em que se criticam os governos que excedem suas atribuições os grandes bancos os magnatas da mídia e a concentração de riqueza devido ao poder acumulado por esses 1 no topo naím sustenta que os líderes de todos os tipos políticos corporativos militares religiosos sindicais enfrentam hoje problemas maiores e mais complexos sem contar porém com a mesma força de que dispunham no passado wall street journal este livro fascinante deverá despertar um debate sobre como governar o mundo numa época em que cada vez mais pessoas estão no comando foreign affairs na minha experiência como presidente do brasil observei em primeira mão muitas das tendências que naím identifica neste livro mas ele as descreve de uma maneira ao mesmo tempo original e prazerosa de ler todos aqueles que têm poder ou desejam tê lo deveriam ler este livro fernando henrique cardoso

## **The Political Economy of International Financial Crisis**

2001

this book by a leading scholar of international relations examines the origins of the new world disorder the resurgence of russia the rise of populism in the west deep tensions in the atlantic alliance and the new strategic partnership between china and russia and asks why so many assumptions about how the world might look after the cold war liberal democratic and increasingly global have proven to be so wrong to explain this michael cox goes back to the moment of disintegration and examines what the cold war was about why the cold war ended why the experts failed to predict it and how different writers and policy makers and not just western ones have viewed the tumultuous period between 1989 when the liberal order seemed on top of the world through to the current period when confidence in the western project seems to have disappeared almost completely

## **Financial Markets and Development**

2010-12-01

the third edition of international communication examines the profound changes that have taken place and are continuing to take place at an astonishing speed in international media and communication building on the success of previous editions this book maps out the expansion of media and telecommunications corporations within the macro economic context of liberalisation deregulation and privatisation it then goes on to explore the impact of such growth on audiences in different cultural contexts and from regional national and

international perspectives each chapter contains engaging case studies which exemplify the main concepts and arguments

## The Political Economy of Violence

2010-10

this book offers new insights into the crucial role of investigative journalism at a pivotal time of technological changes and upheavals it surveys innovations and unexpected impacts of the field from past and present challenges and what may be in store for the future of the industry the book begins by exploring the increasingly investigative innovations in political and independent reporting along with a comparison of the rhetoric and reality of a so called golden era of investigative journalism in the past and the present it goes on to analyse the growth of creative and sports investigative reporting as well as the ability of contemporary conflict journalism to overcome surmounting challenges it also examines the capacity of groundbreaking investigations including data reporting to expose injustices involving women indigenous communities and other minorities in interviews with key industry and research professionals this book presents the reactions of four media experts to the crises faced by investigative journalism in a digital environment of escalating disinformation legal restrictions and popular interest in the news the book concludes by reflecting on previous and current challenges and offers insights into the prospect for investigative journalism of the future presenting unique views on the diversity resilience and transformative power of investigative journalism this book will be a valuable resource to students and scholars of journalism communication media and politics as well as professionals already operating within the field of journalism

## O Fim Do Poder – Nova Edição

2019-08

un libro para entender cómo se obtiene se usa se abusa y se pierde el poder en el siglo xxi en todo el mundo las democracias se enfrentan a un enemigo nuevo e implacable que no tiene ejército ni armada no procede de ningún país que podamos señalar en un mapa porque no viene de ahí fuera sino de aquí dentro en lugar de desafiar a las sociedades libres con la destrucción desde el exterior amenaza con corroerlas desde el interior un peligro como este es esquivo difícil de identificar de distinguir de describir todos lo notamos pero nos cuesta darle nombre se derraman ríos de tinta para definir sus elementos y características pero se nos sigue escapando nuestro deber por tanto es nombrarlo para así comprenderlo combatirlo y derrotarlo qué es este nuevo enemigo que atenta contra nuestra libertad nuestra prosperidad y hasta nuestra supervivencia como sociedades democráticas la respuesta es el poder en una forma nueva y maligna en todas las épocas ha habido una o más formas de maldad política la que estamos viviendo hoy es una variante vengativa que imita la democracia al tiempo que la socava y desprecia cualquier limitación parece que el poder haya estudiado todos los controles concebidos por las sociedades libres durante siglos para eludirlos y después contraatacar por eso puedo afirmar que estamos ante la revancha de los poderosos english description moisés naím s the revenge of power is an urgent thrilling and original book at the future of democracy it illuminates one of the most important battles of our time the future of freedom and how to gain and defeat the autocrats

power moisés naím examined power diluting forces in the revenge of power naím turns to the trends conditions and behaviors that are contributing to the concentration of power and to the clash between those forces that weaken power and those that strengthen it he concentrates on the three p s populism polarization and post truths all of which are as old as time but are combined by today s autocrats to undermine democratic life in new and frightening ways power has not changed but the way people go about gaining it and using it has been transformed the revenge of power connects the dots between global events and political tactics that when taken together show a profound and often stealthy transformation in power and politics worldwide using the best available data and insights taken from recent research in the social sciences naím reveals how on close examination the same set of strategies to consolidate power pop up again and again in places with vastly different political economic and social circumstances and offers insights about what can be done to ensure that freedom and democracy prevail the outcomes of these battles for power will determine if our future will be more autocratic or more democratic these outcomes will in turn depend on the capacity of our democracies to survive the attacks and dirty tricks of autocratic leaders bent on weakening the checks and balances that limit their power naím addresses the questions at the heart of the matter what are in practice those attacks and tricks why is power concentrating in some places while in others it is fragmenting and degrading and the big question what is the future of freedom

## The Post Cold War World

2018-12-14

un retrato del mundo que no renuncia a un futuro más optimista desde la mirada de uno de los analistas más influyentes de la actualidad a pocas personas les cabe el mundo en la cabeza cuando algo raro ocurre en venezuela ucrania en corea en alemania o en brasil me digo siempre lomismo qué pensará sobre esto moisés naím siempre da una respuesta inteligente y original héctor abad facioline incluso en estos tiempos convulsos de polarización política y crispación social el analista moisés naím es capaz de observar el mundo con su habitual perspicacia lo que nos está pasando reúne muchas de las columnas que ha publicado en prensa en españa de la mano del diario el país desde 2016 con el objetivo de ofrecer una mirada serena y analítica sobre los problemas del mundo el alcance es realmente global desde el auge de trump o bolsonaro hasta la pandemia de la covid 19 pasando por la invasión rusa de ucrania y el conflicto entre israel y palestina además texto a texto va desplegando una batería de claves necesarias para construir un futuro con mayor prosperidad libertad y justicia la crítica ha dicho otro libro original de un pensador original que ofrece una perspectiva global única sobre el populismo y el poder anne applebaum sobre la revancha de los poderosos moisés naím es un agudo observador de la realidad sociopolítica contemporánea a nadie puede extrañar que haya escrito un libro brillante sobre los riesgos a los que se enfrenta la democracia liberal manuel arias maldonado el español el fin del poder cambiará tu manera de leer las noticias tu manera de pensar en política y tu manera de mirar al mundo bill clinton en la revancha de los poderosos moisés naím uno de los observadores más agudos de la política mundial cataloga exhaustivamente las amenazas a la democracia por parte de dictadores populistas y empresas durante estos últimos años y establece paralelos perspicaces a través de ámbitos muy dispares una obra importante y oportuna frank fukuyama muchos se conforman con la versión simple y estereotipada de un suceso buenos y malos decentes e inmorales ricos y pobres quienes quieren saber más leen a moisés naím you are
