Option Trading 2019-05-19

buy the paperback version of this book and get the kindle version for free options trading for anyone who wants to get into options the first foray into options trading strategy can be extremely confusing the basic concepts of the options market are relatively simple for most people to grasp but when it comes to options strategy it's often a different story the many different approaches to trading options can confuse just about anyone most people know that options can be either bought or sold this is the most basic options trading strategy but there are far more sophisticated ways to trade options traders who know the market well use spreads to reduce the cost of the investment while maximizing the profits they make this means they combine transactions that work together to create a unified strategy by purchasing differing

types of options on the same underlying asset basics options trading strategy follows the trend that when an asset's value is predicted to rise a call option is purchased and when it is expected to fall a put option is a right choice but because markets are volatile and predictions can be complicated to make with accuracy it sometimes makes better sense to purchase both a call and a put on the same asset with different strike prices and expiration dates you can spread the odds of making a profit what you will gain in this book what you must know to master options trading advanced options trading explained learn options trading option strategy basics 5 keys to successful options trading options trading software why you should never analyze option stocks manually dangers of options trading 5 reasons why options trading is better than stock trading understanding the importance of options trading and so on a good options trading strategy means using the right combination of calls and puts at the right time to create a plan for profiting from the option in possible ways understanding when and how to use these transactions is what makes creating options trading strategy such a challenge it requires a great deal of knowledge and understanding of both the options market and the assets involved choosing the best options trading strategy is difficult unless you know what you are doing weighing and considering all of the variables involved makes it more likely your policy will succeed

The Advanced Options Trading Guide 2018-04-09
