Tunesmith

2013-04-23

webb brings his insider s knowledge experience and star power to the ultimate guide for aspiring songwriters with a combination of anecdotes meditation and advice he breaks down the creative process from beginning to end from coping with writer s block to song construction chords and even self promotion webb also gives readers a glimpse into the professional music world

Summary of Jimmy Webb's Tunesmith

2022-06-30T22:59:00Z

please note this is a companion version not the original book sample book insights 1 the truth is that most amateur songwriters do not have a chance of being heard by anyone of importance the primary factor that separates the rejected amateur songwriter from the accepted professional is that most amateurs do not regard the writing of songs as serious hard work 2 the writer s ultimate purpose is irrelevant because a good songwriter can do all of these things and even do them all at the same time the writer should be able to write a song in any genre for any purpose 3 songwriting is the process of creating songs and it is hard to define where idea and title are not virtually synonymous for example if you add the following sentence to the above example i want to write a song about someone who goes through acute mood swings you have an idea even though the song may not end up being called problem child 4 there is a technique used by all great songwriters and it is not a very difficult one to learn it involves free associating on a legal pad and then pareting down lists of cross referenced words or phrases that can be used in lyric lines

Tunesmith

1998-09-16

from the legendary pop artist who has given the american songbook an unparalleled number of unforgettable hits comes the definitive guide for aspiring songwriters

The Poetry of Pop

2017-01-01

from tin pan alley to the beatles to beyoncé mr bradley skillfully breaks down a century of standards and pop songs into their elements to reveal the interaction of craft and art in composition and performance the wall street journal encompassing a century of recorded music this pathbreaking book reveals the poetic artistry of popular songs pop songs are music first they also comprise the most widely disseminated poetic expression of our time adam bradley traces the song lyric across musical genres from early twentieth century delta blues to mid century rock n roll to today s hits george and ira gershwin s fascinating rhythm the rolling stones i can t get no satisfaction rihanna s diamonds these songs are united in their exacting attention to the craft of language and sound bradley shows that pop music is a poetry that must be heard more than read uncovering the rhythms rhymes and metaphors expressed in the singing voice at once a work of musical interpretation cultural analysis literary criticism and personal storytelling this book illustrates how words and music come together to produce compelling poetry often where we least expect it

The Cake and the Rain

2017-04-18

novelistic perfectly plotted and quite possibly the best pop star autobiography yet written the wall street journal jimmy webb s words have been sung to his music by a rich and deep roster of pop artists including glen campbell art garfunkel frank sinatra donna summer and linda ronstadt he s the only artist ever to win grammy awards for music lyrics and orchestration and his chart topping career has so far lasted fifty years most recently with a kanye west rap hit and a new classical nocturne now in his first memoir webb delivers a snapshot of his life from 1955 to 1970 from simple and sere oklahoma to fast and fantastical los angeles from the crucible of his family to the top of his longed for profession webb was a preacher s son whose father climbed off a tractor to receive his epiphany and jimmy barely out of his teen age years sank down into the driver s seat of a cobra to speed to las vegas to meet with elvis classics such as up up and away by the time i get to phoenix wichita lineman galveston the worst that could happen all i know and macarthur park were all recorded by some of the most important voices in pop before webb s twenty fifth birthday he thought it was easy the sixties were a supernova and webb was at their center whipsawed from the proverbial humble beginnings into a moneyed and manic international world of beautiful women drugs cars and planes that stew almost took him down but webb survived his passion for music and work among his lifelines the cake and the rain is a surprising and unusual book webb s talent as a writer and storyteller is here on every page his book is rich with a sense of time and place and with the voices of characters vanished and living famous and not but all intimately involved with him in his youth when life seemed nothing more than a party and webb the eternal guest of honor

The Wrecking Crew

2012-02-14

winner of the oregon book award for general nonfiction and los angeles times bestseller it makes good music sound better janet maslin in the new york times a fascinating look into the west coast recording studio scene of the 60s and the inside story of the music you heard on the radio if you always assumed the musicians you listened to were the same people you saw onstage you are in for a big surprise dusty street host of classic vinyl on sirius xm satellite radio if you were a fan

this volume is the first book length study of hooks in popular music hooks those memorable musical moments for listeners such as a riff or catchy melodic phrase are arguably the guiding principle of much modern popular music the concept of the hook involves aspects of melody rhythm harmony production lyrical and cultural meaning and how these interact within a song s topline and backing track hooks are also inherently related to the human capacities for memory and attention and interact with our previous experiences with music understanding hooks in popular music requires a new interdisciplinary approach drawing from popular music studies pop musicology and music psychology and this book draws from each of these disciplines to understand the hooks present in a broad range of popular music styles from the last thirty years

Hooks in Popular Music

2022-11-22

stairway to paradise reveals how american jewish entrepreneurs musicians and performers influenced american popular music from the late nineteenth century till the mid 1960s from blackface minstrelsy ragtime blues jazz and Broadway musicals ending with folk and rock n roll the book follows the writers and artists real and imaginative relationship with african american culture s charisma stairway to paradise discusses the artistic and occasionally ideological dialogue that these artists writers and entrepreneurs had with african american artists and culture tracing jewish immigration to the united states and the entry of jews into the entertainment and cultural industry the book allocates extensive space to the charged connection between music and politics as reflected in the jewish black alliance both in the struggle for social justice and in the music field it reveals jewish success in the music industry and the unique and sometimes problematic relationships that characterized this process as their dominance in this field became a source of blame for exploiting african american artistic and human capital alongside this the book shows how black jewish cooperation and its fragile alliance played a role in the hegemonic conflicts involving american culture during the 20th century unintentionally it influenced the process of decline of the influence of the wasp elite during the 1960s stairway to paradise fuses american history and musicology with cultural studies theories this interdisciplinary approach regarding race class and ethnicity offers an alternative view of more traditional notions regarding understanding american music s evolution

most writing about jewish education has been preoccupied with two questions what ought to be taught and what is the best way to teach it ari y kelman upends these conventional approaches by asking a different question how do people learn to engage in jewish life this book by centering learning provides an innovative way of approaching the questions that are central to jewish education specifically and to religious education more generally at the heart of jewish education is an innovative alphabetical primer of jewish educational values qualities frameworks catalysts and technologies which explore the historical ways in which jewish communities have produced and

by damian ryan understanding digital marketing marketing strategies for engaging the digital generation 3rd edition (Read Only)

transmitted knowledge the book examines the tension between jewish education and jewish studies to argue that shifting the locus of inquiry from what people ought to know to how do people learn can provide an understanding of jewish education that both draws on historical precedent and points to the future of jewish knowledge

Jewish Education

2024-04-12

the study of musical composition has been marked by a didactic technique based approach focusing on the understanding of musical language and grammar harmony counterpoint orchestration and arrangement or on generic and stylistic categories in the field of the psychology of music the study of musical composition even in the twenty first century remains a poor cousin to the literature which relates to musical perception music performance musical preferences musical memory and so on our understanding of the compositional process has in the main been informed by anecdotal after the event accounts or post hoc analyses of composition the act of musical composition studies in the creative process presents the first coherent exploration around this unique aspect of human creative activity the central threads or key themes compositional process creative thinking and problem solving are integrated by the combination of theoretical understandings of creativity with innovative empirical work

The Act of Musical Composition

2016-04-01

how music makes worship and how worship makes music in evangelical churches music is a nearly universal feature of congregational worship in american churches congregational singing is so ingrained in the experience of being at church that it is often misunderstood to be synonymous with worship for those who assume responsibility for making music for congregational use the relationship between music and worship is both promising and perilous promise in the power of musical style and collective singing to facilitate worship peril in the possibility that the experience of the music might eclipse the worship it was written to facilitate as a result those committed to making music for worship are constantly reminded of the paradox that they are writing songs for people who wish to express themselves as directly as possible to god this book shines a new light on how people who make music for worship also make worship from music based on interviews with more than 75 songwriters worship leaders and music industry executives shout to the lord maps the social dimensions of sacred practice illuminating how the producers of worship music understand the role of songs as both vehicles for and practices of faith and identity this book accounts for the human qualities of religious experience and the practice of worship and it makes a compelling case for how sometimes faith comes by hearing

we love to be entertained and today s technology makes that easier than ever listen to tunes

while working out no problem watch a movie on your cell phone can do get 450 channels of digital entertainment bounced off a satellite and into your vehicle even while traveling through empty wastelands simple but behind these experiences is a complex industry dominated by a handful of global media conglomerates whose executives exert considerable influence over the artists and projects they bankroll the processes by which products are developed and the methods they use to promote and distribute entertainment as this set shows the industries in which commerce art and technology intersect are among the most fascinating in all of business entertainment is a high stakes industry where stars are born and flame out in the blink of an eye where multimillion dollar deals are made on a daily basis and where cultural mores for better or worse are shaped and reinforced the business of entertainment lifts the curtain to show the machinery and sleight of hand behind the films tv shows music and radio programs we can't live without the business of entertainment comprises three volumes covering movies popular music and television but it's not all about stars and glitter it's as much about the nuts and bolts of daily life in the industry including the challenges of digitizing content globalization promoting stars and shows protecting intellectual property developing talent employing the latest technology and getting projects done on time and within budget challenges don't end there there's also advertising and product placement the power of reviews and reviewers the cancerous spread of piracy the battles between cable and satellite operators and the threat to both from telephone companies the backlash to promoting gangsta lifestyles and more each chapter is written by an authority in the field from noted scholars to entertainment industry professionals to critics to screenwriters to lawyers the result is a fascinating mosaic with each chapter a gem that provides insight into the industry that hands down generates more conversations on a daily basis than any other

The Business of Entertainment

2008-11-30

for theodore gracyk meaning in popular music depends as much on the context of reception and performer's intentions as on established musical and semantic practices songs are structures that serve as the scaffolding for meaning production influenced by the performance decisions of the performer and their intentions arguing against prevailing theories of meaning that ignore the power of the performance gracyk champions the contextual relevance of the performer as well as novel messaging through creative repurposing of recordings extending the philosophical insight that meaning is a function of use gracyk explains how both the performance persona and the personal life of a song's performer can contribute to or undercut ethical and political aspects of a performance or recording using carly simon's you're so vain pink floyd the emergence of the musical genre of post punk and the practice of cover versions gracyk explores the multiple sometimes contradictory notions of authenticity applied to popular music and the conditions for meaningful communication he places popular music within larger cultural contexts and examines how assigning a performance or recording to one music genre rather than another has implications for what it communicates informed by a mix of philosophy of art and philosophy of language gracyk's entertaining study of popular music constructs a theoretical basis for a philosophy of meaning for songs

Making Meaning in Popular Song
