in order to prepare the world drug report unodc relies on
member states to provide data primarily through the annual
reports questionnaire arq the arq was distributed to 192
member states and unodc received 110 replies to the drug
abuse section and 114 replies to the illicit supply of drugs
section from member states and territories in general most
countries ability to provide information on illicit drug
supply is significantly better than their ability to provide
demand related data despite commendable progress for example
in the area of prevalence estimates far more remains to be
done to provide a solid reliable basis for trend and policy
analysis the report includes in depth and cross sectoral
analyses of transnational drug markets chapter 1 as well as
the latest statistical data and trends regarding the world
drug situation chapter 2 this year the report also discusses
the impact of transnational drug trafficking on transit
