in action but if any sense is to be made of the centuries of

the message of the gospel a reality on earth but also the
ideas which have shaped the attempt century by century
must be examined this is the history of 2000 years of
thought and practice in christian pastoral ministry until
comparatively late in that story the bulk of the formative
thinking took place in the middle east and in europe and this
forms the background for recent developments in
understanding human nature and the ways in which that
understanding has influenced our thinking in pastoral care
subjects covered range from the biblical foundations to the
