Guide to SSC - CHSL (10+2) DEO, LDC & Postal/ Sorting Assistant Exam with 3 Online Practice Sets 8th Edition 1995 an environmental history of the world is a concise history from ancient to modern times of the interaction between human societies and the other forms of life that inhabit our planet this original work follows a chronological path through the history of mankind in relationship to ecosystems around the world each chapter concentrates on a general period in human history which has been characterised by large scale changes in the relationship of human societies to the biosphere and gives three case studies that illustrate the significant patterns occurring at that time little environmental or historical knowledge is assumed from the reader in this introduction to environmental history

Heritage of Western Civilization 2006 this is the first book dealing with the foreign influence on ancient india discusses the foreign invasions of india by the achaemenians greeks sakas kushans sassanians pahlavas and the hunas and also the peaceful impact of the romans on india the book advances a theory that ancient india never provided any casus belli to the foreigners to attack her it was india s weakness and an implied confidence in future victories that kept the invaders coming to india one after another but these foreigners have also influenced india in the field of administration religion philosophy astronomy language script trade and commerce and above all the way of life of the people of india which is the main subject of the book this book suggests that after the partition of this sub continent the name india which continued to be used for this country is a misnomer when the river indus after which the country was so named went to pakistan this book also finds is real nature the matrimonial alliance between seleucus and chandra gupta maurya and gives possible solutions to some riddles of indian history the origin of the name of kidar has also been discovered for the first time the book tells us in a poetic language how the golden age of the guptas was converted into a molten age of destruction and confusion by the hunas what remained of our culture after so much turmoil and changes is before us

Children's Books in Print, 2007 2006-06-01 teaching global history challenges prospective and beginning social studies teachers to formulate their own views about what is important to know in global history and why it explains how to organize the curriculum around broad social studies concepts and themes and student questions about humanity history and the contemporary world all chapters include lesson ideas a sample lesson plan with activity sheets primary source documents and helpful charts graphs photographs and maps high school students responses are woven in throughout additional material corresponding to each chapter is posted online at people.hofstra.edu alan j singer the traditional curriculum tends to highlight the western heritage and to race through epochs and regions leaving little time for an in depth exploration of concepts and historical themes for the evaluation of primary and secondary sources and for students to draw their own historical conclusions offering an alternative to such pre packaged textbook outlines and materials this text is a powerful resource for promoting thoughtful reflection and debate about what the global history curriculum should be and how to teach it
