I am the Way, Walk in Me 2013-05

what if jesus were not a supernatural being conceived by a virgin but a real human being who had experienced the awakening of consciousness known as enlightenment in the east this extraordinary line by line commentary on selected gospels from matthew and john tests the hypothesis that jesus was a mystic not a miracle worker of supernatural origin osho convincingly makes the case that the stories of jesus life were never meant to be a factual record of history but rather are teaching parables designed to provide ongoing spiritual guidance for generations to come i say unto you introduces us to a dynamic compassionate intelligent loving jesus who speaks in a plain and simple way that everyone can understand

this is not the long faced sad and tortured man often depicted down the centuries osho looks with a crystal clear perception at jesus work inviting us to see the parables and miracles as metaphors of the inner world he gives insight into jesus own search and his journeys to the ancient mystery schools of egypt kashmir and tibet that transformed him into one of the most evolved masters of the paths of love and meditation with insights that are still relevant for today s world

is the world an illusion is our universe a hologram this is a magical world all there is is you you are the magnificent reflection of all that is in the world of existence and three dimensions let us wake up from this illusion we have to realize we will leave this body one day we have to realize all of our possessions will be left behind as we depart for our next new adventure this is not a book of divine informative revelation these words do not come from heaven these writings knowledge arose in the heart through universal intuition and were written from oneself to oneself without the interference of the author s personal thoughts ego what you call i is your identity bonding yourself with your identity creates the i am ego personality this identity of yours is not actually you it is an illusory state of what you are not in reality you are not your ego identity the external world and its social parameters play a big role in

forming this ego identity you do not own anything no name no form or any image that you can call i you have not constructed or created these you do not own anything you think you can control or possess when you identify yourself with these things the things that you are not or do not own you are creating a self imposed prison for yourself and living inside of it in other words you create your ego personality in this case we have to ask the following question who am i really are you really all that you claim to own names forms and images are you only made up of body and mind when you identify with these beliefs and those of the collective world consciousness you get lost and break away from your true reality when you claim ownership of these names forms and images you create your ego personality whenever you say i am this or that you are identifying with that thing which you now claim as your own and you unify yourself with that thing if you do not identify with anything if you do not claim ownership of anything the i ceases to exist removing the i dissolving it is the ultimate freedom we seek the walls of the self imposed prison of ego personality you possessively created will fall away here in this liberated state of being the necessity for choice or decision falls away too you act just as is needed in each moment of life as it arises in the now thoughts of should i have done this or that will disappear the mind is like software running on a computer the virus that corrupts the software is the ego it is this ego personality that creates erroneous beliefs and then claims ownership of them only when this virus is removed by an antivirus program mind reveals itself in its full capacity with this cleaning up process human minds become increasingly liberated and expansively intelligent in this book knowledge of advanced life is being released into the public publishing domain for the first time this life can be described with concepts of absolute human birth of absolute humanity experiencing non existence and beyond non existence we believe through our life experience that the only way to change our individual and collective point of view is to know non existence the will behind the writing and publishing of this knowledge in the book arose in servitude

the first volume devoted to literary pirates in the nineteenth century this collection examines changes in the representation of the pirate from the beginning of the nineteenth century through the late victorian period gone were the dangerous ruffians of the eighteenth century novel and in their place emerged a set of brooding and lovable rogues as exemplified by byron s corsair as the contributors engage with acts of piracy by men and women in the literary marketplace as well as on the high seas they show that both forms were foundational in

the promotion and execution of britain s imperial ambitions linking the pirate s development as a literary figure with the history of piracy and the making of the modern state tells us much about race class and evolving gender relationships while individual chapters examine key texts like treasure island dickens s 1857 mutiny story in household words and peter pan the collection as a whole interrogates the growth of pirate myths and folklore throughout the nineteenth century and the depiction of their nautical heirs in contemporary literature and culture
