## ***THE ART OF STRATEGY 2020-04-18***

what is strategy why do you need it how do you do it and how can you be more certain to succeed the art of strategy provides timeless answers to these eternal questions it is a short introduction to strategy through the insights of three successful strategists sun tzu john boyd and simon wardley it is a modern reading of sun tzu s the art of war the strategy classic written in china around 500 bc using the lenses of boyd ooda loop inventor and wardley wardley map inventor who were both influenced by sun tzu each chapter gently transforms the art of war into a modern business setting and includes material from boyd and wardley in separate sections to complement and clarify sun tzu s terse poetic text the idea is to serve strategy in 13 short chapters requiring 5 10 minutes reading time

each an extensive glossary is included since many chinese concepts are purposefully abstract and ambiguous you will discover new thinking patterns e g ooda loops and situational awareness as well as visualization tools like wardley maps that will help you and your organization succeed together with your stakeholders you will also improve your understanding of the sometimes evil political gameplays and counter measures used by boris johnson donald trump vladimir putin and xí jìnpíng who are all inspired by sun tzu in some cases indirectly via boyd an excellent fusion of sun tzu boyd and wardley that is beautifully laid out highly readable and very straightforward in compressing the learning curve on all three mark j mcgrath chief learning officer at aglx erik schön has created a great example of boyd s snowmobile a synthesis across a variety of domains leading to new insights and capabilities i m sure every strategist business leader and entrepreneur will find valuable ideas for making their own enterprises more competitive chet richards author of certain to win the art of strategy is condensed knowledge that all managers agile coaches and other leaders should have this is three thinkers from very different contexts but as erik has put it with similarities and differences topic by topic a fourth voice appears that voice belongs to the interaction between the three narrators and it gives as much value to me as a reader as the other three voices do staffan nöteberg author of monotasking the summary and independent look on modern strategy right now markus andrezak founder and managing partner at überprodukt

## ***The Everything Guide to Selling Arts & Crafts Online 2013-09-18***

offers expert advice on selling handmade creations online covering such topics as building an online presence creating a business plan writing copy developing a marketing strategy and advertising through social media

## **THE ART OF LEADERSHIP 2022-04-04**

what is leadership why is this important how do you lead successfully the art of leadership provides timeless answers to these eternal questions it is a modern reading of lao tzu s tao te ching a guide for leaders in ancient china it is an interpretation of 81 short poetic sections on leadership people and how to succeed together in a volatile uncertain complex and ambiguous world where the rate of change will never be slower than today you will discover new perspectives on the world people and their behaviours get actionable advice on how to lead strategically and effectively and learn how to make a difference using purpose and integrity instead of pressure and control you will also improve your understanding of china chinese ways of leading and strategising since the tao te ching is deeply ingrained in chinese thinking decision making and actions a beautifully deep exploration of leadership based on a modern interpretation of my favorite chinese classic the tao te ching by lao tzu rod leaverton global strategy operations lead this is powerful this is for practical people struggling with business goals goran skugor competence manage

## ***From ASCII Art to Comic Sans 2023-09-19***

a fresh and provocative take on typography computing and popular culture viewed through four idiosyncratic typographical phenomena from the digital age from ascii art to comic sans offers an original vision of the history of typography and computing in the digital age viewed through the lens of offbeat typography we often regard text as pure information and typography as a transparent art form without meaning of its own in this richly illustrated book however karin wagner offers a fresh perspective that shows how text is always an image that conveys meaning and how typography far from being meaningless has in fact shaped modern visual and material culture in significant ways by juxtaposing four odd typographical phenomena the pedantic practice of ascii art the curious looking machine readable typefaces the blurry letters of dot matrix printers and the much maligned font comic sans wagner paints a vivid picture of how functional technologies influence popular culture when used in ways their original creators never intended design practitioners as well as fans of media graphic design type history and computer technology will enjoy this breezily sophisticated perspective on visual and digital culture spanning the material and visual aspects of typography from the 1960s to the present from ascii art to comic sans is a unique contribution to the study of popular and material culture that fills a gap in the history of typography and computing
