The Identification of Capital Transfers in the Balance of Payments

2006

the separate identification of current and capital transfers was introduced for the first time in the fifth edition of the fund's balance of payments manual manual thus harmonizing with the treatment of transfers in the 1993 system of national accounts 1993 sna capital transfers are now recorded in the capital account component of the balance of payments and include debt forgiveness migrants transfers and other transfers of which investment grants is a significant category this paper presents the criteria for defining capital transfers and provides sources and methods of compilation and examples of treatment as illustrated in the fund's balance of payments compilation guide and balance of payments textbook

Capital Transfers and Economic Policy

1971

this report describes the ways in which oecd member countries tax inheritances gifts net wealth and capital gains and examines the main policy issues in these areas

Taxation of Net Wealth, Capital Transfers and Capital Gains of Individuals

1988

between 1951 and 1962 nearly ten billion dollars in long term capital both direct investment and purchase of securities flowed into canada this massive amount represented one third of all long term capital moving among industrial nations its transfer marked the first time since before world war i that the world witnessed such a large scale international movement of capital motivated primarily by a prospect of higher rates of return in capital transfers and economic policy the authors test the theory of the causes and effects of international capital movements against the evidence drawn from canada's experience they explore canada's adjustment to capital flows and show how the operation of her economic policy is affected by the sensitivity of capital flows to the country's interest rates and foreign exchange rate their brilliant analysis is particularly valuable in light of current trends in capital flows among industrial nations and the june 1970 return of the canadian dollar to a flexible exchange rate which put the economy in a working situation similar to that of the fifties

Understanding and Planning for Capital Transfer Tax

1980

master's thesis from the year 2006 in the subject economics monetary theory and policy grade 1 6 frankfurt school of finance management language english abstract transfer risk is the risk that a non sovereign entity which is able and willing to service its foreign currency obligations cannot obtain the required currency or cannot transfer this money to the receiver abroad this transfer inability is caused by the imposition of restrictions on convertibility or capital transfers by the government transfer risk applies to all types of international investments especially in emerging market countries due to this it is more important than ever in these days of globalization the new basel capital accords require the consideration of transfer risk too the author philipp hauger describes the different types of risk occurring in international borrowings and investments the political and corporate determinants of transfer risk are examined the book illustrates the reasons why monetary unions reduce the risk of a transfer event even though they have no influence on the sovereign risk in addition the author details how transfer risk is assessed by international professionals and describes two interesting approaches to estimate transfer risk in a quantitative way this book is intended for professionals and students who are interested in the risks of international investments and for everybody working in international business who has to differentiate between sovereign risk and the risk of a corporate default

The Taxation of Net Wealth, Capital Transfers, and Capital Gains of Individuals

1988

this book is a study of the capital transfers to the united states in the nineteenth and twentieth centuries and for the latter decades of that period of the transfers from the united states to the rest of the world particularly canada the caribbean mexico and central and south america it provides a quantitative estimate of the level and industrial composition of those transfers and qualitative descriptions of the sources and uses of those funds and it attempts to assess the role of those foreign transfers on the economic development of the recipient economies in the process it describes the evolution of the american domestic capital market finally it explores the issue of domestic political response to foreign investment attempting to explain why given the obvious benefits of such investment the political reaction was so negative and so intense in latin america and in the american west but so positive in canada and the eastern united states

Revised Planning for Capital Transfer Tax

1980

third edition of monograph dealing with capital transfer tax planning

Revised Planning for Capital Transfer Tax

1977

from 2001 to 2007 remittance receipts reported in the imf s balance of payments statistics yearbook measured as global receipts of workers remittances and compensation of employees more than doubled to us 336 billion this sharp increase is linked to rising migration and labor mobility more liberal and competitive financial intermediaries and improved data recording for some countries receipts from remittances exceed receipts from the export of goods and services and from financial inflows on foreign direct investment despite the high level of interest in remittances evidence suggests that data on remittances are less reliable than are data on many other items in the balance of payments accounts emerging from the january 2005 world bank imf meeting was a consensus that a process for improving data on remittances required two steps first simplifying clarifying and expanding the definitions of remittance related items to meet the needs of data users second developing practical compilation guidance to support compilers the purpose of this publication is to promote lasting improvements in remittances data publisher s description
