

Free pdf The iron duke bobby windsor the life and times of a working class rugby hero .pdf

lions legend bobby windsor has enjoyed triumphs beyond the dreams of most international players but has also suffered personal tragedy his rugby career as the best hooker in the british isles during the second golden era of welsh rugby in the 1970s is a turbulent tale of blood and thunder on the pitch there are riotous incidents off the pitch including unscheduled fights with professional boxers revelations about illegal payments during the so called amateur era and what windsor did to upset the establishment and become blackballed by one of the most famous clubs in the world windsor s irrepressible sense of humour comes shining through on every page except when he gives chapter and verse on the personal crisis that drove him to plan suicide the iron duke is the no holds barred warts and all story of a working class welsh folk hero who rose from humble beginnings to become a permanent member of the greatest lions team in the history of rugby union in my sporting heroes one of the country s great sportsmen sir ian botham draws up his template of what he believes makes a true sporting hero botham singles out the ten qualities he believes are the basic elements in any true sportsperson bravery passion composure determination skill leadership instinct dedication humour and compassion then highlights the sportsmen and women who he believes best demonstrate each quality backing up his selection with personal anecdotes of his time spent with them or watching them in action covering a wide variety of sports and discussing admired athletes of both the past and present from ian woosnam paul gascoigne and jonathan davies to joe calzaghe lewis hamilton and andy murray my sporting heroes is a lively celebration of exactly what makes a true sporting legend from someone who knows a thing or two about it it looks like eoin madden s busiest term ever he s castlerock college s star player and he s been called up for ireland in the under 16 four nations how will he juggle sport and school work but his biggest challenge of all goes way beyond his own concerns and right to the heart of irish rugby when his oldest and best ghostly friend calls for help can eoin and his band of heroes solve their deadliest mystery yet take a dive into history with some help from rugby legends of the past divbased on a series of lectures delivered in 1840 thomas carlyle s on heroes hero worship and the heroic in history considers the creation of heroes and the ways they exert heroic leadership from the divine and prophetic odin and muhammad to the poetic dante and shakespeare to the religious luther and knox to the political cromwell and napoleon carlyle investigates the mysterious qualities that elevate humans to cultural significance by situating the text in the context of six essays by distinguished scholars that reevaluate both carlyle s work and his ideas david sorensen and brent kinser argue that carlyle s concept of heroism stresses the hero s spiritual dimension in carlyle s engagement with various heroic personalities he dislodges religiosity from religion myth from history and truth from quackery as he describes the wondrous ways in which these flowing light fountains unlock the heroic potential of ordinary human beings div historians of popular culture have recently been addressing the role of myth and now it is time that social historians of sport also examined it the contributors to this collection of essays explore the symbolic meanings that have been attached to sport in europe by considering some of the mythic heroes who have dominated the sporting landscapes of their own countries the ambition is to understand what these icons stood for in the eyes of those who watched or read about these vessels into which poured all manner of gender class and patriotic expectations this volume explores the relationship of hero to celebrity and the changing role of the hero in american culture it establishes that the nature of hero and its function in society is a communication phenomenon which has been and is being altered by the rapid advance of electronic media this book explores how british culture is negotiating heroes and heroisms in the twenty first century it posits a nexus between the heroic and the state of the nation and explores this idea through british television drama drawing on case studies including programmes such as the last kingdom spooks luther and merlin the book explores the aesthetic strategies of heroisation in television drama and contextualises the programmes within british public discourses at the time of their production original broadcasting and first reception british television drama is a cultural forum in which contemporary britain s problems wishes and cultural values are revealed and debated by revealing the tensions in contemporary notions of heroes and heroisms television drama employs the heroic as a lens through which to scrutinise contemporary british society and its responses to crisis and change looking back on the development of heroic representations in british television drama over the last twenty years this book s analyses show how heroisation in television drama reacts to and reveals

shifts in british structures of feeling in a time marked by insecurity the book is ideal for readers interested in british cultural studies studies of the heroic and popular culture byronic heroes in nineteenth century women s writing and screen adaptation charts a new chapter in the changing fortunes of a unique cultural phenomenon this book examines the afterlives of the byronic hero through the work of nineteenth century women writers and screen adaptations of their fiction it is a timely reassessment of byron s enduring legacy during the nineteenth century and beyond focusing on the charged and unstable literary dialogues between jane austen elizabeth gaskell george eliot and a romantic icon whose presence takes centre stage in recent screen adaptations of their most celebrated novels the broad interdisciplinary lens employed in this book concentrates on the conflicted rewritings of byron s poetry his heroic protagonists and the cult of byronism in nineteenth century novels from pride and prejudice to middlemarch and extends outwards to the reappearance of byronic heroes on film and in television series over the last two decades sartor resartus and on heroes hero worship and the heroic in history is a book by thomas carlyle carlyle was a scottish essayist historian and philosopher excerpt we come now to the last form of heroism that which we call kingship the commander over men he to whose will our wills are to be subordinated and loyally surrender themselves and find their welfare in doing so may be reckoned the most important of great men he is practically the summary for us of all the various figures of heroism priest teacher whatsoever of earthly or of spiritual dignity we can fancy to reside in a man embodies itself here to command over us to furnish us with constant practical teaching to tell us for the day and hour what we are to do he is called rex regulator roi our own name is still better king könning which means can ning ableman most of us are content to see ourselves as ordinary people unique in ways talented in others but still among the ranks of ordinary mortals andrew flescher probes our contented state by asking important questions how should ordinary people respond when others need our help whether the situation is a crisis or something less do we have a responsibility an obligation to go that extra mile to act above and beyond the call of duty or should we leave the braver responses to those who are somehow different than we are better somehow heroes or saints traditional approaches to ethics have suggested there is a sharp distinction between ordinary people and those called heroes and saints between duties and acts of supererogation going beyond the expected flescher seeks to undo these standard dichotomies by looking at the lives and actions of certain historical figures holocaust rescuers martin luther king jr dorothy day among others who appear to be extraordinary but were in fact ordinary people heroes saints and ordinary morality shifts the way we regard ourselves in relationship to those we admire from afar it asks us not only to admire but to emulate as well further it challenges us to actively seek the acquisition of virtue as seen in the lives of heroes and saints to learn from them a dynamic aspect of ethical behavior that goes beyond the mere avoidance of wrongdoing andrew flescher sets a stage where we need to think and act calling us to lead lives of self examination even if that should sometimes provoke discomfort he asks that we strive to emulate those we admire and therefore allow ourselves to grow morally and spiritually it is then that the individual develops a deeper altruistic sense of self a state that allows us to respond as the heroes of our own lives and therefore in the lives of others when times and circumstance demand that of us why theodore ziolkowski wonders does western literature abound with figures who experience a crucial moment of uncertainty in their actions in this highly original and engaging work he explores the significance of these unlikely heroes for literature and history from aeneas who wavered momentarily before plunging his sword into turnus s chest to hamlet orestes parzival wallenstein and others including kafka s josef k ziolkowski demonstrates that characters private uncertainty reveals a classic opposition of binary forces he describes how aeneas for example was forced to choose between the ancient code of blood vengeance and the new civic virtues of law and justice ziolkowski asserts that the indecision of the characters reflects the tensions that authors observed in their own societies drawing on the insights of hegel and freud he analyzes the ways in which these tensions represent turning points in cultural history in stark contrast to aeneas josef k temporized for a year before his executioners thrust a knife into his heart for ziolkowski the centuries separating virgil and kafka are ones in which the notion of the hero was transformed almost to the point of total inversion he sheds light on this transformation and a corresponding change in literary form during world war ii the british military dropped several dozen parachutists from palestine including three women behind enemy lines in eastern europe and the balkans these young soldiers most of whom had fled europe only a few years earlier faced a double challenge their british mission was to find pilots who had jettisoned over enemy territory and assist them in returning to allied occupied lands their zionist mission was to contact jewish communities assist them in rebuilding the local zionist movement and when necessary help their members escape from the nazis seven of the parachutists lost their lives in this effort in perfect heroes an expanded and updated english adaptation of her hebrew book giborim le mofet judith tydor baumel schwartz recounts the history of these parachutists wartime escapades and also analyzes the ways that various segments of israeli society military political legal educational youth literary and artistic used the parachutists story over the course of fifty years to build a nationalist

narrative and to promote their own partisan and at times contradictory agendas baumel schwartz also offers broader comparative discussions of how individuals were commemorated as wwii heroes and heroines in many countries in service of national mythologizing and collective memory explains the history of the arson k 9 team and the training methods used to transform an ordinary dog into a canine hero this book investigates the concept of the heroic questions what it is that makes the national hero an indispensable appendage to any possible interpretation of national identity and asks why scholars stop short before coming to terms with this elusive phenomenon it finds answers by following heroic traditions in scotland norway and lithuania from the early modern period to the twentieth century the book argues that heroic traditions prevailing trends in situating heroes in national history owe much to the early modern state both national heroes and the nation state had been conceived with a similar moral political mindset that looked for new ways to identify sources for commonality the confluence of political theory and realpolitik attested to three classical types of polities i e civitas popularis democracy regnum kingship and optatum aristocracy as found at that time in scotland norway and lithuania respectively the author shows the varied impact these patterns had on heroic traditions the long record of national heroes in scotland is explained as a vestige of the legacy of civic humanism the continuing traditions of the heroic king lines in norway are seen as a result of long standing absolutism while the belated arrival of national heroes in lithuania is excused by the country s aristocratic if at times oligarchic past this book is about the manifestations and explorations of the heroic in narrative literature since around 1800 it traces the most important stages of this representation but also includes strands that have been marginalised or silenced in a dominant masculine and higher class framework the studies include explorations of female versions of the heroic and they consider working class and ethnic perspectives the chapters in this volume each focus on a prominent conjuncture of texts histories and approaches to the heroic taken together they present an overview of the literary heroic in fiction since the late eighteenth century when rugby the teddy bear gets chewed up by his family s new puppy he needs help from a big team of healthcare heroes find out what each hero does at fuzzer s hospital to help rugby get home safe and healthy mission statement our goal when creating hospital heroes rugby s medical adventure was to teach about lesser known medical professions in a fun way some of the included professions are occupational therapy speech language pathology dietetics respiratory therapy and mental health counselor the book promotes lgbtq positivity and representation of diversity in healthcare as four star general charles q brown jr said in his interview with npr you only aspire to what you ve been exposed to sometimes we might self eliminate just because we don t think we re qualified it is extremely important for all children to see people who look like them represented as professionals with rewarding careers across all sectors we desperately need more diversity in medicine to accomplish more diversity in medical teams we need to start with creating a safe supportive workplace and professional culture we hope that one day the children who read hospital heroes rugby s medical adventure will step into their clinical rotations 18 years from now and feel confident that they are safe equipped to help patients and feel like they are exactly where they belong this holiday activity book focuses on language arts and creative writing have at you cyrus solburg is a young man who dreams of becoming a hero in a fantasy world in which heroes owe monthly dues and villains are allowed only one eclipse per fiscal quarter cyrus becomes the apprentice to sir reginald ogleby also known as the crimson slash a towering swordsman with a titanic sword and a penchant for self narrating his own battles it s up to reginald to train cyrus in the essentials of heroism so that one day at the conclusion of his first quest cyrus may become a hero second class more is afoot than the routine of training in the arts of heroic derring do however a bona fide arch villain is on the loose and this villain is particularly interested in cyrus not least because of how cyrus seems to have magic coming to him in spite of himself resulting in tremendous disruption of the magical planes entering into the fray come a wise cracking dragon a petulant gargoyle the heroes guild the army of darknesstm and a horde of cursed invisible centaurs cyrus will have to call on his friends a beautiful young cat girl and all the power of the capital letters and arbitrary numbers if he is to live to become a full fledged hero when mitchell was 10 he and his friends created an adventure game called quest mitchell played all the supporting characters quest givers and his favorite the villains while his friends played the brave heroes who thwarted them that game became the basis for hero second class mitchell is a young man with theatrical inclinations a wry sense of humor and storytelling ability well beyond his years yesterday s heroes contains all 433 medal of honor citations such as this excerpt although machinegun bullets kicked up the dirt at his heels and 88mm shels exploded within 30 yards of him pfc dutko nevertheless made his way to a point within 30 yards of the first enemy machinegun and killed both gunners with a handgrenade although the second machinegun wounded him knocking him to the ground pfc dutko regained his feet and advanced on th 88 mm gun firing his browning automatic from the hip when he came within 10 yards of this weapon he killed its 5 man crew with 1 long burst of fire wheeling on the machinegun which had wounded him pfc dutko killed the gunner and his assistant the third german machine gun fired on pfc dutko from a position 20 yards distant wounding him a

second time as he proceeded toward the enemy weapon in a half run along with the citations are official communiques from the front and newspaper accounts of various battles yesterday's heroes is a dramatic look at the courage of the American soldier in World War II Kenneth Jordan is also the author of Heroes of Our Time 239 men of the Vietnam War awarded the Medal of Honor 1964 1972 and Forgotten Heroes 131 men of the Korean War awarded the Medal of Honor 1950 1953 both titles are available from Schiffer Publishing Ltd support certain conclusions about heroes all cultures have them all cultures need them and who or what is considered heroic may vary from culture to culture this book provides a survey and stimulates the consideration of continuity and change with regard to heroes an investigation of society's heroes during any time period will reveal the personnel deemed worthy of being emulated at that particular time by that particular society there will be many old and time-tested figures sometimes with new faces and new profiles there will also be a mix of new faces thus the hero like history itself is constantly in transition and both the hero and the transition are fundamental to the study of a culture these essays turn the pantheon of heroes around before our eyes and reveal the many complicated aspects of hero worship
