

# Reading free Engineering graphics viva questions with answers Copy

although viva questions can vary they commonly focus on four aspects what the project is about what were the key findings or observations what was the process and why do the observations matter however in some cases these questions can be more diverse the purpose of the phd viva is to determine whether you as the candidate has met all of the requirements for completing your degree in this article we look at what a phd viva is with 12 example questions and tips on how to answer them this article discusses top 12 most common phd viva questions and how to answer them correctly without being baffled in front of examiners prepare answers to the most common phd viva questions with this interactive template it s free to download and it s yours to keep forever frequently asked questions for phd vivas and how to answer to them 1 tell me about yourself example 2 why did you choose this research question example 3 how did you come up with the idea for this

research example 4 what is your research s  
main area of focus example 5 here are some  
prompts and questions you might be asked and  
how you can prepare beforehand to answer them  
1 tell us about your study usually the first  
question is an opener and is asked with the  
goal of breaking the ice and getting you  
talking about your thesis listed below are  
common phd viva questions which i ve roughly  
grouped together we ll start with some higher  
level questions about your phd which should be  
quite easy and friendly then progress through  
to some more technical and potentially  
unfriendly questions what is the viva the viva  
voce shortened to viva is an oral examination  
where you are expected to defend your thesis  
and the quality of your research will be  
assessed the viva will take place usually  
within 3 months of submitting your thesis it  
is a required examination in order to achieve  
a postgraduate research degree a viva voce  
more commonly referred to as viva is an oral  
examination conducted at the end of your phd  
and is essentially the final hurdle on the  
path to a doctorate it is the period in which  
a student s knowledge and work are evaluated  
by independent examiners 17th august 2021 vive
