from its founding in 1901 through the second half of the twentieth century the fort worth section of the national council of jewish women fostered the integration of its members into the social and cultural fabric of the greater community along the way it championed important social causes including an americanization school for immigrants and literacy initiatives but by 1999 facing declining membership and according to some decreased relevance to the lives of jewish women the council s national and local leaders found themselves confronting the end of the group s existence hollace ava weiner has mined the records of this organization at both the local and national levels interviewed surviving members and examined fort worth newspapers and other local historical documents her lively and careful study reveals that the fort worth council of jewish women was in fact so successful that it prepared the way for its own obsolescence by century s end the members and the times had changed more rapidly than the council while jewish junior league focuses on a particular organization in a particular city it simultaneously serves as a case study for the exploration of important themes of women s and jewish history throughout the twentieth century

anyone who reads the papers or watches the evening news is all too familiar with how variations of the word monster are used to describe unthinkable acts of violence jeffrey dahmer timothy mcveigh and o j simpson were all monsters if we are to believe the mass media even bill clinton was depicted with the term during the monica lewinsky scandal

but why is so much energy devoted in our culture to the making of monsters why are americans so transfixed by transgression what is at stake when the exclamatory gestures of horror films pass for descriptive arguments in courtrooms ethical speech in political commentary or the bedrock of mainstream journalism in a study that is at once an analysis of popular culture a polemic on religious and secular rhetoric and an ethics of representation edward ingebretsen searches for answers at stake explores the social construction of monstrousness in public discourse tabloids television magazines sermons and popular fiction ingebretsen argues that the monster serves a moralizing function in our culture demonstrating how not to be in order to enforce prevailing standards of behavior and personal conduct the boys who shot up columbine high school for instance personify teen rebellion taken perilously too far susan smith the south carolinian who murdered her two children embodies the hazards of maternal neglect andrew cunanan who killed gianni versace among others characterizes the menace of predatory sexuality in a biblical sense monsters are not unlike omens from the gods the dreadful consequences of their actions inspire fear in our hearts and warn us by example
