**The Old-path Pulpit** 1886 dr joe h cothen who first taught how to be a pastor in equipped for good work a guide for pastors now teaches how to preach a task which lies at the very core of a pastor s work in each chapter dr cothen outlines several sample sermons and provides numerous biblical references he also draws on his more than forty years of experience as a pastor and instructor for example he relates the findings of a past student s homework assignment to look for any interesting sights or sounds in the everyday goings on of the city what the student saw was a blind man walking with his seeing eye dog when they stopped at the corner he noticed that the dog was in fact blind in one eye what the student saw would make a wonderful sermon if that blind man can trust his life to a one eyed dog surely i ought to be able to trust my life to a god who can see everything in my path throughout life such strategies capture the congregation s attention and only by maintaining the interest of the congregation is the pastor able to convey his message and his message

The Contemporary Pulpit 1885 the purpose of this book is to offer both exegetical and preaching help by means of a workable 8 step method the author s preaching model starts with the initial step of determining the genre and meaning of the text to doing word studies and discovering the main ideas of the text to applying the sermon in a life changing and christ honoring manner some books on preaching from the old testament are written by authors who do not actually preach or preach only occasionally pastors and budding preachers need a book written by someone who has knows what it is like to be a pastor and has prepared sermons every week for years

**The Twentieth Century Pulpit** 1978 the call to preach is just that a call to preach the call to preach however is more than just preaching the call to preach is a call to prepare too many pastors have refrained from preparation while they await the holy spirit to do all of the work god expects preachers to prepare sermons as much as possible and allow him to prepare the preachers join dr jerry vines and dr jim shaddix as they achieve a balanced approach to teaching sermon preparation in power in the pulpit this book combines the essential perspectives of a pastor of forty years with another pastor who also devotes daily time to training pastors in the context of theological education thus power in the pulpit is a practical preaching help from a pastoral perspective in the tradition where expository preaching is a paramount and frequent event in the life of the local church power in the pulpit is the combined work of dr vines s two earlier publications on preaching a practical guide to sermon preparation moody press 1985 and a guide to effective sermon delivery moody press 1986 dr shaddix carefully organizes and supplements the material to offer this useful resource which closes the gap between classroom theory and what a pastor experiences in his weekly sermon preparation

The Homilist; or, The pulpit for the people, conducted by D. Thomas. Vol. 1-50; 51, no. 3- ol. 63 1863 in this book scholar and preacher cleophus j larue brings together the voices of twelve of america s

most influential african american preachers each of these renowned preachers describes his or her method of sermon preparation and includes a sample sermon for illustration an excellent how to manual for pastors and students power in the pulpit both sage wisdom on the art of preaching and an inspiring look at some of the most prominent figures in the black church

*Pulpit Bible Reading* 1891 this book contains a wide selection of the sermons preached by the author all have aimed to teach only what agrees with god s word they are arranged in biblical sequence all the major themes of christian belief and conduct are considered

**Unity Pulpit** 1885 this provocative book includes a scathing refutation of the reality behind conservative christian fundamentalist morality a critical look at the limitations of liberation theology including a discussion of jim wallis s book the soul of politics and an inspiring look at morality from a revolutionary perspective this work is even more timely today as it was when it was published in 1999 bob avakian says in the prologue that from whatever vantage point one looks it is unmistakable that there is what could be called a moral crisis in america there has been to a significant degree a breakdown of traditional morality but the answer to this at least the answer that is in the interests of the majority of people in the u s and the overwhelming majority of humanity is not a more aggressive assertion of that traditional morality but winning people to a radically different morality in the process of radically transforming society and the world as a whole
