La Sacra Scrittura 1988

machiavelli and mystery of state studies the intersection of sacred and secular conceptions of kingship in the renaissance by documenting in detail six instances of the attempt to connect machiavelli s thought to an ancient and secret tradition of political counsel the arcana imperii or mysteries of state this book illuminates an important and neglected dimension of machiavelli s powerful influence on renaissance political discourse

Beyond Philosophy 2003-10-22

nel 1990 si tenne a roma il xvi congresso del i a h r che ebbe come tema la nozione di religione venne particolarmente analizzato l uso di tale termine da parte degli studiosi di lingua europea nei rapporti con le culture non europee e viceversa

Beyond Philosophy 2003

in preaching and inquisition in renaissance italy giorgio caravale draws upon the records of the roman inquisition to offer an account of the relationship between oral sermons and the spread of protestant ideas in the italian peninsula

La Sacra Scrittura in Hans Urs von Balthasar 2012

the history of the christian jewish relations is full of curious intense and occasionally tragic episodes in the dialectical development of the western monotheistic religions judaism plays the role of the thesis of the origins and background for the rise of christianity and islam with the rise of christianity judaism was progressively marginalized since it was denied the same essence and validity of christianity which grew immensely in terms of spiritual and secular power christian scholars since the middle ages looked at judaism as at the broken staff in the evolutionist line of religion to quote the insightful work of the late frank e manuel at the same time while re discovering judaism christian scholars redefined themselves and christianity as well however while christianity encompassed many sects and many nations the relatively weak diversity within judaism the religion of a single nation seemed to hinder its evolution and development while the intellectual battle was fought in a scholarly way the emergence of the christian state condemned the jews to perpetual discrimination and occasional toleration until a lay state nazi germany threatened the survival of the jewish people neutral controversial works became powerful extermination tools when used in the political arena this volume casts light on some crucial episodes in the long dialectics within the same intellectual and religious framework touching upon themes such as the conception of time future in the age of spinoza the early encounters of judaism and christianity in eighteenth century england the memory of the shoah and the political revolution present in the system of the jewish commonwealth from early to late modernity there is a history of friendship and diffidence mutual understanding and dramatic disagreements which even today largely conditions the western intellectual world

The Life of Michael Angelo Buonarroti 1857

the shroud at the court analyses the ties between the shroud and the savoy court from the fifteenth to twentieth centuries when rituals ceremonies and images made the relic an essential source of legitimacy and propaganda for the savoy dynasty

The Life of Michael Angelo Buonarroti; with Translations of Many of His Poems and Letters. Also Memoirs of Savonarola, Raphael, and Victoria Colonna 1857

the art of the emblem is a pan european phenomenon which developed in western and central europe in the early modern period it adopted meanings and motifs from antiquity and the middle ages as part of a general humanistic impulse technological developments in printing that permitted the combination of letterpress with woodblock and later copperplate images ensured that the emblem spread rapidly by way of printed collections with time emblematic ideas moved beyond europe conveying their insights and wisdom in the compact form of the book these same books came to influence artists and designers working in the decoration of buildings furniture and household items so that emblems entered personal life they infiltrated festive culture too in such environments beyond the book emblems were transported adapted and embedded in new functional contexts shaped by social political or religious conditions but also by architectural and regional art historical parameters the results of these transformations are often of an intricate and complex meaning the combination of word and image that constitutes the emblem still has resonance in contemporary art and architecture the study of emblems allows us to look back at the collaborative endeavours of creative minds of earlier times from across europe and beyond at a time when that continent is under strain and the world in general seeks to come to terms with globalization emblems allow reflection on strongly shared cultural values and connections

Dizionario Italiano Ed Inglese Di Giuseppe Baretta 1829

some of the best minds in mariology today have collaborated to produce this monumental anthology in honor of our lady and in complete fidelity to the magisterium buy this book and make a present of it to your parish priest the religious sister you know the seminarian from your diocese or the consecrated person or educated layperson at your parish it s a mariological must read especially for our priests and seminarians dr scott hahn author and professor of theology at franciscan university of steubenville

Machiavelli and Mystery of State 1992-08-28

this provocative volume one of the most important interpretive works on the philosophical thought of the renaissance has long been regarded as a classic in its field ernst cassirer here examines the changes brewing in the early stages of the renaissance tracing the interdependence of philosophy language art and science the newfound recognition of individual consciousness and the great thinkers of the period from da vinci and galileo to pico della mirandola and giordano bruno the individual and the cosmos in renaissance philosophy discusses the importance of fifteenth century philosopher nicholas cusanus the concepts of freedom and necessity and the subject object problem in renaissance thought this fluent translation of a scholarly and penetrating original leaves little impression of an attempt to show that a spirit of the age or spiritual essence of the time unifies and expresses itself in all aspects of society or culture philosophy

Dizionario Italiano, Ed Inglese: English and Italian 1829

until recently the contribution of the society of jesus to the scientific revolution remained sketchy at best as the perception of the jesuits as plodding pedagogues and obscurantists sanctioned the disregard of their activities the present volume makes an important contribution toward a more nuanced appreciation of the jesuits interaction with modernity and a far greater recognition of their contribution to the two poles of modern science the mathematization of natural philosophy and experimental science the six essays provide a cross section of the complex jesuit encounter with the mathematical sciences during the seventeenth century as well as a factor in the quandary faced by practitioners in their pursuit of science and in their ability to make their research public

Lezioni sacre sopra la divina scrittura 1719

in 1638 a small book of no more than 92 pages in octavo was published appresso gioanne calleoni under the title discourse on the state of the jews and in particular those dwelling in the illustrious city of venice it was dedicated to the doge of venice and his counsellors who are labelled lovers of truth the author of the book was a certain simone simḥa luzzatto a native of venice where he lived and died serving as rabbi for over fifty years during the course of the seventeenth century luzzatto s political thesis is simple and at the same time temerarious if not revolutionary venice can put an end to its political decline he argues by offering the jews a monopoly on overseas commercial activity this plan is highly recommendable because the jews are wellsuited for trade much more so than others such as foreigners for example the rabbi opens his argument by recalling that trade and usury are the only occupations permitted to jews within the confines of their historical situation the venetian jews became particularly skilled at trade with partners from the eastern mediterranean countries luzzatto s argument is that this talent could be put at the service of the venetian government in order to maintain or more accurately recover its political importance as an intermediary between east and west he was the first to define the role of the jews on the basis of their economic and social functions disregarding the classic categorisation of judaism s alleged privileged religious status in world history nonetheless going beyond the socio economic arguments of the book it is essential to point out luzzatto s resort to sceptical strategies in order to plead in defence of the venetian jews it is precisely his philosophical and political scepticism that makes luzzatto s texts so unique this edition aims to grant access to his works and thought to english speaking readers and scholars by approaching his texts from this point of view the editors hope to open a new path in research into jewish culture and philosophy that will enable other scholars to develop new directions and new perspectives stressing the interpenetration between jews and the surrounding christian and secular cultures

Lezioni sacre sopra la divina scrittura 1724

in beyond the inquisition originally published in an italian edition in 2007 giorgio caravale offers a fresh perspective on sixteenth century italian religious history and the religious crisis that swept across europe during that period through an intellectual biography of ambrogio catarino politi 1484 1553 caravale rethinks the problems resulting from the diffusion of protestant doctrines in renaissance italy and the catholic opposition to their advance at the same time caravale calls for a new conception of the counter reformation demonstrating that during the first half of the sixteenth century there were many alternatives to the inquisitorial model that ultimately

prevailed lancellotto politi the jurist from siena who entered the dominican order in 1517 under the name of ambrogio catarino started his career as an anti lutheran controversialist shared friendships with the italian spirituals and was frequently in conflict with his own order the main stages of his career are all illustrated with a rich array of previously published and unpublished documentation caravale s thorough analysis of politi s works actions and relationships significantly alters the traditional image of an intransigent heretic hunter and an author of fierce anti lutheran tirades in the same way the reconstruction of his role as a papal theologian and as a bishop in the first phase of the council and the reinterpretation of his battle against the spanish theologian domingo de soto and scholasticism reestablish the image of a counter reformation that was different from the one that triumphed in trent the image of an alternative that was viable but never came close to being implemented

Enciclopedia dell 'ecclesiastico 1879

in 1903 otto weininger a viennese jew who converted to protestantism published geschlecht und charakter sex and character a book in which he set out to prove the moral inferiority and character deficiency of the woman and the jew almost immediately he was acclaimed as a young genius for bringing these two elements together shortly thereafter at the age of twenty three weininger committed suicide in the room where beethoven had died weininger s sensationalized death immortalized him as an intellectual who expressed the abject misogyny and antisemitism this collection of essays many translated into english for the first time examines weininger s influence and reception in western culture particularly his impact on important writers such as ludwig wittgenstein sigmund freud franz kafka and james joyce one essay considers the ways weininger s ideas were used to further nazi ideology and several offer feminist approaches to interpreting the intersection of antisemitism and misogyny the concluding essay explores weininger s surprising role in israel s ongoing sociopolitical self definition through the bold production of joshua sobol s play the soul of a jew weininger s last night this volume s close examination of weininger s ideas and their subsequent appearance in other well known texts suggests how the legacies of prejudice affect western culture today author note nancy a harrowitzis author of antisemitism misogyny and the logic of cultural difference cesare lombroso and matilde sero and editor of tainted greatness antisemitism and cultural heroes temple barbara hyamsis lecturer with the rank of assistant professor of german at brandeis university

Extracts from Italian Prose Writers for the use of students in the London University 1828

these volumes of the documentary history of the jews in italy illustrate the history of the jews in genoa and surroundings from antiquity to the french revolution the earliest documentary evidence takes the form of letters from king theodoric for the middle ages the documentation is relatively fragmentary and sporadic later there is greater abundance of historical evidence which portrays chiefly the destinies of the jews in the republic from the sixteenth century on when the presence of the jews became permanent and a regular community was established also in the capital the historical records presented illustrate mainly the relationship between the government of the genoese republic and the jews the latter s economic activities and their communal and social life some of the detailed descriptions of the jewish population in genoa their living conditions and occupations allow for a close examination of the social conditions of this northern italian community for a while genoa became a haven of refuge for some of the exiles from spain including the historian joseph hacoen and members of the abarbanel family the volumes are provided with an extensive introduction bibliography glossary and indexes
