motherless son she thinks she s made the biggest mistake of her life merrivale hall doesn t look the slightest bit merry and the brooding earl is anything but welcoming but sarah brings light into the darkest of places pre university paper from the year 2010 in the subject english literature works grade 1 language english abstract henry james s title of his novel could not have been more allusive he writes the turn of the screw at the turn of the century when people were both excited and nervous about what to expect of the new century he gives the ghost story another turn of the screw as the tale involves a second child and even the author is at a turning point because he decided for the first time to rent an old house where he stays until his death what happens if one turns the screw does it all get worse or does giving the screw two turns produce a status that restores its former orientation certainly a turn alters something the governess in the turn of the screw wonders what happens if someone turns out to be for instance innocent and this thought is instantly followed by another what then on earth is the governess this tendency to relate everything to one s personal situation is perfectly human but problematic can one unconditionally trust one s own perception even the governess doubts this she and the ghosts will be analysed and carefully interpreted in order to understand james s narrative and the problems of human doubts and awareness in the arms of prince charming when isabel morton s desire to sing leads her from a prospective governess post to a disreputable and dangerous establishment in london she s rescued by dashing william balfour but when her savior is accused of being a party to her misfortune it s isabel s turn to save william by through all those explanations with her mother at first she had closed her heart as she thought against them but it is not so easy to close a

heart when it is suddenly melted by a touch of thaw after a frost gussy had been frozen up hard as december or even february could do it but what is frost when there comes that indescribable that subtle invisible breath which in a moment undoes what it has taken nights and days of black frost to do what a good thing it is to think that the frost which works underhand and throws its ribs across the streams and its icicles from the roofs by degrees takes days to make ice that will bear and that the sweeter influence can bring all that bondage to ruin in an hour or two gussy s heart had frozen up putting on an additional layer of ice every day but in a moment it was all gone sliding away in blocks in shapeless masses upon the irresistible flood the flood of course is all the stronger from that mass of melted stuff that sweeps into it giving an impetus to every swollen current gussy made an effort to feel as if this melting and softening had not been as if she were as she had been an hour before but what attempt could be more ineffectual frost may counterfeit a thaw on the surface when the sun shines but what thaw can counterfeit frost it was not among the things that are possible he turned round upon her suddenly at this point gussy had been very quiet she had said scarcely anything she had allowed him to go through all those explanations with her mother at first she had closed her heart as she thought against them but it is not so easy to close a heart when it is suddenly melted by a touch of thaw after a frost gussy had been frozen up hard as december or even february could do it but what is frost when there comes that indescribable that subtle invisible breath which in a moment undoes what it has taken nights and days of black frost to do what a good thing it is to think that the frost which works underhand and throws its ribs across the streams and its icicles from the roofs by degrees takes days to make ice that will bear and that the sweeter influence can bring all that bondage to ruin in an hour or two gussy s heart had frozen up putting on an additional layer of ice every day but in a moment it was all gone sliding away in blocks in shapeless masses upon the irresistible flood the flood of course is all the stronger from that mass of melted stuff that sweeps into it giving an impetus to every swollen current gussy made an effort to feel as if this melting and softening had not been as if she were as she had been an hour before but what attempt could be more ineffectual frost may counterfeit a thaw on the surface when the sun shines but what thaw can counterfeit frost it was not among the things that are possible
