## **The Criminal Brain, Second Edition 2016-08-30**

a lively up to date overview of the newest research in biosocial criminology what is the relationship between criminality and biology nineteenth century phrenologists insisted that criminality was innate inherent in the offender s brain matter while they were eventually repudiated as pseudo scientists today the pendulum has swung back both criminologists and biologists have begun to speak of a tantalizing but disturbing possibility that criminality may be inherited as a set of genetic deficits that place one at risk to commit theft violence or acts of sexual deviance but what do these new theories really assert are they as dangerous as their forerunners which the nazis and other eugenicists used to sterilize incarcerate and even execute thousands of supposed born criminals how can we prepare for a future in which leaders may propose crime control programs based on biology in this second edition of the criminal brain nicole rafter chad posick and michael rocque describe early biological theories of crime and provide a lively up to date overview of the newest research in biosocial criminology new chapters introduce the theories of the latter part of the 20th century apply and critically assess current biosocial and evolutionary theories the developments in neuro imaging and recent progressions in fields such as epigenetics and finally provide a vision for the future of criminology and crime policy from a biosocial perspective the book is a careful critical examination of each research approach and conclusion both compiling and analyzing the body of scholarship devoted to understanding the criminal brain this volume serves as a condensed accessible and contemporary exploration of biological theories of crime and their everyday relevance

## ***Introduction to Criminology 2017-02-13***

introduction to criminology why do they do it second edition by pamela j schram stephen g tibbetts offers a contemporary and integrated discussion of the key theories that help us understand crime in the 21st century with a focus on why offenders commit crimes this bestseller skillfully engages students with real world cases and examples to help students explore the fundamentals of criminology to better align with how instructors actually teach this course coverage of violent and property crimes has been integrated into the theory chapters so students can clearly understand the application of theory to criminal behavior unlike other introductory criminology textbooks the second edition discusses issues of diversity in each chapter and covers many contemporary topics that are not well represented in other texts such as feminist criminology cybercrime hate crimes white collar crime homeland security and identity theft transnational comparisons regarding crime rates and the methods other countries use to deal with crime make this edition the most universal to date and a perfect companion for those wanting to learn about criminology in context

## **Crime, Justice, and Social Control 2019-08-14**

if the first edition was an invaluable guide for students the second is well nigh indispensable i can think of no better starting point for those wanting a quick fix on any given criminological topic professor tony jefferson keele university since its initial publication in 2001 i've steadfastly kept the sage dictionary of criminology within easy reach of my desk referring to it countless times in writing articles books and lectures i've found it to be a remarkable book a comprehensive dictionary certainly but as much so a significant achievement in intellectual inquiry it may seem odd to say of a dictionary but it really is one of my favourite books the only book that can replace it on my deskside bookshelf is this second edition whose new entries confirm the editors grasp of contemporary criminology in all its excitement and complexity professor jeff ferrell texas christian university the welcome inclusion of entries on contemporary theoretical and policy concerns ranging from anti social behaviour eco crime and emotions through forensic anthropology globalisation governance and mentoring to sex crime virtual criminology and what works adds to the well established strengths of the first edition the entries all written by established scholars provide a clear concise and critical introduction to criminological concepts and constitute an invaluable resource for all criminology students and academics professor hazel croall glasgow caledonian university it is unusual for a dictionary to be interesting but this one manages to be both compelling and useful for faculty and students across a range of disciplines and orientations who are commonly interested in criminology the sage dictionary of criminology is also distinctive in providing a literally encyclopaedic compendium of information that has been carefully placed in social cultural and political contexts professor lynn chancer hunter college city university of new york the list of new entries is quite impressive once you've read them you start to wonder how come that the first edition of the sage dictionary of criminology already felt so complete dr ren van swaaningen erasmus university rotterdam thoughtful evaluations of the key concepts criminologists must think about by quality contributors who include many of the world's leading criminologists professor john braithwaite australian national university the second edition of the bestselling sage dictionary of criminology is the ultimate reference tool for students of criminology and criminal justice it provides an accessible introduction to key theories concepts and topics offering comprehensive guidance through the field the editors have brought together a group of internationally prominent academics and practitioners to produce this definitive reference and research tool each entry contains a definition of the concept or topic distinctive features offering detailed comment on the concept's origins development and general significance evaluation of those concepts considered to have greatest theoretical weight and lasting legacy associated concepts for cross referencing and mapping connections across various fields and issues key readings to enable the student to take their knowledge further the new edition contains thirty six new entries covering subjects such as anti social behaviour globalization human trafficking and

terrorism selected entries have been revised and updated this comprehensive text is the essential reference point for all students of criminology and criminal justice at all levels praise for the first edition the compilers have done criminology a tremendous service this dictionary is an invaluable resource for students and teachers and i m certain will be a key reference work for years to come professor tim newburn london school of economics great dictionaries inform intrigue and investigate mclaughlin and muncie s perceptive collection does all three the sage dictionary of criminology is wide and accessible enough to interest anyone concerned with crime the law and the panoply of issues and explanations that surround them this admirable volume will inform guide and contribute to debates in the years ahead ellis cashmore professor of culture media and sport staffordshire university author of dictionary of race and ethnic relations and co editor of dictionary of cultural theorists mclaughlin and muncie have assembled an impressive list of international contributors and have succeeded in putting together a wonderfully entertaining booke the dictionary belongs on every criminologist s bookshelf professor george mair liverpool john moores university criminal justice an international journal 2 2 the main strength of the projecte lies in its attempts at integration of a wide range of themes and theoretical perspectives under one set of covers professor john raine university of birmingham youth justice 2 1 there is a genuine international feel to the compilation as a whole e nowadays such has criminology grown it is barely possible to keep up even in a narrowly defined sub field and a new dictionary is essential anyway we will all have to read it because our students will what a relief that it is such a pleasure to do so jason ditton university of sheffield british journal of criminology 43 2
