2020-05-26

provides an overview of three key policy initiatives in fe success for all skills for life and the qualifications framework this book discusses

the implications for implementing policy within particular institutions and how change and working with staff can be managed to best achieve the intended aims of each policy

Other People's Children: What happens to those in the bottom 50% academically?

2018-04-30

in many ways education mirrors society by reflecting changing and emergent goals and values as well as by contributing to both the reproduction and production of particular life forms in the context of the formative project europe education is called upon to play an increasingly central role one that is responsive to particular images of the european union and to its aspirations and goals the widespread conviction is that education and training will re invigorate ailing economies and that in the context of globalization national and regional competitiveness will only prevail if there is a qualitative continued improvement in human capital this volume critically examines such claims considering the ways in which learning is being constructed across europe and the implications this has for notions of democratic citizenship and education

Post-16 skills

2007-08-14

this book is a helpful companion for those hoping to become nurses or midwives applications to nursing and midwifery courses are on the

rise and with limited university places available competition is high this accessible guide packed with up to date and practical information will guide you through all stages of the admissions process and maximise your likelihood of success
