bodie kane and marcus investments is the leading textbook for the graduate mba investments market it is recognized as the best blend of practical and theoretical coverage while maintaining an appropriate rigor and clear writing style its unifying theme is that security markets are nearly efficient meaning that most securities are usually priced appropriately given their risk and return attributes the text places greater emphasis on asset allocation and offers a much broader and deeper treatment of futures options and other derivative security markets than most investment texts

Exam Prep for Essentials of Investments by Bodie, Kane, & Marcus, 6th Ed.

2009-08-01

en la última década se han sucedido rápidos profundos y progresivos cambios en el sector de las inversiones debido en parte por la abundancia y los diseños de las acciones y en parte por la creación de las nuevas estrategias de negociación que hubiesen sido imposibles sin los avances informáticos y tecnologías de comunicación por necesidad el texto ha evolucionado a lo largo de los mercados financieros y por ello en esta edición los autores se han dirigido más hacia los cambios en el entorno de las inversiones al mismo tiempo los principios básicos permanecen importantes y se continúa organizando el contenido alrededor de la eficiencia de los mercados de acciones se continúa enfatizando la ventaja de la diversidad y se centra en el análisis de las inversiones este texto introducirá a los lectores en las mayores cuestiones del día a día que conciernen a todos los inversores tanto si pretende ser inversor profesional como un sofisticado inversor particular en este libro se encuentran las principales claves

Solutions Manual for Investments

Investments + Standard and Poor's Educational Version of Market Insight

2008-06-17

investments sets the standard as a graduate mba text intended primarily for courses in investment analysis the guiding principle has been to present the material in a framework that is organized by a central core of consistent fundamental principles and will introduce students to major issues currently of concern to all investors in an effort to link theory to practice the authors make their approach consistent with that of the cfa institute many features of this text make it consistent with and relevant to the cfa curriculum the common unifying theme is that security markets are nearly efficient

meaning that most securities are priced appropriately given their risk and return attributes investments is also organized around several important themes the central theme is the near informational efficiency of well developed security markets and the general awareness that competitive markets do not offer free lunches to participants a second theme is the risk return trade off also this text places great emphasis on asset allocation finally this text offers a broad and deep treatment of futures options and other derivative security markets
