## Heroic Revivals from Carlyle to Yeats

2012-08-16

by the 1920s abraham lincoln had transcended the lingering controversies of the civil war to become a secular saint honored in north and south alike for his steadfast leadership in crisis throughout the great depression and world war ii lincoln was invoked countless times as a reminder of america s strength and wisdom a commanding ideal against which weary citizens could see their own hardships in perspective but as barry schwartz reveals in abraham lincoln in the post heroic era those years represent the apogee of lincoln s prestige the decades following world war ii brought radical changes to american culture changes that led to the diminishing of all heroes lincoln not least among them as schwartz explains growing sympathy for the plight of racial minorities disenchantment with the american state the lessening of patriotism in the wake of the vietnam war and an intensifying celebration of diversity all contributed to a culture in which neither lincoln nor any single person could be a heroic symbol for all americans paradoxically however the very culture that made lincoln an object of indifference questioning criticism and even ridicule was a culture of unprecedented beneficence and inclusion where racial ethnic and religious groups treated one another more fairly and justly than ever before thus as the prestige of the great emancipator shrank his legacy of equality continued to flourish drawing on a stunning range of sources including films cartoons advertisements surveys shrine visitations public commemorations and more schwartz documents the decline of lincoln s public standing asking throughout whether there is any path back from this post heroic era can a new generation of americans embrace again their epic past including great leaders whom they know to be flawed as the 2009 lincoln bicentennial approaches readers will discover here a stirring reminder that lincoln as a man still has much to say to us about our past our present and our possible futures

first published in 1988 this book is a study of all blake's work in illuminated printing it traces in particular the development of his ideas on politics religion sexuality and the imagination there are

substantial sections on some of Blake's best known works including *The Marriage of Heaven and Hell* and *The Songs of Innocence and Experience* and full critical essays on *The Four Zoas* and *Jerusalem*. The book describes the historical contexts of Blake's work and sets it in relation to the political controversies of his age as these are reflected in the writings of Burke, Paine and Mary Wollstonecraft. It discusses the relationships of text and design in Blake, the characteristic verbal textures and rhythms of his longer poems, some influences on his thought and developing structure of his personal myth and its relationship to other mythologies. The opening chapter discusses areas of fundamental disagreement with some of the main approaches to Blake, whilst the final chapter discusses literary theory and the practice of criticism, arguing for an open and explicit involvement of personal experience and values and a more creative use of form in critical writing.

## **Best of the Sixties / Book #1**

2015-07-07

It's in the movies we see it, it's in the news we hear it, it's in the stories we tell. Every man is stirred by the heroic. From boyhood we search for heroes, starting with our fathers, but somewhere along the way all our heroes disappoint us and our attempts to be a hero fail no better, leaving us confused and unsure. Yet the heroic longing never leaves us. We want to be that heroic man, but we do not know how. Jesus does. He is the great hero of all time and he calls men to follow him. As we follow, we will quickly realize that the path is surprising. He will first lead us into a place of fear and trembling, he will lead us into death. It is our initiation as men into the new life of the heroic, but the death will be followed by a stunning resurrection. We will find out our true names before him and be given a heroic quest for his kingdom, and most importantly, we will discover the secret of true greatness: letting our lives go to serve others. In the end, we become most heroic in the silence of his presence. Here we will feel his love as he remakes us into his heroic image, uniting us to himself.
