4 step approach to writing the introduction section of a research paper the secret to writing the introduction and methods section of a manuscript how to write the background of your study 8 dos and 8 don ts of writing an engaging study background a good introduction paragraph is an essential part of any academic essay it sets up your argument and tells the reader what to expect the main goals of an introduction are to catch your reader s attention give background on your topic present your thesis statement the central point of your essay the introduction to a research paper is where you set up your topic and approach for the reader it has several key goals present your topic and get the reader interested provide background or summarize existing research position your own approach detail your specific research problem and problem statement an introduction should include three things a hook to interest the reader some background on the topic so the reader can understand it and a thesis statement that clearly and quickly summarizes your main point how to include background information how to write a thesis statement examples of essay introduction argumentative essay introduction example expository essay introduction example literary analysis essay introduction example check and revise checklist for essay introduction key takeaways frequently asked questions the introduction in a research paper is placed at the beginning to guide the reader from a broad subject area to the specific topic that your research addresses they present the following information to the reader scope the topic covered in the research paper context background of your topic it typically includes background information about the topic a review of previous research in the field and a statement of the research objectives the introduction is intended to provide the reader with a clear understanding of the research problem why it is important and how the study will contribute to existing knowledge in the field the introduction is the first section of your thesis or dissertation appearing right after the table of contents your introduction draws your reader in setting the stage for your research with a clear focus purpose and direction on a relevant topic the introduction to an academic essay will generally present an analytical question or problem and then offer an answer to that question the thesis your introduction is also your opportunity to explain to your readers what your essay is about and why they should be interested in reading it an introduction paragraph is the first paragraph of an essay paper or other type of academic writing argumentative essays book reports research papers and even personal essays are common types of writing that require an introduction paragraph it establishes the scope context and significance of the research being conducted by summarizing current understanding and background information about the topic stating the purpose of the work in the form of the research problem supported by a hypothesis or a set of questions explaining briefly the methodological approach used to examine th published march 26 2021 updated may 5 2022 introduction definition the introduction is the first interaction with the audience which helps to engage the reader provides background information to establish context and states the main claim and organization of the paper overview of an introduction background and introduction are two sections commonly found in academic papers research articles or essays the background section provides the reader with relevant information about the topic including its historical context previous research and any existing knowledge gaps an introduction is usually the first paragraph of your academic essay if you re writing a long essay you might need 2 or 3 paragraphs to introduce your topic to your reader a good introduction does 2 things gets the reader s attention the founding of the church at corinth at the end of paul s so called first missionary journey with barnabas the jerusalem council met to decide just what should be required of gentile converts acts 15 1 29 provide a background and context to the study clearly define the research problem state your research aims objectives and questions explain the significance of your study identify the limitations of your research outline the structure of your dissertation or thesis a quick sidenote definition background information identifies and describes the history and nature of a well defined research problem with reference to contextualizing existing literature 1 identify your audience determine the level of expertise of your target audience tailor the depth and complexity of your background information accordingly 2 the background of a study is the first section of the paper and establishes the context underlying the research it contains the rationale the key problem statement and a brief overview of research questions that are addressed in the rest of the paper general statement men outnumber women in stem professions both at the university level and in the workplace szelenyi inkelas 2011 thilmany 2008
