in this quiet and devastating novel about the rise of fascism siggi jepsen incarcerated as a juvenile delinquent is assigned to write a routine german lesson on the the joys of duty overfamiliar with these joys siggi sets down his life since 1943 a decade earlier when as a boy he watched his father a constable doggedly carry out orders from berlin to stop a well known expressionist artist from painting and to seize all his degenerate work soon siggi is stealing the paintings to keep them safe from his father i was trying to find out lenz says where the joys of duty could lead a people translated from the german by ernst kaiser and eithne wilkins a fine survey of how a nation came to be recognized for its military supremacy despite losing two world wars midwest book review in the decades leading up to world war ii the world was in awe of the prussian german military seeking to emulate what esteemed german military history scholar robert m citino has termed the german way of war military professionals around the globe became fluent in the tactical jargon bewegungskrieg schwerpunckt auftragstaktik fingerspitzengefühl and of course blitzkrieg at the same time german warfare would become closely associated with the bloodiest and cruelest era in the history of mankind the german wars a concise history 1859 1945 outlines the history of european warfare from the wars of german unification to the end of world war ii author michael a palmer looks at political social economic and military developments across europe and the united states during this crucial period in world history in order to demonstrate the lasting impact of the german wars on the modern age palmer has succeeded in creating an outstanding short history of the german wars that influenced the development of europe and the world in the 19th and 20th centuries it s a terrific introduction and overview of the subject armchair general a provocative look at the methods that germany used to wage war and why ultimately they failed military heritage this is an excellent book highly readable it would be an excellent addition to the library of any military historian public library university library as well as personal collection of persons with interest in european or trans atlantic history kepler s military history book reviews since the early stages of world war ii militaries in general and the u s army in particular have studied the german way of war specifically as practiced in the 20th century while acknowledging that germany and before that nation came into existence prussia produced some excellent armies major problems with the german way of war must not be ignored despite the military prowess of germany it lost both of the major wars of the 20th century the author explores the reasons why a nation with such a strong military reputation was unable to win its wars and achieve its goals he emphasizes that military power tactical and operational brilliance and victories in the field can easily be squandered if a nation has failed to set achievable goals and develop strategies to reach them this failure should not be lost on modern nations as they proceed into the 21st century in 1919 the treaty of versailles stripped germany of its overseas colonies this sudden transition to a post colonial nation left the men and women invested in german imperialism to rebuild their status on the international stage remnants of an earlier era these kolonialdeutsche colonial germans exploited any opportunities they could to recover renovate and market their understandings of german and european colonial aims in order to reestablish themselves as experts and fellow civilizers in discourses on nationalism and imperialism revenants of the german empire colonial germans imperialism and the league of nations tracks the difficulties this diverse group of colonial germans encountered while they adjusted to their new circumstances as repatriates to weimar germany or as subjects of the war s victors in the new african mandates faced with novel systems of international law colonial germans re situated their notions of imperial power and group identity to fit in a world of colonial empires that were not their own the book examines how former colonial officials settlers and colonial lobbies made use of the league of nations framework to influence diplomatic flashpoints including the naturalization controversy in southwest africa the locarno conference and the permanent mandates commission from 1927 1933 sean wempe revises standard historical portrayals of the league of nations form of international governance german participation in the league the role of interest groups in international organizations and diplomacy and liberal imperialism in analyzing colonial german investment and participation in interwar liberal internationalism the project challenges the idea of a direct continuity between germany s colonial period and the nazi era johannes janssen s magisterial history of germany at the end of the middle ages is a definitive work on the subject drawing on a vast range of sources janssen explores the economic political religious and cultural developments that shaped this pivotal period of german history the result is a richly detailed and deeply engaging portrait of a society in flux that provides invaluable insights into the forces that have shaped modern germany this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant translated into english as the winner of the geisteswissenschaften international translation prize for work in the humanities and social sciences 2015 during the great war mass killing took place on an unprecedented scale violence and the german soldier in the great war explores the practice of violence in the german army and demonstrates how he killing of enemy troops the deaths of german soldiers and their survival were entwined as the war reached its climax in 1918 german soldiers refused to continue killing in their droves and thus made an active contribution to the german defeat and ensuing revolution examining the postwar period the chapters of this book also discuss the contested issue of a brutalization of german society as a prerequisite of the nazi mass movement biographical case studies on key figures such as ernst jünger demonstrate how the killing of enemy troops by german soldiers followed a complex set of rules benjamin ziemann makes a wealth of extensive archival work available to an anglophone audience for the first time enhancing our understanding of the german army and its practices of violence during the first world war as well as the implications of this brutalization in post war germany this book provides new insights into a crucial topic for students of twentieth century german history and the first world war the final chapter of the german russian volga colonies is filled with words like starvation torture mass murders deportation siberia and genocide why one would think that after all the trouble that tsarina catherine the great went to get the germans to come to russia and after living in the volga colonies for 100 years they would be welcome forever not so the russians felt the german russians were still germans at heart and not to be trusted this book covers the increasing stranglehold that the tsarist government clamped on the volga colonies around 1860 this was the start of 81 years of russian scheming to rid russia of the german russians also covered is their deportation and life in siberia and moscow s elimination of all traces of the german russians volga colonies genocide this is my third book in a series on the german russian volga colonies see all my books at my websites volga germans com darrelkaiserbooks com the word german was being used by the romans as early as the mid first century b c to describe tribes in the eastern rhine valley nearly two thousand years later the richness and complexity of german history have faded beneath the long shadow of the country s darkest hour in world war ii now award winning historian steven ozment whom the new yorker has hailed as a splendidly readable scholar gives us the fullest portrait possible in this sweeping original and provocative history of the

being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant reprint of the original first published in 1875 it will shake up the ideas of all those who regard the staff of the nazi dominated german army as paragons of military competence the economist by the autumn of 1918 germany was on the verge of starvation the result of four years of war and blockade sailors led a revolt in wilhelmshaven on 29 october 1918 followed by the kiel mutiny in the first days of november cascading eventually to germany s capitulation and the kaiser s abdication the hohenzollern family s rule had come to an end royalty historian john van der kiste the author of the recent best selling prussian princesses here provides a full analysis of the kaiser s family heritage his leading part in the prussian militarism which in recently unified german led to a full national martial tradition simply bursting for a fight the book also tells of the vital events in later 1918 which led to the partial and then full abdication and the kaiser s pitiful escape to the neutral netherlands unwilling hosts for a somewhat unwelcome visitor the third reich also comes into play with hitler s initial ambivalent attitude and then the full floral tribute after the kaiser s death it also covers the anti hitler plotters who intended to use a hohenzollern prince as a figurehead to provide legitimacy to a post hitler germany combining text with practical exercises and discussion questions to stimulate readers this textbook covers a wide range of sociolinguistic issues relating to the german language and its role in societies around the world this accessible textbook offers students the opportunity to explore for themselves a wide range of sociolinguistic issues relating to the german language and its role in societies around the world it is written for undergraduate students who have a sound practical knowledge of german but who have little or no knowledge of linguistics or sociolinguistics it combines text with practical exercises and discussion questions to stimulate readers to think for themselves and to tackle specific problems in part one patrick stevenson invites readers to investigate and reflect on issues about the status and function of the german language in relation to its speakers and to speakers of other languages with which it comes into contact in part two the focus shifts to the forms and functions of individual features of the language this involves for example identifying features of regional speech forms analysing similarities and differences between written and spoken german or looking at the social meaning underlying different forms of address part three explores the relationship between the german language and the nature of germanness it concentrates on people s attitudes towards the language the ways in which it is changing and their views on what it represents for them this invaluable resource offers students a comprehensive overview of the german war machine that overran much of europe during world war ii with close to 300 entries on a variety of topics and a number of key primary source documents this book provides everything the reader needs to know about the german war machine that developed into the potent armed force under adolf hitler this expansive encyclopedia covers the period of the german third reich from january 1933 to the end of world war ii in europe in may 1945 dozens of entries on key battles and military campaigns military and political leaders military and intelligence organizations and social and political topics that shaped german military conduct during world war ii are followed by an illuminating epilogue that outlines why germany lost world war ii a documents section includes more than a dozen fascinating primary sources on such significant events as the tripartite pact among germany italy and japan the battle of stalingrad the normandy invasion the ardennes offensive and germany s surrender in addition six appendices provide detailed information on a variety of topics such as german aces military commanders and military medals and decorations the book ends with a chronology and a bibliography of print resources voices from the gulag draws on a wealth of available sources to tell the story of the german settlements in russia from their beginning during the reign of empress catherine the great to their accomplishments and finally their destruction under stalin it relates the harsh living conditions of the survivors in siberia and central asia under subsequent communist governments and finally with the collapse of the soviet union their return to their ancient homeland their personal stories tell of their suffering as well as their ability to overcome the hardships of the soviet union author ulrich merten was born in berlin germany and came to the united states as a small child before the second world war his family were political refugees because his father was a lawyer in the prussian ministry of the interior active in prosecuting the nazi party he was fired immediately when hitler became chancellor of germany in 1933 and sent to oranienburg concentration camp charged with high treason mr merten grew up in new york city and after the war returned to europe studying at the university of zurich switzerland and the university of zaragoza in spain he subsequently earned his ba degree at columbia college columbia university and m a at the graduate faculties columbia university in his professional life he was an international banker a senior executive of the bank of america working almost exclusively in latin america and the caribbean over a period of 38 years his book forgotten voices the expulsion of the germans from eastern europe after world war ii was published in 2012 there have been eight editions of the book including soft cover and e book editions the author lives in miami with his wife
