Serving Library Users from Asia 101-01-01 perhaps one of the most surprising if not actually unsettling things about the internet and the is that there is always something new on the horizon and that it is very difficult to see where this new technology will take us when ict was just about big computers and organisational systems it was pretty obvious where the technology was moving us we all knew about moore s law and that we were going to have greater capacity smaller and faster devices every year and during the 1990s and the first decade of the third millennium we all became used to what the internet and the had to offer but social software in the form of 2 0 is different it has put technology in the hands of people who we would never have given it a second thought a few years ago leading issues in social knowledge management contains leading edge research which addresses some of the main issues for those of us who want to use social software in a knowledge management context or who want to study it or research it there are 10 research papers as well as an introduction from david gurteen who is a leading thinker in this field

Microsoft Power Automate 101 perioperative nursing 2e has been written by local leaders in perioperative nursing and continues to deliver a contemporary practical text for australian and new zealand perioperative nurses appropriate for nursing students and graduates entering the perioperative environment perioperative nursing 2e offers a sound foundational knowledge base to underpin a perioperative nursing career this unique text will also be of value to those undertaking postgraduate perioperative studies as well as to more experienced perioperative nurses seeking to refresh their knowledge or expand their nursing practice this essential title examines the roles and responsibilities of nurses working within a perioperative environment providing an overview of key concepts in perioperative care the scope of this book addresses anaesthetic intraoperative and postanaesthetic recovery care as well as day surgery and evolving perioperative practices and environments research boxes where appropriate feature boxes on special populations such as paediatric geriatric and bariatric patients emphasis is placed on the concept of the patient journey working within interprofessional teams communication teamwork patient and staff safety risk management strategies and medico legal considerations now endorsed by acorn aligns with the 2016 acorn and pnc nzno standards reflects the latest national and international standards including the nsqhs standards the new nmba standards for practice for registered and enrolled nurses and the who surgical

safety checklist includes two new chapters the perioperative team and interdisciplinary collaboration and perioperative patient safety supporting online resources are available on evolve
