Vietnam War Diary 1998 charles delvert s diary records his career as a front line officer in the french army fighting the germans during the first world war it is one of the classic accounts of the war in french or indeed in any other language and it has not been translated into english before in precise graphic detail he sets down his wartime experiences and those of his men he describes the relentless emotional and physical strain of active service and the extraordinary courage and endurance required in battle his account is essential reading for anyone who is keen to gain a direct insight into the great war from the french soldier s point of view and it bears comparison with the best known english

and german memoirs and journals of the great war

The War Diary of a Diplomat 2016-05-24 sister the war diary of a nurse is helen boylston s famous account of life on the front lines as a us army nurse stationed in france during world war i boylston vividly recounts the long grueling hours in surgery the devastating german air raids the determination of the soldiers and her unbounded dedication to her patients her war diary is an important historical document offering rare insight into early international combat operations featuring american medical personnel

From the Marne to Verdun 2016-10-31 this is a modified version of the june 1942 commander in chief united states pacific fleet war diary this month continues the format from may the daily narrative daily distribution of operating forces current movements of naval units and war plans daily summary the last week of june is a bit of a muddle with sections missing or duplicated spruance took over as cincpac chief of staff on june 23 so this might be a byproduct of the administrative change also at this time the daily intelligence reports are included in the war diary though again this is done in a somewhat random and haphazard manner this document has been altered from the original for publishing and readability purposes individual redundant page headings have been deleted empty page space has been removed typos have been corrected and inconsistencies eliminated geographical misspellings have not been changed select words in all uppercase have been replaced with conventional lower case other than the above revisions this is the original cincpac war diary as submitted to the chief of naval operations the war diaries were compiled to chronicle the daily operations of the ships and commands of the u s navy this was done for contemporary analysis and as a historical record

Sister: The War Diary of a Nurse 2018-02-28 the first world war was an event so important so catalytic so transformative that it still hangs in the public memory and still compels the historians pen it was a conflict which by the end of the struggle had created a world unfamiliar to the one in existence before it and brought levels of destruction and loss all too unimaginable to the generation of minds which created it despite this we still find it

hard to picture what it was like to live through this war right from its start mabel goode realised that the first world war would be the biggest event to take place in her lifetime knowing this she took to recording it taking us day by day through what living in wartime britain was like the diary shows us how the war came to the home front from enrolment rationing the collapse of domestic service and growth of war work to zeppelin attacks over yorkshire and the ever mounting casualty lists above all else mabels diary captures a growing disillusionment with a lengthening war as the costs and the sacrifices mount starting with great excitement and expecting a short struggle the entries gradually give way to a more critical tone and eventually to total disengagement the blank pages marked for 1917 and 1918 are almost as informative as the fearful excitement captured at the onset of that tremendous conflict this is a strong narrative of the war easy to read mixing news with personal feelings and events often revealing gap between official news and reality also included are several poems written by mabel and a love story in the appendix giving a complete insight into the life of the diarist of note is the fact that mabel and her brothers the main serving protagonists in the diary lived in germany for some time meaning they could all speak german and knew the enemy nation as many britons did not

War Diary 2017-05-18 a korean war diary is a diary written by a
neutralist intellectual within the harsh and radically polarizing
environment of the korean war it depicts the experience of a
powerless history professor who maintained an objective and
conscientious frame of mind while enduring the agony and
frustration of the war with calm language the diary describes the
war as the author experienced it first hand depicting extreme left
vs right confrontations while revealing the author s fundamental
trust in human nature despite the horrors of the war 40 years
after the ceasefire and after the author s death the diary was
finally published in korea by a son of the author as the diary
vividly conveys the reality of the korean war and the mindset of
the polarized country and its people it has been highly regarded
by korean readers even a section of the diary was included in
school textbooks 28 years after the korean print the book is now
translated into english by the author s another son and is ready to
meet readers from all over the world the expectation hope is that
this book will provide insight into the dramatic confrontation
between communism and democracy and how people reacted to
extreme mental and physical hardship during the war
