Paul's First Missionary Journey 1989-01-01

this is a precept bible study on the book of acts which means you will be looking at the bible one verse at a time in order to understand god s word so that you can apply it to your daily life the four gospels described jesus s life and ended with his death and resurrection the book of acts continues his story after the resurrection and follows the transition from the old covenant into the new covenant where the holy spirit came to live in the heart of the believer this is a ten week study and is the second of three studies on the book of acts acts the birth of the church 12 week study acts paul s three missionary journeys 10 week study acts paul s arrest trial and imprisonment 8 week study the first study covered the first twelve chapters of the book of acts which followed the birth of the church in jerusalem and its growth into the surrounding areas outside of judea the holy spirit used ordinary people like peter barnabas paul stephen and philip to spread the good news and establish his church you will receive power when the holy spirit has come upon you and you shall be my witnesses both in jerusalem and in all judea and samaria and as far as the remotest part of the earth acts 1 8 nasb this second study begins with the church in antioch sending paul and barnabas to galatia to spread the good news of jesus christ the galatians were so hungry for the word of god they begged paul and barnabas to stay do you remember when you first accepted jesus as your savior how excited you were to read and hear the word of god that s how these galatian believers felt too after paul and barnabas returned from galatia the church in antioch sent paul on two more journeys that took him all the way to europe and back as he evangelized most of the mediterranean world paul faced opposition from kings and magicians and demons and more and was beaten and thrown in jail on numerous occasions he was harassed by judaizers who spread lies and followed him from city to city creating chaos they even hired thugs in thessalonica to give false witness against him then there were the greek philosophers who threw paul out of the athenian areopagus just for mentioning the resurrection there were heroes too such as lydia who started the first church in europe apollo who was a charismatic apologist and aquila and priscilla who were tentmakers and good friends with paul let s not forget timothy and titus

whom paul considered his spiritual sons and doctor luke who traveled with paul on most of his journeys and wrote the book of acts paul performed many miracles like bringing tabitha and eutychus back to life and healing a crippled man in lystra then there were the men who tried to buy the holy spirit s power and the seven sons of sceva who tried to cast out demons without the power of the holy spirit these men learned quickly that the holy spirit was not for sale the holy spirit is not for sale because its free to all who repent and call on the name of the lord hold on to your hat as we travel with paul and his companions on his three iconic journeys courageously planting churches and sharing the gospel throughout the mediterranean region

this is a novel about paul the apostle from birth to the end of his first missionary journey written for adults nevertheless it contains nothing unsuitable for advanced younger readers there are many books about this great man but this is something fresh and different a back story creating warm empathy with a complex man who is both anguished and admirable flawed and likeable far more than a mere character in this novel the passionate shaul benjamin of tarsus steps out of the new testament pages coming to life in a story of ambition failure and redemption the childhood formative years friendships and struggles of this driven man are all depicted in intriguing detail with lively characters believable incidents and a well researched background the book also gives insight on what might have been behind the more unusual quirks of his strong personality which shaped his outlook to life and the gospel culturally relevant and faithful to the new testament record this fictional work takes the reader on a journey of love and laughter fear and failure tears and excitement for believers and non believers alike it is enjoyable as a robust story of jewish experience and travel in the first century roman empire and the birth of a momentous new world faith

how did a first generation jewish messianic movement develop the momentum to become a dominant religious force in the western world the essays here first investigate the roots of god s mission and the mission of his people in the old testament and second temple judaism specifically in the psalms isaiah and daniel the contributions then discuss the mission of jesus and how it continued into the mission of the twelve other jewish believers in the gospels general epistles and revelation and finally into paul s ministry to the gentiles documented in the book of acts and his epistles these essays reach backward into the background of what was to become the christian mission and forward through the new testament to the continuing christian mission and missions today

a brief bible history a survey of the old and new testaments that drama was a tragedy it became a tragedy because of man s sin the wonderful poem of creation in gen ch 1 has for the refrain of its six stanzas god saw that it was good best of all was man the last and highest of god s works man made in his own image after his likeness on the sixth day when god made man god said of his work behold it was very good more than that through the kindness of god man is put in a garden and is ordered to dress it and to keep it ch 2 15 adam sees his superiority to the rest of the animal kingdom over which he is given dominion he is thus prepared to appreciate the woman as a helpmeet for him so that the unit of society may ever mean for him one man and one woman with their children adam is also warned against sin as having disobedience for its root and death as its result all this prepares us to understand the temptation the miserable fall of the woman and the man their terror shame and punishment ch 3 and we are not surprised to see the unfolding of sin in the life of their descendants beginning with cain s murder of abel and growing until god sweeps all away in a universal deluge chs 4 6

paul s adventurous journeys did not end with his 3 missionary journeys and voyage to rome after being released from house arrest paul went on a 4th journey and left us hints in his writings as to those he would see this would be his farewell tour he probably first sailed to spain then sailed to the island of crete and left titus there tit 1 5 then sailed to miletus and walked to colossae to see the brethren there and to spend time with philemon thanking him for his forgiveness of his runaway slave then he walked to ephesus and eventually sailed to philippi to come full circle in checking on everyone he wrote to while under house arrest this book completes paul s fairwell tour before he met his fate back in rome with nero the accomplishments of the apostle paul inspired me to write this book his achievements were quite remarkable and more people need to know of his tremendous contribution to the new testament this work on paul s fourth missionary journey is an excellent integration of the letters of paul s and luke s presentation of the three journeys and trip to rome leading to a lovely plausible reconstruction of a fourth missionary journey of paul it is well written and reader friendly i plan on using

note this is the black and white version of the same book in color thirteen of the 27 books in the new testament are attributed to the apostle paul he amazingly travelled over 10 000 miles in his quest to spread christianity but lost in history is that his last missionary trip between the years 64 66ad was to hispania as spain was known during roman empire times in this book dr figueroa connects a number of historical and biblical elements previously considered unrelated to the apostle paul s missionary trip to hispania he then connects them to new evidence he has uncovered to weave a new set of arguments that together present the compelling evidence that paul did in fact make his last missionary trip to hispania unfortunately upon his return to rome in the middle of the brutal persecution of christians by emperor nero he was quickly arrested and beheaded in the process of researching paul s visit to hispania dr figueroa uncovered some amazing historical facts that position hispania spain as a christian region that became just as important as rome in the early evolution of christianity for example did you know that the first christian council ever in the history of the church where strict rules and norms were published for christians to follow took place in hispania in the year 302ad these rules and norms had a lot of the same characteristics of paul s letters and they were published by the 19 bishops present in this council all of them from hispania without consulting with rome jerusalem nor any other christian region at that time these bishops felt they had the authority to publish such strict rules and norms and to do it independent of rome or jerusalem they must have been given that authority directly by one of the apostles who himself must have felt he had the independent authority to proclaim his version of what christ had instructed him the only apostle that fits this description is paul of tarsus did you also know that the bishop that emperor constantine named to preside over the council of nicaea in 325 ad considered the most important council in the history of the church was bishop osio from cordoba in hispania why would constantine choose a bishop from hispania and not the bishop of rome nor the bishop of jerusalem nor even of constantinople to preside over the council of nicaea attended by over 300 other bishops from christendom this is the council from which we get the nicene creed the statement of faith for all christians recited every day in mass and it was presided by a bishop from hispania constantine had to have felt that christianity in hispania had advanced to the most important levels of the religion and that bishop osio would have had the independent authority to strongly support his beliefs of what this new religion represented and osio s independent authority must have come from the only apostle who considered himself independent from the twelve apostles in jerusalem did you also know spain led the most important expansion of the religion in the history of christianity these and other important historical and biblical elements are presented by dr figueroa explore the remarkable evidence uncovered by dr figueroa that leave no doubt paul made hispania his last missionary trip and discover the astonishing historical findings that confirm spain s enormous influence in the evolution protection and expansion of christianity
