~~up to fifty six hours long and the life threatening consequences to patients like hundreds of his colleagues he has felt powerless to speak out knowing~~
there is no heroism in being a whistleblower in the bitter pill dr x finds himself unable to remain a silent witness here he describes the problems from within using personal experience along with that of his colleagues to highlight the day to day realities crippling the system the anonymous author makes a passionate case for change offering simple solutions that could affect change now if the will were there a cautionary picture emerges of a culture often more intent on vested interest than patients needs the bitter pill is an honest controversial and at times shocking account by a doctor who has not lost the ideals embodied within the hippocratic oath to work only for the good of my patients and who is willing to risk it all for the truth be heard
