**Teacher Adaptive Practices** 2019-03-27 debates regarding the qualities

skills and dispositions of culturally relevant teachers and teaching have raged in teacher education for several decades ladson billings 2009 the dreamkeepers successful teachers of african american children was a groundbreaking work that has become a foundational study that informs the work of culturally relevant ladson billings 2009 and culturally sustaining paris alim 2017 teaching in her book the dreamkeepers she describes effective teachers who are able to draw from the cultural wealth knowledges and heritage of black communities the dreamkeepers ensured that their black students were academically successful retained and grew both in terms of their cultural competence and their sociopolitical awareness in other words according to research by ladson billings 2009 effective teachers possessed both pedagogical and relational dispositions which leave lifelong impacts on the academic and social lives of the students they teach while being a foundational text what remains missing from the research on culturally relevant and even culturally sustaining teachers are narratives read stories testimonios etc related to how the race of particular e 12 teachers positively impact the lives of their students for instance dr antonio ellis the first editor of the proposed book describes his high school music teacher mr linard mccloud as a highly effective african american music educator who changed the course of his life p 170 ellis 2016 describes mccloud as being loving caring creative culturally sensitive attuned hopeful flexible organized and thoughtful because mr mccloud possessed the aforementioned characteristics and dispositions ellis contends that he was motivated to achieve academically and socially in his urban high school in addition according to ellis 2016 mr mccloud was a highly impactful educator because he went beyond the call of duty as a teacher a practice that is not so common in schools particularly urban ones not only did

mccloud teach in the classroom setting but he also built strong relationships with families community members and external stakeholders including local businesses colleges and universities mr mccloud used these networks to leverage opportunities for his students academically personally and professionally like many of his high school classmates ellis 2016 contends that he would not have graduated from high school if it were not for the care and mentorship he received from mr mccloud in this proposed edited volume it is the editors goal to honor teachers like mr mccloud who have made a difference in the lives of their students by learning from their impactful practices employing a critical storytelling methodology see hartlep hensley 2015 hartlep hensley braniger jennings 2017 each chapter contributor will use his or her own narrative to show the power of influential teachers in classrooms while this framework centers race lived and learned experiences the storyteller is the most important unit of narrative hence the impact of classroom practices reflections on culturally relevant teachers will include african american storytellers who reflect on the impact of classroom practices of teachers from diverse backgrounds who they deemed culturally relevant and responsive to both their academic and social needs this work will offer recommendations to pre service teachers and in service teachers who desire to leave a lasting impact on the students they teach
