la hantise du passé c'est comme le signal un poème du recueil ces moments qui me collent à la mémoire d'ailleurs les tous premiers vers du premier poème nous renvoient à la ballade des dames du temps jadis de François Villon et établissent le ton que sont ils devenus les poèmes que j'ai abandonnés de guerre lasse où sont les premiers jets les ébauches de ma jeunesse la hantise du passé est donc à la fois l'obsession de l'écriture et le retour sur l'origine le souvenir ou l'oubli n'est qu'un moment de la mémoire et l'écriture étant toujours pulsionnelle elle lutte chez Gauthier contre sa propre défectibilité

one of the distinctive features of the vichy syndrome the persistence of the memory of the vichy regime in french political and cultural life is that it has been extremely difficult for an authoritative historical discourse to impose itself why does vichy and all that the name entails fascinate and even obsess the french inflecting not only discussions of the past but of the present as well in vichy's afterlife richard j golsan explores the complexities of some of the most provocative episodes of vichy's curious persistence in france's national consciousness he argues that each of these episodes events and scandals constitutes a crossroads where history and counterhistory different or competing versions of the past encounter one another often with explosive and even destructive consequences

the authors studied in this book can be visualized as the islands that constitute an unknown fragile and trembling literary and cultural francophone archipelago the archipelago does not appear on any map in the middle of an ocean whose name we already know no francophone anthology would put these authors together as a matter of course because what connects them is a narrative grammar rather than a national origin or even a language yet their writing techniques and their apprehension of the real the ways in which they know and name the world both reflect and actively participate in our evolving perception of what gayatri spivak calls the planet the reparative in narratives argues that they repair trauma through writing one description of these awe inspiring tender and sometimes horrifying tales is that their narrators are survivors who have experienced and sometimes inflicted unspeakable acts of violence and yet ultimately despair nihilism cynicism or silence are never the consequences of their encounter with what some quickly call evil the traumatic event has not killed them and has not killed their desire to write or perform although the decidedly altered life that they live in the aftermath of the disaster forces them to become different types of storytellers they are the first person narrators of their story and their narration reinvents them as speaking subjects in turn this requires that we accept new reading pacts that pact is a temporal and geographical signature the reparative narrative needs readers prepared to accept that healing belongs to the realm of possibilities and that exposure and denunciation do not exhaust the victim's range of possibilities rosello contends that this context specific yet repeating pattern constitutes a response to the contemporary figuration of both globalized and extremely localized types of traumatic memories

j m g le clézio et la métaphore exotique propose une analyse détaillée et approfondie de l'oeuvre de j m g le clézio prix nobel de littérature 2008 la question de la métaphore exotique sert ici de fil conducteur et permet d'éclairer le corpus leclézien d'un triple point de vue textuel anthropologique et psychanalytique l'inscription problématique de l'espace et du voyage domine en effet toute la production littéraire de le clézio et cette inscription s'accompagne d'une certaine ambiguïté générique d'une part l'analyse montre que l'écriture du voyage fonctionne chez le clézio comme chez segalen comme une écriture des limites c'est à dire comme un déplacement du sujet et du sens mais d'autre part l'analyse montre que l'écriture du voyage dessine chez le clézio un rapport singulier et ambivalent à l'espace postmoderne au désenchantement du monde et à la disparition des grands mythes fondateurs

interrogeant l'acte même de la création littéraire à la fois humaniste et antidogmatique l'œuvre de J.M.G. Le Clézio se situe ainsi de façon originale dans les marges des grands mouvements littéraires du XXe et du XXIe siècle du nouveau roman des années 60 à la littérature mondiale d'aujourd'hui

## **The Haunting Past 2002-02-04**

the writing of recent history tends to be deeply marked by conflict by personal and collective struggles rooted in horrific traumas and bitter controversies frequently today's historians can find themselves researching the same events that they themselves lived through this book reflects on the concept and practices of what is called contemporary history a history of the present time and identifies special tensions in the field between knowledge and experience distance and proximity and objectivity and subjectivity henry rousso addresses the rise of contemporary history and the relations of present day societies to their past especially their legacies of political violence focusing on france germany the united kingdom and the united states he shows that for contemporary historians the recent past has become a problem to be solved no longer unfolding as a series of traditions to be respected or a set of knowledge to be transmitted and built upon history today is treated as a constant act of mourning or memory an attempt to atone historians must also negotiate with strife within this field as older scholars who may have lived through events clash with younger historians who also claim to understand the experiences ultimately the latest catastrophe shows how historians at times against their will have themselves become actors in a history still being made

after representation explores one of the major issues in holocaust studies—the intersection of memory and ethics in artistic expression particularly within literature as experts in the study of literature and culture the scholars in this collection examine the shifting cultural contexts for holocaust representation and reveal how writers—whether they write as witnesses to the holocaust or at an imaginative distance from the nazi genocide—articulate the shadowy borderline between fact and fiction between event and expression and between the condition of life endured in atrocity and the hope of a meaningful existence what imaginative literature brings to the study of the holocaust is an ability to test the limits of language and its conventions after representation moves beyond the suspicion of representation and explores the changing meaning of the holocaust for different generations audiences and contexts

since 1989 two sites of memory with respect to the deportation and persecution of jews in france and germany during the second world war have received intense public attention the vélodrome d'hiver winter velodrome in paris and the monument for the murdered jews of europe or holocaust monument in berlin why is this so both monuments the author argues are unique in the history of memorial projects although they are genuine sites of memory neither monument celebrates history but rather serve as platforms for the deliberation negotiation and promotion of social consensus over the memorial status of war crimes in france and germany the debates over these monuments indicate that it is the communication among members of the public via the mass media rather than qualities inherent in the sites themselves which transformed these sites into symbols beyond traditional conceptions of heritage and patriotism

this book is the first systematic study of the relations between german high society and the nazis it uses unpublished archival material private diaries and diplomatic documents to take us into the hidden areas of power where privileges tax breaks and stolen property were exchanged fabrice d'almeida begins by examining high society in the weimar period dominated by the old imperial aristocracy and a new republican aristocracy of government officials and wealthy businessmen it was in this group that hitler made his social debut in the early 1920s through the mediation of conservative friends and artists including the family of the composer richard wagner by the end of the 1920s he enjoyed wide support among socialites who played a significant role in his access to power in 1933 their adherence to the nazi regime and the favors they received in return continued and even grew until defeat loomed on the horizon d'almeida shows how members of german high society sought to outdo each other in showing zealous support for hitler how the old elites starting with the kaiser's sons partied alongside parvenus and how actors aristocrats ss technocrats and diplomats came together to form a strange imperial court women also played a role in this theatre of power they were persuaded that they had gained in dignity what they had lost in civil rights there emerges a fascinating and disturbing picture of a group that allowed nothing not war the plundering of europe nor the extermination of peoples to alter their cynical enjoyment of pleasures hunting regattas the opera balls dinners and tennis more than a study of a class or a chronicle this book lifts the veil that has concealed a society that used secrecy to protect itself high society in the third reich makes an important and unique contribution to the current reevaluation of the extent to which german society including german high society was responsible for hitler's accession to power and the crimes that were committed by his regime

both a political history and a moral critique of the twentieth century this is a personal and impassioned book from one of europe's most outstanding intellectuals identifying totalitarianism as the major innovation of the twentieth century tzvetan todorov examines the struggle between this system and democracy and its effects on human life and consciousness totalitarianism managed to impose itself because more than any other political system it played on people's need for the absolute it fed their hope to endow life with meaning by taking part in the construction of a paradise on earth as a result millions of people lost their lives in the name of a higher good while democracy eventually won the struggle against totalitarianism in much of the world democracy itself is not immune to the pitfall of do goodery moral correctness at home and atomic or humanitarian bombs abroad todorov explores the history of the past century not only by analyzing its spectacular political conflicts but also by offering moving profiles of several individuals who at great personal cost resisted the strictures of the communist and nazi regimes some margarete buber neumann david rousset primo levi and germaine tillon were deported to concentration camps others vasily grossman and romain gary fought courageously in world war ii all became exemplary witnesses who described with great lucidity and humanity what they had endured this book preserves the memory of the past as we move into the twenty first century arguing eloquently that we must place the past at the service of a just future

## **Our Corner of the Somme 2019-02-07**

this book takes a new look at occupied and liberated france through the dual prism of race specifically jewishness and gender core components of vichy ideology the imagining of liberation and the potential post vichy state lay at the heart of resistance strategy their transformation into policy at liberation forms the basis of an enquiry that reveals a society which

while split deeply at the political level found considerable agreement over questions of race the family and gender this is explained through a new analysis of republican assimilation which insists that gender was as important a factor as nationality or ethnicity a new concept of the long liberation provides a framework for understanding the continuing influence of the liberation in post war france where scientific planning came to the fore but whose exponents were profoundly imbued with reductive beliefs about jews and women that were familiar during vichy
