Handbook of Professional Ethics for Psychologists

2004-01-01

first published in 2004 the provision of effective career guidance has been presented as the answer to economic and social problems in young people and has been seen by governments around the world as essential in ensuring economic competitiveness and prosperity policy discussions have centred on individuals development of self managed careers within a global labour market placing employability skills above all other concerns this book goes beyond the rhetoric of careers guidance by exploring it from critical and radical standpoints the contributors question the economic underpinning that has driven social inclusion agendas around the globe arguing that career education and guidance needs to place greater emphasis on approaches that have a greater social awareness and within a global context they discuss career guidance in consideration of a range of issues including social class race and gender and raise questions about the implications for policy and practice essential reading for students researchers and academics and practitioners involved with careers education this book will help the reader to improve their practice through a greater understanding of the theories and social and economic contexts involved

How to become a successful public speaker

2018-07-10

a groundbreaking history of the big questions that dominated the nineteenth century in the early nineteenth century a new age began the age of questions in the eastern and belgian questions as much as in the slavery worker social woman and jewish questions contemporaries saw not interrogatives to be answered but problems to be solved alexis de toqueville victor hugo karl marx frederick douglass fyodor dostoevsky rosa luxemburg and adolf hitler were among the many who put their pens to the task the age of questions asks how the question form arose what trajectory it followed and why it provoked such feverish excitement for over a century was there a family resemblance between questions have they disappeared or are they on the rise again in our time in this pioneering book holly case undertakes a stunningly original analysis presenting chapter by chapter seven distinct arguments and frameworks for understanding the age she considers whether it was marked by a progressive quest for emancipation of women slaves jews laborers and others a steady inexorable march toward genocide and the final solution or a movement toward federation and the dissolution of boundaries or was it simply a farce a false frenzy dreamed up by publicists eager to sell subscriptions as the arguments clash patterns emerge and sharpen until the age reveals its full and peculiar nature turning convention on its head with meticulous and astonishingly broad scholarship the age of questions illuminates how patterns of thinking move history
